I tell you what the result will be if God is in the future what he has been in the past. When we put our hands to the plough, we may look back-but God does not look back. His plongh will go straight-Ilis mill stones will grind on. It is educating this nation to its own origional idea that "all men are created equal" On the condition of carrying out that idea, we hold our independence, liberty, national life. We are to be compelled to be true to it. sooner or latter ; if we choose it will be sooner ; if we do not choose, it will be latter. We are God's choosen people to-day. America is the last continent the Almighty has on this earth, on which to develop mankind-they are to be developed here into his ideas of justice and human brotherhood. So, if we refuse their rights to this humble, faithful, gentle affectionate race, God will do with us as he did with his other chosen peostiff necked and stubborn. They were they became obedient to the divine will, fear that a few have been like unto the alist says : for a time. But when they rejected the fellow we hear of who caught the bear Messiah, they became once more and and called for help to let it go. We forever a people scattered and peeled .--So it will be with us. This continent is to be the home of equal rights and human brotherhood. If this nation retuses to do its work-its work will be taken from it, and given to another

The Senators elect from Colorado emphatically deny the imputation thrown upon them and members of Congress to the effect that there was a political bargain and agreement to secure votes for the passage of the bill for the admission of the State. They further say that their call upon the President, to which allusion has been made by some of the newspapers, was simply to present such facts and documents as show the population, substantial wealth and permanent prosperits of Colorado, and had no reference whatever to politics.
