WAYNESBURG:

WEDNESDAY, MAY 1, 1887.

All the Patent Medicines of the day sold at Braden's Drug Store.

We have issued bills to most of our delinquents and have waited what we think is a reasonable length of time for a response. To those who have not replied by sending money or their promise, we would impart the information, that the paper they have been receiving will be stopped with this issue and the arrearage sued for as soon as practicable. Those who receive no paper next week may consider it a summons.

Curtains, Casimieres and cotton cloths at reduced prices, at Evans's.

Saw Gummer.—T. Braden & Co have at their fine Hardware Store, in this place, one of Diaton's celebrated Saw Gummers. They are prepared to cut all kinds of saws, circular, mill and cross-cut, in good style, on short notice.—Call and see it, and give it a trial.

This is the time for preparing corn ground, and for buying cheap goods. Since the late arrival at J. Guzman's.

All the popular Patent Medicines sold by G. W. Roberts & Co.

Look to Your Interests—Save Time and Money.

If you have anything to sell, If you have lost anything, If you have found anything, If you want a house to rent, If you want to rent a house, If you want anything, Tell One Thousand People at once, by advertising in the REPUBLICAN.

Fantz's Horse and Cattle Powders, six for one dollar, at Braden's Drug Store.

GREAT discovery. Every one interested. The way to make and save money is to buy your Dry Goods of J. Guzman.

SERIOUS ILLNESS.—It has been indeed, and even fatal sickness caused, by a change of clothing at this season. Injury never comes by putting on more or warmer clothing, but by diminishing the amount. The first great rule, and the safest, is to make the change when you dress in the morning.

Go to Evans's examine and price his goods—and save regrets.

Chalfant's Cocoa Cream is all the rage. For sale at Braden's Drug Store.

FIRE.—On the 21st inst., the building in Mr. Morris owned by J. M. Brown and used as a dwelling house and store room, with its contents, was entirely consumed by fire. Nothing worth mentioning was saved from the flames. Mr. Brown was luckily insured to the amount of \$1300, his loss is estimated at \$300 above this. Mr. J. M. Schreyer and Dr. Hardie, also living in the house, lost furniture and effects to the amount of \$300 each. No knowledge is given of its origin. When discovered the interior of the store room was a mass of fire, and on opening the door the flames burst out with such fury as to render all attempts to subdue them fruitless.

WHY IT WAS.—On Friday last, as the shades of evening were slowly creeping over the hills, and sharp outlines were fast mingling in one common tenebrous mass, a horseman, wayworn, his steed flecked with foam, dashed up our street and pulling rein in front of a hotel, threw himself from the horse and rushed frantically into J. Guzman's Store. Guzman had just bought Ten Thousand Dollars worth of Dry Goods and the man wanted the first bargain.

Just arrived, a new and splendid stock of Drugs at Braden's Drug Store.

The most complete assortment of ladies Dress Goods ever brought to Waynesburg—at Evans's Store—Minor's Old Stand.

Look.—"Well," said a carpenter, "of all the saws I ever saw saw." He probably is a cousin to the man who knows his nose. He knows his nose, I know he knows his nose, he said he knew his nose, and if he said I knew he knew his nose, of course he knows I know he knows enough to go to W. Scott & Co's to buy his Groceries. Remember at Ingraham's former stand.

Evans has the cheapest and best stock of prints.

WHOLESALE ADVICE.—Somebody gives the following bit of advice on the subject of cleaning up at this season of the year: All kinds of filth should be removed, and all the out-buildings and tenements whitewashed. Having gathered the rubbish in a pile, take it up and deposit it in the street—this being a very easy way of getting rid of it. If there are any old feather or straw beds to be emptied, take them into the street—by street is preferable—and pour the contents out; the feathers will look so pretty as they are whirled higher and thither by the wind, and it will be such a source of amusement watching passers by picking them from their clothes. Be careful, however, to always deposit this rubbish in front of somebody else's premises. This is an excellent way to get the good opinion of your neighbors, and to avoid bad feelings and bickerings.

FARMERS look well to your fruit trees and also to your greenbacks. Spend them where you can get the cheapest and best goods for the money, and that is undoubtedly at J. Guzman's.

TRUTH.—We give place this week to an important article from our contributor J. We hope our readers will peruse it carefully. The man who wants to be of service to his party and render practical aid in securing the triumph of his principles, can best succeed by subscribing for a local Republican newspaper. There never was a time more necessary than now to secure a larger circulation for Republican newspapers. The people want the truth, and the only source from which to derive it in its fairest and most sublime shape, is in the columns of manly conducted Republican newspapers. We trust, for these reasons, that our Republican friends will subscribe for their local organ.

JUST IN TIME.—The first Spring styles brought to the market—at Evans's Store.

