PROSPECTUS.—"Of making many books there is no end," and the multiplication of newspapers is the popular source of educating the people. We are aware that the idea is quite prevalent that Bradford County has too many papers, but with the large number not one is wholly devoted to the interest of the great producing class—the agriculturalists—and at the urgent solicitation of some of the best practical farmers in the county, we have decided to commence about the first of the new year, a local agricultural weekly, especially adapted to the wants of the farmers of this section. The contributors to the paper will embrace the best practical farmers in the county, and we shall aim to make it of real value to every tiller of the soil, dairyman and stock raiser in the county, by giving the results of experiments by those in whom the classes interested have confidence, and whose success in business is an evidence of thorough practical knowledge.

The paper will contain a condensation of the general news and the fullest local notes. Fuller particulars hereafter.

Everybody can have a pleasant time this evening by attending the "package" social at E. O. MACFARLANE'S, on Houston street. Don't miss it.

December Court convenes to-day. The highway robbery case and the Leona homicide case will be called for trial.

The impression that there were next to no potatoes in the country, has about exploded, and farmers who have surplus will be wise if they sell them now. Eastern exchanges are predicting fifty cents per bushel as the price before the winter is over.

The Universalist sociable to be held at M. J. LONG'S to-morrow evening, promises to be the very best one the ladies of that congregation have yet given, and to this end you, reader, whether old or young, are cordially invited to contribute by your presence.

The Towanda DAILY REVIEW copies an item from our last week's paper and gives credit therefor to the Tunkhannock Republican. The editor of the REVIEW must have been either sleepy or absent minded in that transaction; but then we don't feel bad about it—on the contrary are rather pleased to think that we have items considered worthy a place in so newswy a sheet as the REVIEW, even if the wrong fellow is credited with them.—Tunkhannock Dem.

We will endeavor to be more particular hereafter and give credit to whom credit is due.

Last Wednesday evening at about six o'clock a man by the name of THOS. TAYLOR, while walking on the Southern Central railroad track, one mile west of Smithboro, was struck by the locomotive of express, No. 2 bound north, and violently thrown off the track into the ditch, and causing a severe wound on his head and right hip. He was picked up and taken to Smithboro on the express, where he died at 11 o'clock. He was formerly a merchant near Wyalusing, Pa., and subsequently a Yankee notion peddler.—Waverly Free Press.

As Mrs. NELSON RICE and Mrs. ALEXANDER CORRELL were driving to their home near Wetonah, Tuesday evening, the hold-back to the harness broke, and the horse becoming unmanageable, ran swiftly down a steep hill and suddenly turning into another road threw the ladies from the carriage against a stump fence seriously, and perhaps fatally, injuring both. The first named lady was severely injured in the side and the other being thrown headlong against the fence, is suffering from concussion of the brain. Luckily a neighbor's child which was riding with them, escaped unhurt.—Troy Gazette.

The Pennsylvania State Grange patrons of husbandry will assemble in Williamsport, December 13, to remain in session at least four days. A large number of the representatives of the agricultural interest from all over the state will be present.

By a recent act of Assembly, which will be found on page 54 of the Pamphlet Laws for 1881, all borough and township as well as State and county taxes, are made a first lien on real estate upon which they are levied. The law provides for a lien docket to be kept in the Commissioners' office, and a new set of books will be required for that purpose. In case a judicial sale takes place, the lien docket is to be satisfied before any money is paid to the creditors. Collectors of taxes should inform themselves as to the requirements of the law, so as to guard against the penalties prescribed in the third section.

The following is recommended as a cure for a felon: When a finger pricks as though there was a thorn in it, and throbs badly when held downward, and yet there is no external sign of mischief the probabilities are that a felon is in prospect. Go at once to the butchers and procure some of the spinal marrow of a beef creature. Take a piece say about two inches long, and, having cut it open otherwise, wrap it around the affected finger, covering it, of course, with cloth. In a few hours change the piece of marrow for a fresh one, and continue to keep the finger encased until all the pain has ceased and there is no discomfort when the marrow is removed. The finger will look strangely white and porous but the cure is complete. The remedy ought to become professional. It is vastly better than the surgeon's knife and more effectual.

Prof. DANIELLE'S classes will continue every Thursday, afternoon and evening until a change can be made to Fridays. Lessons at 4:30 and 7:30 for beginners, and from 8:30 to 11, an Assembly for all. All who can do so, are privileged to attend both the afternoon and evening lessons and the Assemblies, as well, for the one charge of \$5 for ladies and children and \$6 for gentlemen. The Professor teaches all the dances in the one course of lessons.
