GODEY'S LADY'S BOOK.—For the next month is filled with interesting and instructive matter. "Resting at the Well," is the beautiful steel engraving. It has a goodly amount of excellent reading and contains all the late fashions, and novelties of dress. A fine specimen of architecture for country residence forms a prominent feature.

ARTHUR'S HOME MAGAZINE.—"The little Tease" is the amusing embellishment for Sept. "Words fitly Spoken," "Revolutionary Heroines," &c. are contributions. It cannot be surpassed for mental excellence by any of our journals, and should be read by every household.

BEADIE'S MONTHLY.—This magazine is made up of the best original matter. History, Travel, Anecdotes, Romance, are fully represented. It offers a good field for research, instruction, improvement and amusement.

GREENE CO. AGRICULTURAL SOCIETY

WILL HOLD THEIR
FOURTEENTH ANNUAL EXHIBITION
—AT—
Carmichaels,
—ON—
Thursday and Friday,
October 4th and 5th, 1866.

RULES AND REGULATIONS.

Any person paying fifty cents into the treasury, becomes a member of the Society and will be furnished with a ticket admitting himself and all members of his family except males over fifteen years of age; and entitling him to exhibit as many articles and animals as he may desire; except horses two years old and over, for which he will be charged twenty-five cents each.

Members will give up their ticket at the gate, and receive a check which will entitle them to their tickets again, on retiring with view to return.
All persons not members will be charged 25 cents for tickets of single admission.

Committees will be called the first day at 1 o'clock, P. M., and on the second at 11 A. M.

All stock will be exhibited the first day except Nos. four and five of Class first. The Secretary and Treasurer will be at the office at an early hour of each day, for the purpose of selling tickets and making entries. No stock will be admitted into the grounds until regularly exhibited at the office. Doors will be opened at 6 o'clock, A. M.

No entries will be made after 11 o'clock on the second day; and it is very desirable that all articles intended for exhibition be entered on the first day.

The Hall will be closed between the hours of 11 and 1 o'clock, on the second day, and all persons excluded except the Committees and such of the managers as have control of that portion of the exhibition.

Persons applying for premiums on field crops must enter them during the fair, and accompany their report to the committee with the certificate of a surveyor who shall have chained the ground and computed its contents; and also

the certificate of one or more disinterested persons who shall have seen the grain measured. The grain in all cases to be thrashed or shelled before measurement.

The committee on field crops will meet on the first of January, in Carmichaels. The committee on stock will give special attention to the following points, viz:

Symmetry, size, early maturity and general characteristics of the breed.—They are expressly directed not to give encouragement to over bred animals. They are further directed to pass unnoted all articles or animals when the exhibitors attempt to use undue influence to produce an unfavorable decision.

No manufactured article having taken a premium twice in succession, will be permitted to compete for a premium.

The presence of the ladies is not only desirable and essential on the second day, but they are most cordially invited to attend on the first day of exhibition.

Those wishing to improve their stock, or compare their own with others, are cordially invited to attend, under the assurance that they will find a greater variety, and a much more numerous collection of fine stock, than can be found at any similar exhibition. We cordially invite all to come to our exhibition, under the assurance that we will make every effort for the comfort of visitors.

All premiums awarded will be promptly paid at the close of the Fair. Any premiums not called for within a year, are forfeited to the society.
