GRAND MEETING OF THE RE. PUBLICAN MASSES!!

AT WAYNESBURG, SEPT. 15, 1866.

It is now necessary that the people have a clear and definite understanding concurning the momentous questions that present themselves for their decision. The rainous "Policy" at present advocated by the supporters of the Administration s repugnant to the minds of gratitying the rapacious ambition of Reeves. an individual few, and to the consummation of their ends they would not hesitate to plunge us again into civil war and establish a despotic government over such portions of our country as they may find themse ves able to subjugate. To with an explanation of all the difficulties that exist among the political factions. the State Central Committee has appointed this
