While janitor SHELPS was engaged in arranging the Presbyterian Church for service Thursday morning, one of the ladies who were decorating the pulpit discovered smoke emerging from one of the registers. The janitor's attention was called to it, and on going to the basement, he discovered that a wooden partition near the heater was on fire. It was extinguished by Mr SHELPS without giving an alarm. It was fortunate the fire was discovered and the threatened danger averted before the congregation had assembled, otherwise a panic might have resulted.

WHAT REGISTERED LETTERS ARE.—An exchange says: "That question is very often asked: What is the difference between a registered letter and any other? The difference is that a registered letter does not go in the mail proper. It passes from hand to hand outside the mail pouches, every person through whose hands it passes being required to sign a receipt for it on passing it over to the next transit.

The person holding the last receipt is thus always able to show who is accountable for its loss. The responsibility rests on the man who has signed a receipt for the registered package, and who is not able to produce the package or a receipt from somebody else for it. The safest way to send money is by money order. Where it does not go to money order office, it should always be sent in a registered letter. Money ought not to be sent in an ordinary letter under any circumstances. There is no possible way of tracking such a letter."

LADIES BENEVOLENT ASSOCIATION.—The Ladies Benevolent Association will meet on Wednesday afternoon, November 30th, at the usual place.

The commencement of our winter's work has been delayed this year by an empty treasury and lack of material for clothing. So it has been necessary to defer our meeting until after the Thanksgiving collections, in order to ascertain whether the people of Towanda wish to continue this work of charity or not.

During the ten years of its existence this society has been generously sustained and has done an amount of good that we cannot measure; but last spring our appeal for funds was only responded to by one donation than did not come from working members of the Association; and it is feared that a misapprehension exists in regard to the need of this organization since the opening of the County House. Indeed it has been frequently remarked: "We will not need the Benevolent Society when we have the Poor House." But our object and work have been to support paupers, only to render temporary assistance to those who are able and willing to support themselves—but who by sickness or other misfortune are placed in circumstances where a little timely aid from those more fortunate will alleviate their suffering, and give courage to some in a dark hour.

The greatest care is always used in giving aid and rarely have our visitors been imposed upon, and with such delicacy and tact have our ladies worked, that sometimes even the recipients have never known from what source the much needed help came.

Surely the people of Towanda will never allow this good work to die for the lack of funds!

"He that hath pity upon the poor lendeth unto the Lord; and that which he hath given will he pay him again." We can ask no better security; let us make the investment. By order of PRESIDENT OF ASSOCIATION.
