For restoring hair upon bald heads (from whatever cause it may have fallen out) and forcing a groth of hair upon the face, it has no equal. It will force the heard to grow upon the smoothest face in from five to eight weeks, or hair upon bald heads in from two to three hears are the resulting to the face of the smoothest face in from two to three hears are the resulting to the face of th months. A few ignorant practitioners have asserted that there is nothing that will force or insten the growth of the hair or beard.—

Their assertions are talse, as thousands of living witnesses (from their own experience) can be a three but the second of the second o bear witnesses (from their own experience) can bear witness. But many will say, 't ow are we to distinguish the genuine from the spurious? It certainly is difficult, as nine-tenths of the different Preparations advertised for the hair and beard are entirely worthless; and you may have already thrown away large amounts in their purchase. To such we would say, try the Reparator Capilli, it will cost you notherwise totaling unless it fully comes up to our represen-tations. In road-making, one great requisite is the ready and total removal of all water. There cannot be a good road where water stands by the side of or on it.
