An emphatic temperance sermon was preached on the Mississippi river last Thursday night, when an overladen steamer, manned by a drunken crew, crashed into a bridge abutment, scalding and drowning several passengers.

The lovers of watermelons in Waterford county, Kentucky, who depend upon midnight raids on neighboring patches for a supply are jubilant. The County Judge of that county has ruled in a case brought before him that stealing watermelons is not larceny. He bases his decision on the fact that the melons being attached to the ground by means of the vines, are consequently only a part of the real estate and the offense is only trespass.

The excessive drought in Florida has been the means of affording rare sport to the people living in the vicinity of Sibley lake. The water has evaporated, leaving only a few holes filled with mud and slush in which the alligators have taken refuge. In fishing for the monsters, long rods with hooks on the end are thrust into the holes, and when they are seized the unlucky saurian is dragged to the bank and mercilessly dispatched with hatchets.

An English mechanic has recently obtained letters patent for an improvement in the furnaces of steam boilers. The bridging-wall is constructed with openings on the fire side, with a hollow connection with the steam or air-pipe which is led under the grate. A jet of steam driven through the pipe under the grate

draws air in with it, which is forced 1831 through the openings in the front side of the bridge-wall. The unconsumed gases are thus ignited, giving a very effective

An Associated Press dispatch of last week contains the following paragraph: "A somewhat significant event in yesterday's executive session . was a clash between Senators Cameron and Mitchell

but they have demonstrated that an alloy of aluminum and iron can be readily made which will produce a wire much snperior, to iron as a conducting medium, while it is both finer and stronger, and also less susceptible to atmospherie changes.

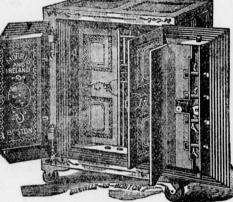

Rev. Henry Ward Beecher has retired from the editorship of the Christian Union resigning in favor of Rev. Dr. Lyman Abbott. Since the latter gentleman became assistant editor Mr. Beecher has done little for the paper. But he will still contribute articles and editorials, as time and the spirit may move him and he will take the deepest interest in the prosperity of the paper. He says: "In passing over to Mr. Abbott the whole editorial control of the Christian Union, I ought to say that for several years past he has, in fact, had the whole practical management of the paper. His industry, good judgment, Christian spirit, and his view of affairs have commanded my admiration and I have the fullest confidence that the Christian Union under his management will hereafter secure for itself increasing affection and confidence with the public."

Experiments recently made by German telegraphic engineers have proven that aluminum wire has a conductibility twice as great as iron and that it can be drawn to a much finer gauge. The great cost of the aluminum prevents its general use but they have demonstrated that an alloy

have no superior in either of the three chief divisions of FARM CROPS AND PROCESSES, HORTICULTURE & FRUIT-GROWING, LIVE STOCK AND DAIRYING, while it also includes all minor departments of rural interest, such as the Poultry Yard, Entomology, Bee-keeping, Greenhouse and Grapery, Veterinary Replies, Farm Questions and Answers, Fireside Reading, Domestic Ecomomy, and a summary of the News of the Week. Its Market Reports are unusually complete and much attention is paid to the Prospects of the Crops, as throwing light on one of the most important of all questions—When to Bny and When to Setl. It is liberally illustrated and is intended to supply, in a continually increasing degree, and in the best sense of the term, a LIVE AGRICTLTURAL NEWSPAPER.

ILL PROPERTY FOR SALB AT A BARGAIN.—In consequence of continued Luther's Mill. Oct. 12, '81.

BAKGAIN.—In coasequence of continues ill health I now offer my mill property, known as LUTHER'S MILL, in Burlington township for sale at a great bargain. The site is one of the best on Sugar Creek, and embraces about 7 acres of land on which are several dwelling houses and other buildings. The mill has always enjoyed a large custom. A practical miller can pay for the property in a short time from the profits. The property will be sold very cheap and on easy terms.
