Berono a Question .- A well-known citizen of this place has deliberately as seried that "Billy Nubb's" mother told him that she heard "Billy Nubli's" wife say that "Ben Bolt's" wife remarked while sitting in the 'old arm chair," that "Kitty Clyde" had been informed by the "dark girl dressed in blue" that there was no doubt that "Clementine Green" intimated that "Teddy Ragen's" wife thought that Gentle Annie had received positive information "down at the old plantation" that the "school marm" told the 'girl with the waterfall" that her sister with the "jocky hat and teather" declared to the world that it was generally conceded that "Tun Finnegan's" wife had said in plain terms to "Bryan Machree' allege while "coming through Inghram's old stand. the rye," that "Kate Kearney" had at firmed to "Rory O'More," who struck "Billy Patterson," that it was well known in the neighborhood that "Fairy Belle" had caught "Nettie Moore" in saying, that it was a matter of fact and of great public interest that the widow of 'John Anderson my Jo" had declared that it was the un animous opimon of the 'learned man" and his wife, "Mrs Johnson, that any one who did not get their Crackers, Sugar, Tea, Coffee, Nuts, Candies, Brooms, Toilet, Soaps. & , &., at Rinehart's Grocery, opposite the public them-that's all.

THE Lorain (Ohio) county News says that the young ladies of this place walk on their tip-toes, and can't help it, as the waterfalls on the top of their heads draw up their back hair so tightly that they can't put their heels down squarely without great pain.'

Ditto Waynesburg-to some extent.

TRUE.-The First found Halsted's Boot & Shoe Store in Sayer's corner immediately East of the Court House, where he will "fight it out on the CASH line if it takes all summer !" He can "do it too," because he has been reinforced by a thousand or more pairs of New York in order to secure a new Boots, Shoes, Gaiters, etc., of all kinds supply of the Early Goodrich & Hornand calibres from the small arms (or feet,) son Potatoes, also the Maupay Superior of the infant ry to the "ant crushers" of the 10-inch 200-pounder. Go and see if you don't believe it! "Alex," Bond, the gentlemanly and accommodating salesman, is never weary in attending to seed in the right time, you shall have a customera.

RETURN OF THE MARTINS .- The martins have again returned to take up their abode with us during the approach-'ing warm season, and they can be seen daily along the streets busily engaged fixing up the little houses prepared by the more thoughtful of our citizens tor their accomodation, preparatory to bring. ing forth their broods of young. These birds annually arrived here on or about the 26th of March, but this year they wore a week later in their migration paused, doubtless, by the recent severe spell of weather. The return of the martin is always looked upon as a sure herald of approaching fine weather, and we believe it generally holds good. We are pleased to see them once more among us, and hope that the boys will not molest or injure them in any way -They are insectiverous and are of great would be the first ones attacked and benefit to the farmer and gardener, destroying immense numbers of worms, grabs, caterpillars, &c , during the seathis and other species of insectiverous speaks of two or three cases of the de- until the jail of the former county is re- TRUDE REMINGTON, P. An old tree stands in our borough known as "Adams' Willow." Years ago when our now thriving and enterprizing village could boast of but halt dozen houses, Robert Adams, a pioneer citizen, rode from the town of Washington, 22 miles distant, using a willow branch as a riding whip. He stuck the whip in the ground, it lived, and some time previous to the writer's recollection arrived at maturity. It is lofty in proportion. The planter with. object, stood the blast of years better than the tree, the latter first exhibiting signs of decay. He lived to see its branches lopped off one by one by the scathing winds, and his descendants cut down by the seythe of death. Two years since he passed from earth, and the old tree, with but three branches remaining, if rapidly crumbling to nothingness. Ho died at the age of 95, the tree must be near 75 years old.

DEATH WARRANT. -The Pittsburg Gazette says that on the 4th inst Gov Geary issued a warrant for the execution of Robert Fogler, on the 15th of May, in the fail yard of Washington county. The condemned, it will be remembered, was convicted a short time since of the murder of Robert Dinsmore, on the 4th of December, 1866.

CHOLERA.-The dread of this scourge is agun compelling our cities to prepare for its coming. Health laws are being enacted and means taken to purge them of all uncleanliness. The Elector is the only boat that ever passed over the three dams up and down, and her time on this trip is the quickest since navigation was established.

On Thursday night on the up-trip, the Bennett threw out the challenge for a race to Monongahela City, and intimations were affoat that she had returned from lock No. 2 for that purpose. Capt. Phillips proposed to carry the horns, and so he accepted the friendly invitation and both boats east off at the same moment. The Bennett is a new boat on the Old Line, a magnificent steam r, well officered and appointed; she is a tour boiler boat, 20 inch cy'inder. The Elector is the best boat on the New Line, and claims to be the fastest on the river. She is commanded by our fellow townsman, Capt. Robert Phillips, and is macned by a first rate crew; she is a three boiler boat, with an 18 meh cylinder .-During this trip the Elector made seven landings, while it is claimed the Bennett made but four, and yet the former was in port and tied up at her wharf boat before the Bennett whistled. Be this as it may, the New Line boat claims a "clean best," with more freight and

more landings. Whether or no this is a fair test trial, we are not prepared to say, but so far, Phillips claims the horns, and proposes

BOY A Young Lady returning to her country home, after a sojourn of a few months in the city, was hardly recognized by her friends. In place of a coarse, rustic, flushed face, she had a soft ruby complexion of almost marble smoothness, and instead of twentythree she really appeared but eighteen. Upon inquiry as to the cause of so great a change, she plainly tol! them that she used the CIR-CASSIAN BALM, and considered it an invaluable acquisition to any Lady's toilet. By its use any Lady or Gentleman can improve their personal appearance an hundred fold. It is simple in its combination, as Nature herself is simple, yet unsurpassed in its efficacy in drawing impurities from, also healing, cleansing and beautifying the skin and complexion. By its direct action on the cuticle it draws from it all its impurities, kindly healing the same, and leaving the surface as Nature intended it should be, clear, soft, smooth and beautiful. CONSUMPTION CURABLE BY DR. SCHENCK'S MEDICINES. TO CURE CONSUMPTION, the system must be prepared so that the lungs will heal. To accomplish this, the liver and stomach must first be cleaused and an appetite created for good wholesome food, which, by these medicines will be digested properly, and good healthy blood made; thus building up the

constitution. SCHENCK'S MANDRAKE PILLS cleanse the stomach of all billous or mucous accumu-lations; and, by using the Sea Weed Tonic in connection, the appetue is restored,
SUHENUK'S PULMONIC SYRUP is nutricious as well as medicinal, and, by using the three remedies, all impurities are expelled from the system, and good, wholesome blood made, which will repet all disease. It patients will take these medicines accord-

ing to directions. Consumption very frequently in its last stage yields readily to their action. Take the pills frequently, to eigenee the liver and stomach. It does not follow that because the lowels are not costive they are not required, for sometimes in diarrhealthy, and an appetite created to allow the Pulmonic Syrup to act on the respiratory organs properly and allay any irritation.
