It was resolved to hold the next meeting in Towanda in February.

Grange adjourned at 5 p. m. for supper. After partaking of the bountiful repasts and generous hospitalities of our Spring Hill friends who used their best endeavors to make our visit with them pleasant, and I can assure you they did not fail in their efforts, we reassembled in open session at 8:10 p. m. Meeting opened with music by the Spring Hill Band.

Committee on resolutions report as follows:

Since the last meeting of this Pomona Grange, Brother John B. Smith of Oscaluwa Grange, one of the most active and useful members of our Order, has finished his earthly labors and been called by the Great Master to the reward which awaits the faithful laborer in his vineyard, even life everlasting at His right hand. In his life our brother fully exemplified the beneficent teachings of the Grange; was an upright citizen and worthy Christian gentleman; "the noblest work of God—an honest man." Though dead he yet speaks, and the good example he has left and by the Christian influence he exerted during his long and blameless life. The very highest tribute we can accord to his memory is to resolve, as members, to emulate his virtues.

We extend to the stricken family of our deceased brother, our hearty condolence in their great bereavement.

The members of this Pomona Grange have learned with unfeigned sorrow of the affliction which our Heavenly Master, in his inscrutable wisdom, has permitted to befall our Worthy Chaplain, B. F. Bowman and wife in the death of one child and the serious illness of the other. While deeply sympathizing with Brother and Sister Bowman, we would point them to the Great Physician, with whom are the issues of life and death; and will disclose some wise purpose in this bereavement, for he never "willingly grieves or afflicts his children." Our earnest prayer is, that the suffering ones may be speedily restored to health if it be the Master's will, to serve Him and bless their parents.

Resolved, That the elements of the science of agriculture should be taught by text books or in oral lessons in our rural common schools and that the school law should be so amended as to require teachers expecting to teach in farming communities to be examined in the above science.

2d. Since education is one of the prominent features of the grange, that it is the duty of each subordinate grange to interest itself in the character, qualifications and experience of the teacher employed to teach in its vicinity, to the end that our children be educated to be good and loyal citizens, efficient men and influential and successful farmers.

3d. That the Worthy Master appoint at least two persons, to open discussions on some agricultural subject at each meeting; that after each opening address on the subject chosen, the discussion to be thrown open to the Grange, and that the names of the persons appointed, together with the subject, be advertised in the call for the meeting.

4th. That each subordinate Grange be requested to send by its delegate one resolution to each meeting of the Pomona Grange, for discussion.

5th. That in view of the enormous quantity of local and through freight, and the heavy of the exorbitant rates charged by the N. Y. & Pa. Canal and R. R. Co. for transportation of coal and other freight, our representative in Congress be requested to use his influence to secure an appropriation to make the Susquehanna navigable from the Ches-

apeake to the N. Y. State line, if a survey makes the project feasible.

6th. That the dairy interest is one of sufficient importance to warrant the closest investigation in regard to the most profitable breeds of stock, the most economic modes of feeding and the most efficient way of manufacturing its products.

7th. That our thanks are due and are hereby extended to the good people of Spring Hill for their generous entertainment, to the trustees of the church for the use of their commodious edifice, and to the Spring Hill Cornet Band for the excellent music furnished.

Motion that the resolutions be taken up and discussed in sections.

Carried.

The resolutions were all carried after discussion.

Discussed by E. E. Quinlan, W. H. Smith, E. J. Ayres, Sumner, and others. After which was music by the Band, Then a declamation by Miss Nellie Cole. "Curfew must not ring to night." After some discussion on various topics we was favored with another declamation by Miss Nellie Cole, "The Smack in School." Then we listened to music by the Band and at 10 p. m. we adjourned to meet in the morning at 9 a. m.

Grange opened in the usual form at 9 a. m. when Bros. H. F. Hendrick and R. Terrill and Sister Ella Mott of Pomona Grange No. 7, of Susquehanna Co., Pa., favored us with splendid music for which they had the thanks of the Grange.

The following brothers were elected as Executive Committee for the ensuing year: A. B. Cass, Wysauking; V. S. Laudon, West Granville; Levi Wells, Spring Hill.

The question of agricultural implements, plows, harrows, rakes, etc., was taken up and discussed at some length.

The discussion on plows was quite spirited. The "Wiard," "Syracuse," and "Oliver" all had their friends. Also the "Bailey Plow," manufactured at LeRaysville; and by the way, I am of the opinion that the Bailey Plow is about as good as any of those discussed, as it is in more general use and is well liked and its price is in reason.

The discussion on plows, etc., was by W. H. Smith, D. Ackley, D. O. Hollon, Wm. Snyder, — Shumway, E. J. Ayres, — Butts, J. O. Alger, and others.

Dairying, the mode of feeding, care of cows, etc., was discussed at some length.

After which we were instructed in the unwritten work of the order by Bro. J. O. Alger, our County Deputy.

Meeting adjourned at 12 m. to meet as above.

DWIGHT KELLUM, Sec'y.