STANDARD WEIGHT.—We published some time since a list which was incorrect in some particulars. The Legislature recently fixed the following figures as the standard weight in this State for the following articles named. Our readers should preserve the same for future reference. Wheat, 60 pounds; rye, 50; shell'd corn, 50; cob corn, 70; corn meal, 40; coarse salt, 70; ground salt, 62; fine salt, 47; barley, 47; oats, 32; buckwheat, 50; clover seed, 54; timothy seed, 45; turnips, 55; onions, 46; peas, 55; malt, 38; unslack'd lime, 80; anthracite coal, 80; bituminous coal, 75; coke, 40; potatoes, 50; sweet potatoes, 54; flax seed, 50; bran, 20; beans, 56; dried apples, 25; peaches, 38.

The Pittsburgh Gazette advocates the nomination of O. O. Howard as the next Republican candidate for President, and Schuyler Colfax for Vice President, and J. Guzman for selling the Cheapest Dry Goods, Notions and Groceries in Waynesburg.

RULES FOR SHOPPING.—The following may be of service to some of our lady readers: Go shopping only when you are necessitated so to do! Dress appropriately for the occasion. Treat every one like ladies and gentlemen, until they give you sufficient reason to consider them otherwise. Buy only what you need for present use. Avoid establishments that don't advertise their goods at reasonable rates. On the contrary patronize those who are so complimentary as to invite you in, though the medium of the press.

"A thing of beauty is a joy forever"—Evans keeps such for sale.

A TREAT LITERARY.—We are requested to announce that a Lecture will be delivered to the Philomathean Literary Society, in the Chapel Hall of Waynesburg College, on Tuesday evening, June 4th prox., by Rev. ALEX. CLARK, of Pittsburgh. Subject—"A Man, or a Monkey."

The mere mention of this fact, we presume, will be all that is necessary to crowd the Hall on that occasion.

Don't forget to call and see the splendid lot of Paint Brushes at G. W. Roberts & Co's.

ADVERTISING is a commodity. It has its grades like sugars, or texture as woven fabrics. That advertisement which attracts the attention of the greater number of probable buyers is the cheapest, at a fair price—cheaper than another might be at one-half or one-fourth the rate.

Those of our readers who lack a good streak of hair upon the face, or whose hair is falling out, or have become bald, would do well to try Dr. Seignin's Restaurator Capillaire. This preparation has been used by thousands in this country and Europe, with the most gratifying results. Testimonials of the most flattering character have been received from the most wealthy and influential citizens of the country, and will be sent free to any one, on application, by Messrs. Barger, Shatts & Co., Chemists, of Troy, N. Y., the only agents in America for the sale of the same. Read their advertisement in this paper.

Maryland snow-white line and brushes for sale at G. W. Roberts & Co's Drug Store.

OF THE many Cosmetics and Toilet Articles now advertised, but few provide to what they are represented. Messrs. Berger, Shatts & Co., Chemists, of Troy, N. Y., are advertising extensively several articles that have proved themselves just as represented, for which they are acting as agents. We believe them to be perfectly trustworthy, and that parties using their preparations will find them fully up to the recommendations given. See their advertisement in another column of this paper.

PAINS: Go to G. W. Roberts & Co's Drug Store to buy any kind of paint, dry and in oil.

NOT EXACTLY.—I have tarred many a woman's head, boasted a young nobleman of France. "Yes," replied Talleyrand, "away from you." It might have been so in that case but it is not so with FRANK M'GURGAN. Aside from FRANK'S habitual politeness and well known affability he has a store room—chuck full of nice and splendid merchandise which once you clap your eyes upon you turn them away reluctantly. It is no untruth when we say that scores are attracted by his low prices and fine goods. See for yourself, in Minor's Building.

DON'T FAIL to read the Notice of the Assessor of Internal Revenue for this District. It is important.

French Army Lotion, best Lotion in use, for sale at G. W. Roberts & Co's Drug Store.

CELEBRATION—EXCURSION.—The Odd Fellows, of our resident Lodges, accompanied by the National Brass Band, attended the celebration of Thanksgiving Day (the 26th inst.) at Brownsville, Fayette County. A steamer was chartered for the occasion and with fair weather and good spirits, (no double entendre) everything passed off happily. Our townsman, J. A. J. Buchanan was the orator of the day.

An entire new stock of fancy soaps just received at G. W. Roberts & Co's Drug Store.

HEAD IT.—Somebody has made the remark that if in the immaterial as in the material world, nothing is lost, what an immense amount of good advice is stored away somewhere. Now, we have a little to give but we don't want it added to this refuse heap. It is this: If you want anything in the Clothing line go to SOWKERS. He has just returned from the East. See advertisement.

Up am's Freckle, Tan and Pimple Banisher at G. W. Roberts & Co's Drug Store.

THANKSGIVING DAY AT JACKTOWN.—We hear that there was quite an interesting service held at that place on Friday last, by the Odd Fellows of that vicinity. Dr. Barnes, the Lecturer and great American traveler, preached a sermon to them after which an address was delivered by Jacob Bristor, Esq., now the State Treasurer of West Virginia, on the subject of intemperance.

An old author quaintly remarks: "In spinning yarn among silks and satins, a man is sure to be worsted and twisted; he may consider himself wound up." Not so in case you trade at Evans's.—Every lady that makes a purchase of—Lima is so well pleased that you couldn't prevail on her to engage in controversy.

