A fund amounting to \$400 has been raised in Bradford county toward building a soldiers' monument. Several unsuccessful attempts have been made in this county to start a fund for the same purpose.—*Agitator.*

We learn that the S. L. & S. R. R. Co. are surveying for an extension of their track from Monroeton to this place. Their business has increased very largely and the single track of the Barclay road is inadequate to the demands of both Companies.

In washing dishes use milk instead of soap. Fill a dish pan full of hot water and add half a cup of milk. It softens the hardest water, gives the dishes a clear, bright look, and preserves the hands from the rough skin or chapping which comes from using soap. It cleans the greasiest dishes without leaving the water covered with scum.

An old farmer in Bradford county put a quantity of gunpowder in the stove in the "spare room" last summer for safe keeping. The old woman started a fire in that stove one cold morning recently, and very shortly there was a pyrotechnic display not on the bills. The cautious farmer is now almost heart broken because he is obliged to buy a new stove.—*Wellsborough Agitator.*

The Scientific Society connected with the Susquehanna Collegiate Institute, will celebrate its second anniversary at the Institute building, Friday evening. The programme will consist of essays and music. Probably Hon. E. L. HILLIS will be present to give some select readings. After the entertainment, refreshments will be served. Proceeds will be for increasing the library. All are invited.

Prof. E. C. ELDREDGE, of Elmira Female College, proposes to organize a class in Oil Painting in Towanda, if a sufficient number desire to take lessons to warrant his coming. Prof. ELDREDGE is a graduate of the American Academy of Designs, of New York city, has pursued his studies in Europe for two years, and now holds the position of instructor in art in the Elmira Female College. This will be a rare chance to those desiring to receive instruction from a teacher of high order. For terms, or other particulars, address, or call upon E. E. QUINLAN, Susq. Col. Inst.

\$60,000 SAVED.—As a matter of economy in 1877 the Philadelphia and Reading and the Lehigh Valley Railroad Companies decided to dispense with the men who were employed to wipe engines. The Reading Company went still further and painted many of its engines a very dark brown color that time might not be employed in burnishing the brass work. Mr. GOWEN claimed that dispensing with the cleaners saved him \$60,000 in one year. It was found that the injury to the machinery by this neglect, and the delay in moving trains owing to the tracks becoming greasy from the engines made the loss really amount to more than \$60,000, and the wipers were again employed, the Reading Company putting on a greatly reduced force, while the Lehigh Valley Company, about two weeks ago, put on the same force they removed.—*Catawissa Item.*

NEW PAPERS.—We have received during the past week a copy of the *Register*, a neat little paper somewhat smaller than the REVIEW, just established in Troy by FRANK LOOMIS, who has been engaged in job printing for some time. ALBERT MORGAN is the editor. Though *petite* it is newsy and we doubt not will grow in size as it advances in years. Success to it.

The *Daily Review*, Waverly, N. Y., is another new venture in the newspaper world, which starts off well. Brother WALES has lots of energy and enterprise, and deserves success. The paper is neatly printed and contains all the important news both telegraphic and local.

The *Sunday Tidings* is the title of a new paper to be issued next Sunday for the first time, by BRIGGS & COPELAND, Elmira. The former is business manager, and the latter one of the editors of the *Advertiser*. There are too many trashy, sensational Sunday papers already.

BRADFORD COUNTY TEACHERS' ASSOCIATION.—The next meeting of the Bradford County Teachers' Association will be held at Monroeton, November 11th and 12th, commencing at 10 o'clock a. m. The following program of exercises will be presented:

Address—Rev. C. T. Hollowell.
School Etiquette—A. D. Albert.
School Examinations etc.—W. H. Benedict
Composition Writing, etc.—C. W. Sheldon
The Globe in the School-room—E. A. Thompson.

Participles and Infinitives—A. F. Bronson.
Square and Cube Root—J. C. Ingham.
Oral Geography—Miss F. DeLano.
Class Drill—Miss L. Magill.

QUESTIONS FOR GENERAL DISCUSSION.

1. What can be done to induce Directors and Patrons to give more help to teachers?
2. What suggestions have teachers to offer in regard to the County Institute?
3. What can be done to make the work of our Common schools more practical than it at present seems to be?
4. Is the practice of giving reward cards and other prizes as incentives to pupils a wise and commendable one?
5. Is any change from the present mode of examining and licensing teachers advisable?

The exercises will be interspersed with music, and by declamation or recitations by Frank Lyon, Julia S. Hawes, May Alden Hattie Vangorder, Mary Bowman, Lottie Payne, and Hallie Dodge.

The committee on entertainment, arrangements, etc., are Dr. O. H. Rockwell, L. L. Lyon, M. A. Cranmer, John Bockwell, Mrs. Daniel Huntly, Mrs. Dr. Hull, Miss Mary Satterlee and Miss Stella Vangorder.

This being the annual meeting the Association will elect officers for the coming year. It is hoped that there will be a large turn out of teachers and friends.

E. T. BURGAN, President.
H. C. GREEN, Secretary.
