Don't fail to go to JOHN SULLIVAN'S on Bridge street, for the best five cent cigar.

The M. E. Church Sociable will meet Wednesday evening, at the house of JOHN WILBOR, on Main Street, above Chestnut.

The expression "ever so much obliged," so commonly used by society, means, "Thanks, I expected you to do this thing and if you hadn't done it you would have been a mean beast."

A strong friend of St Jacob's Oil is H. T. Duncan, Esq., of the Lexington (Ky.) Press. He says: A short time since St. Jacob's Oil was prescribed in my own family by a regular physician, and it was used with the most satisfactory results, as usual.

Some lady of this place should take the agency for that popular and useful book, "practical House-keeping," issued by Buckeye Publishing Co., Minneapolis, Minn. Every housekeeper needs a copy. Address the publishers for terms. Commissions large.

There is a report, which is generally accepted, that the Erie has purchased the Tioga Railroad and Bloss mines. Vanderbilt has had his eye on the mines and the Lackawanna road, but the Erie has obtained the majority of the stock by purchase of F. N. DRAKE.

Prof. DANELLE will proceed with his classes in the Means Hall. Lessons every Thursday at 4 1-2 and 7 1-2 o'clock, for beginners, and from 8 1-2 till 11, an assembly for all. Those not pupils, 50c per couple to the assemblies. I am prepared to give the same unprecedented satisfaction in my teaching that I did last year. Towanda abounds in evidences of my superior skill as a teacher.

When there is a lack of warm clothing there is also a drain from the vital energies which tends to break down the health, and this sometimes takes place when the victim has such a good constitution and such excellent health, as to be able to bear with impunity almost any neglect and exposure. I know of women who wear thin cotton stockings all winter, and who say that they do not need anything warmer in-doors, but these are not healthy women, and I doubt if their supposed "feelings" correctly indicate the body's needs. Those who dislike the feeling of wool in contact with the skin (and I think that this is much according to habit or use), can wear a thin pair of cotton stockings under woolen ones, which is better for warmth than two pair of cotton stockings.

*Nourishing Food, Pure Air, Plentiful Sleep, and Happy Exercise*, are all essential to perfect health. Nutritious food is necessary for good blood, and this cannot be pure, unless clean, fresh air be bountifully supplied. Growth and repair cannot go on properly without the entire rest of healthy, unforced sleep, and exercise of both body and brain is necessary to the health and strength of each.—*American Agriculturist for December.*

When one of the Erie trains going west stopped at Greenwood in Orange county, last Friday evening. Engineer SAMUEL WALKER went out to oil his locomotive. When he got to the head of the engine he discovered a woman lying on the forward bumper, close under the boiler head, sensible, moaning and talking about her children. Engineer WALKER was considerably surprised when he heard the woman's story. She said her name was MARGARET, wife of JOHN CROLY; that she lived on Spring street, Paterson; that she had been out drinking with a friend, and that in crossing the track was picked up by the engine. It thus appeared that the woman had rode twenty-seven or twenty-eight miles in this position. Her escape from instant death when she was struck by the locomotive was remarkable, but the wonder is increased that she could ride so far, in a partially insensible and drunken condition, without rolling off the engine. The woman was taken to Munro, where, on examination it was ascertained that she was only slightly injured, the wounds consisting of scalp cuts and bruises mainly about the head. She had suffered more from the intense cold than from any other cause.

**LADIES BENEVOLENT ASSOCIATION.**—The Ladies Benevolent Association will meet on Wednesday afternoon, November 30th, at the usual place.

The commencement of our winter's work has been delayed this year by an empty treasury and lack of material for clothing. So it has been necessary to defer our meeting until after the Thanksgiving collections, in order to ascertain whether the people of Towanda wish to continue this work of charity or not.

During the ten years of its existence this society has been generously sustained and has done an amount of good that we cannot measure; but last spring our appeal for funds was only responded to by one donation than did not come from working members of the Association; and it is feared that a misapprehension exists in regard to the need of this organization since the opening of the County House. Indeed it has been frequently remarked: "We will not need the Benevolent Society when we have the Poor House." But our object and work have been to support paupers, only to render temporary assistance to those who are able and willing to support themselves—but who by sickness or other misfortune are placed in circumstances where a little timely aid from those more fortunate will alleviate their suffering, and give courage to some in a dark hour.

The greatest care is always used in giving aid and rarely have our visitors been imposed upon, and with such delicacy and tact have our ladies worked, that sometimes even the recipients have never known from what source the much needed help came.

Surely the people of Towanda will never allow this good work to die for the lack of funds!

"He that hath pity upon the poor lendeth unto the Lord; and that which he hath given will he pay him again." We can ask no better security; let us make the investment. By order of **PRESIDENT OF ASSOCIATION.**