Mark your spring clothing with Payson's indelible which can be had at Roberts & Co's.

BACKWARD.—The season is unusually backward here. Cold weather retards the growth of pasture. The days are cloudy and chill and the nights cool and frosty. As yet the fruit prospect is flattering. The wheat not being far enough advanced to be injured, gives promise of an abundant yield. If Providence spares the hearts of our farmers will made glad when harvest comes.

ANGRY.—A commendable spirit of rivalry is exhibited by our merchants in the way of fine wares and excellent assortments but they shouldn't let their enthusiasm run away with their better judgment. Boxes placed midway in the street, covered with red and colored fabrics are dangerous to the traveling public. A fashionable horse might bring about fatal results from such a course. Don't wait for the experiment, there will be no pollution for the offense.

We are pleased to see that our discreet Mayor has taken it in hand and had them removed.

WILLIAM A. PORTER, has just returned from the Eastern Cities where he found old kind hearted friends who have furnished him with a fine stock of the best goods now in the market. And he now takes pleasure in offering them to his good friends at home.

A LADY says she felt the first time she was kissed she felt like a tub of roses swimming in honey, cologne, nutmegs, and cranberries. She felt also as if something was running through her nerves on feet of diamonds, escorted by several little cupids in chariots drawn by angels, shaded by honeycuckles and the whole spread with motley rainbows. The same sensation is experienced by all who step into Evans's Store. The array of costly fabrics, sold at such uncommon low rates is what produces the effect.

PROFANE SWEARING.—It is stated that the Common Council of Buffalo have passed an ordinance which fixes a penalty of \$50 for swearing in the street, with imprisonment in default of payment. If such a law were enforced in this town the fines would soon liquidate the Borough debt. The practice has become fearfully common; and who will not say that it is alike shocking to morality and common decency.

THE ATLANTIC MONTHLY, for May, is one of the most readable and interesting numbers that has yet reached us. The contents are calculated to expand and enlighten the minds of its readers and not merely to entertain for the moment. Published by Ticknor and Fields, Boston, Mass.

SEVEN-THIRTIES.—We direct attention to the new advertisement of Jas. T. Brady & Co., Bankers, Pittsburgh, who are still converting Seven-Thirties on Government terms into 5-20 bonds.

NURSING schools, cleaning yards, planting early peas, dress-making, house cleaning and keeping one's temper, are the principal domestic duties of the season.

IN Bloom.—We notice that the peach and cherry trees are out in bloom, and if blowers are any indication, promise a good yield of fruit.

The average majority for the Republican ticket in Chicago, was 3851, that of Mayor being 3933. The Council stands 24 Republicans and 8 Democrats. The total vote was less than 20,000.

SCHENCK'S SEAWED TONIC.

This medicine, invented by Dr. J. H. SCHENCK, of Philadelphia, is intended to dissolve the food and make it into chyme, the first process of digestion. By cleansing the stomach with Schenck's Mandrake Pills, the Tonic soon restores the appetite, and food that could not be eaten before using it will be easily digested.

Consumption cannot be cured by Schenck's Pulmonary Syrup unless the stomach and liver is made healthy and the appetite restored. Hence the Tonic and Pills are required in nearly every case of consumption. A half dozen bottles of the SEAWED TONIC and three or four boxes of the MANDRAKE PILLS will cure any ordinary case of Consumption. Dr. Schenck makes professional visits in New York, Boston, and at his principal office in Philadelphia every week. See daily papers of each place, or his pamphlet on Consumption for his days for visiting.

Please observe, when purchasing, that the two likenesses of the Doctor, one when in the last stage of Consumption, and the other as he now is, in perfect health, are on the Government stamp.

Sold by all Druggists and Dealers, price \$1.00 per bottle, of 50¢ the last issue. All letters for advice should be sent to Dr. Schenck's Dispensary, No. 119 N. 4th St. Philadelphia, Pa.

NATHANIEL MAYFAIR, Esq., May 20 '66-ly Brooklyn, Kings Co., N. Y.

A YOUNG Lady returning to her country home, after a sojourn of a few months in the city, was hardly recognized by her friends. In place of a coarse, rustic, flushed face, she had a soft rosy complexion of marble smoothness, and instead of twenty-three she really appeared but eighteen. Upon inquiry as to the cause of so great a change, she plainly told them that she used the CHLORIAN BATH, and considered it an invaluable acquisition to any lady's toilet. By its use any Lady or Gentleman can improve their personal appearance an hundred fold. It is simple in its combination, as Nature herself is simple, yet unsurpassed in its efficacy in drawing impurities from, also healing, cleansing and beautifying the skin and complexion. By its direct action on the cuticle it draws from it all impurities, kindly healing the same, and leaving the surface as Nature intended it should be, clear, soft, smooth and beautiful. Price \$1, sent by Mail or Express, on receipt of an order by W. L. CLARK & CO., Chemists, No. 3 West Fayette St., Syracuse, N. Y. The only American Agents for the sale of the same.
