Miss HELEN NEVINS is visiting friends in Waverly.

JOS. POWELL, jr., is spending the holiday vacation with his parents.

Mrs. L. C. BECKWITH of Covington is visiting her sister, Mrs. H. S. GRAVES, North Main st.

Rev. C. H. WRIGHT, who was too much indisposed to preach last Sunday, we are happy to see is on the street again.

Mrs. RAHM has rallied from the relapse which she suffered on Sunday and yesterday her symptoms appeared more encouraging.

G. M. CLARK, who has been on the "sick list" some time past, is convalescent and out again, though looking considerably reduced in weight.

O. D. GOODENOUGH, one of the best newspaper men in the state, has accepted a position on the Towanda Journal. We gladly welcome him back to Towanda.

Editor BOWMAN of Canton was in town this week, probably attracted hither by the presence of so many good looking school-mam's.

Master CHAS. MANVILLE has been seriously sick, and his grand parents, Mr. and Mrs. BARRON, were summoned here yesterday.

Misses CATHERINE CONEY, FLORENCE MINER, AMANDA LEWIS and FAUSTA JONES, four pretty "schoolmams" attending the Institute, called at this office yesterday, in company with a very fine young gentleman, who desires his name withheld as he is afraid of the consequences should his wife hear of it.

Hon. J. H. WEBB was in town on Friday last and qualified as Register and Recorder. On returning home he was prostrated by illness and yesterday was considered in a critical condition. He will not be able to enter upon the duties of his office Monday, but we hope may soon be restored to good health.

JESSEE WARDELL, for the past eleven years in charge of the boot and shoe department at Powell & Co.'s, left on Tuesday for Chicago, where he goes to take a clerkship in a large wholesale establishment. It is highly complimentary to the firm he has served so long, as well as to himself, that during all the time they have been associated, not an unpleasant word has passed between them. One of the partners said the other evening, that he had never asked JESSEE to do anything that he did not respond cheerfully.

Water in the Susquehanna is the highest it has been for many months.

The weather is so mild that fires are almost unnecessary. Yesterday the store doors were open and but for the calendar we should imagine it May.

The meetings of Oscaluwa Grange, which have been omitted during the revival meetings in North Towanda, for the past six weeks, will be resumed to-morrow evening.

Notices of the Christmas celebration of the Sayre Episcopal Sunday School and the Tioga Hose Reception at Waverly, are crowded out this morning but they will appear to-morrow.

Conductor W. S. Rathburn, of the Lake Shore Railroad, residing in Detroit, Mich., was cured by St. Jacobs Oil of a very severe case of rheumatism. He was delighted with its prompt action and influence.

A son of Mr. MARTIN FEE, of Camptown, while gunning on Tuesday last, attempted to climb a tree in quest of game, drawing the gun after him, when the hammer catching, discharged the load, a portion of the shot taking effect in the neck and jaw, seriously but not fatally injuring the lad.

The drama "All that Glitters is not Gold," given by the Wyalusing Cornet Band in that village Tuesday night, will be repeated to-morrow evening. It is said to have been well performed to a fair audience, notwithstanding the inclemency of the weather.

The ALFRED J. KNIGHT entertainment advertised for Friday evening will be one of the finest performances ever given here. It has required great effort on the part of the managers to secure the company. We hope our people will evidence their appreciation of the pains taken by Mr. Cross and the artistic merit of the celebrated artists, by an overflowing house. Tickets at KIRBY'S this morning.

Miss Richmond in every instance adroitly managed to escape overstepping it, and in every look and motion drew her audience to

the conclusion that she was the living part—not acting it. Never since the opening of the Academy have we seen so forcible a bit of passion-acting as that witnessed last evening. *Montreal Gazette.*

Miss RICHMOND, supported by a first class company, will appear in Mercur Hall Monday and Tuesday evenings in the play "Led Astray." The play, the actors and actresses are very highly spoken of wherever they have appeared, and are first class in every respect. The sale of reserved seats will begin on Saturday, at KIRBY'S.

Prof. MARSHALL'S "Evening in Wonderland," at Mercur Hall last evening, was one of the most enjoyable and really profitable entertainments of the season. It was enjoyed by a large audience. Our Institute reporter will do it justice in his report to-morrow.

### Bradford County Teachers Institute.

#### WEDNESDAY MORNING SESSION.

Devotional exercises conducted by Rev. Dr. Taylor. Supt. Ryan gave a few words of advice, urging those presenting methods to avoid pet theories.

Committee on methods reported that about one hundred members would be called upon for methods during the week. Miss Fuller gave a lesson in long division.

A majority of the teachers would teach long division first; suggestions were offered. Miss Wallace gave a lesson in least common multiple and greatest common divisor. Suggestions by teachers.

Mr. Bovingdon being called upon analyzed a portion of the lesson. Prof. Burgan was called upon to give an explanation. Mr. S. F. Vought gave a lesson in teaching decimals. Much interest was developed by the lesson.

Application of square and cube root. Visited section G, Miss Spalding in charge. A variety of problems were upon the blackboards and the teachers immediately took those assigned and solved and explained. The work was interesting and all were at work.—Recess.

Miss Adams gave a lesson in the main hall upon oral geography, which was followed by Mr. Bovingdon with a lesson in mathematical geography. Both exercises were interesting. Several teachers asked questions and made suggestions. Mr. Munn followed with remarks upon physical geography, giving to ocean currents the most attention, explaining the supposed causes for their courses through the seas. Close attention was paid the lesson, which was brought to a close by the expiration of the time allowed.

The problems given in the *Educator* were solved by members of the Institute, several solutions being given. Adjourned.
