FELLOWS' WORM LOZENGES! ALMOST WITHOUT EXCEPTION, THE most extraordinary Medicine of the age. Composed, as they do, of remarkable Power in expelling worms with pleasant taste and perfect safety. They contain no Mercury, no Mineral, no Turpentine, no Oil of Wormseed, no Poison, nothing injurious. They are entirely Vegetable.

Symptoms of Worms:—Itching of the nose, freckles, twitching or starting suddenly during sleep, pain in the stomach, less of flesh, paleness with hectic appetite sometimes vomitings, or others feeble, a dullness of the eyes, drowsiness, a swollen appetite, tongue white and furred and studded with red spots, fetid or garlic breath, grinding of teeth during sleep, a sensation of judgment in the throat, an unnatural craving for diet, chalk or clay, fretfulness and irritability of temper, chronic fits and palsy. Intestinal Worms are among the first to undermine the constitution in the list of diseases. They often occasion severe diseases, ending sometimes fatally, particularly when they ascend to the stomach. Their presence in the most ordinary situation is indicated by unaccountable sickness upon the general health. Eminent men assert that all are more or less troubled with worms, and that many die annually from this cause, who, by the timely administration of a proper remedy, would be saved. FELLOWS' WORM LOZENGES may be taken without any unpleasant results, and as most children are fond of them, their use is recommended to those apparently healthy, and thus dispel the cause of what would produce suffering.

Be careful what you use. Various remedies have from time to time been recommended, such as Calomel, Oil of Wormwood, Turpentine, &c., so that dangerous and even fatal consequences are produced. The necessity of a safe and sure remedy has caused much research, and the result is the Worm Lozenges of FELLOWS' WORM LOZENGES. They are positively safe, pleasant and effectual. They do not kill worms, but act by making their dwelling place disagreeable to them. In order, however, to guard consumers against deception by a base imitator, the analysis of Dr. A. A. HAYES, State Assayer, proving the above statement, is annexed.

"I have analyzed the WORM LOZENGES prepared by Messrs. FELLOWS & Co., and find that they are free from all poisons and other metallic or mineral matter. These Lozenges are skillfully compounded, pleasant to taste, safe, yet sure and effectual in their action." Respectfully, A. A. HAYES, M. D., Assayer upon the State of Mass.

Please remember that Fello's Worm Lozenges are prepared with great care from the concentrated extracts of two plants. They do not act as a purgative or emetic, will not debilitate the patient, are so simple an infant may devour a whole box without harm, and will at the same effect the worms in an extraordinary manner.

Fello's Worm Lozenges is the only Worm Remedy in existence combining harmless qualities with decided power against the parasite. Price Twenty five cents per box. Five boxes for a dollar. The signature of Fello's & Co. is attached to each genuine box. Sold by Medicine Dealers generally. Prepared at the New England Dispensary, 107 N. W. Cor. of State and Franklin Sts., Boston, Mass. THE FASHIONABLE FUNGUS.

The editor of the Philadelphia Press has received from a lady a letter against vernalis, in which she deprecates 'being compelled to wear such an abomination.' And adds, we quite agree with her. A waterfall it worn, should be fresh at least once in three days or a week. Otherwise the heat of the head will communicate to an unpleasant odor—unpleasant at least to sensitive and neat persons. They also breed, as it has been ascertained, minute but very annoying little insects—though said *Appropos*, we may cite a pen on this topic.

SONG OF A FASHIONABLE GIRL. Oh! bury me deep with my water fall, And my bonnet so tiny and gay; Then wash all my fashionable gowns around This form when it turns to clay.

For I would astonish, long centuries hence. The learned explorer of tombs; I would rival the mummy in interest, when Some future L. Agassiz comes.

To explain to the wondering children of Then The puzzling marvels of Now; Oh! I'll better their old heads with what's on my own.

Such is a specimen of the poetry which the horrid men will write, to make fun of the girls whom they dread and adore. 'The wretches!' We don't wonder that at a conference meeting recently, a countryman gave it as his opinion 'that if men were not born totally depraved, they became so pretty mid-dlin' early'.

THE DARK SIDE OF THE SUTHER. A letter from South Carolina says—'The truth is, that these people are so torn down with debt and poverty, that they hardly mind anything which has not a direct relation to getting daily bread and necessary raiment. The widows of the men who fought against us are turning prostitutes. Do you ask who pays them? It doesn't take much. A piece of meat would be a temptation, and a basket would be almost irresistible.' Their children are growing up ignorant vagabonds. There is a family within a mile of this place living in a 'brush house,' a shanty of fresh pine branches. It consists of a mother who had a son killed, a daughter of twenty who had a husband killed, another daughter of thirteen, and a grandchild of three. The oldest daughter told me that she had been all over the village to get work and had failed. I furnished them with clothing from the Bureau store, but how they are to live through the year I can't imagine. They were poor before the war, but not like this. They had a family Bible once, and father thought ever so much of it. A few words of pity brought the tears rolling down the eldest girl's cheeks. 'Oh!' she said, 'I've gone through a power in the past two years.' She told me that she was used to going barefooted in the winter, and it made her sick, which I consider very probable, as we have had three inches of snow. I hear that she is a bad character. 'Well, who wouldn't be?'

GEN. SHERIDAN'S course as military Governor of Louisiana is as offensive to the Northern Copperheads as was Gen. Butler's actions as Governor of New Orleans. It is a little remarkable that both these soldiers were original Democrats; both voted for Breckinridge for President, and both, before the war of the rebellion, were regarded favoring slavery. Gen. Sheridan like Gen. Butler, has seen enough to change his politics and his personal appreciation of the larger portion of the people of the South. He does not trust traitors, and rules in Louisiana under the inspiration, that those guilty of treason must be made to feel the penalties of their crimes. All this gives great offense to the Northern sympathizers with rebellion, and because Sheridan proposes to prosecute the traitors who made gutters of the Crescent City run with blood in July, 1866, every Copperhead organ in the North howls with rage. But the howl will avail naught.—Harrisburg Telegraph.

I REMEMBERED Sophia once when she was but a tender lass, and the greeting which I received for my travelling musical convention has never been fully appreciated by me. It was the wretched hour of A. M., when church-yards yawn. Everything was hushed, and stillness reigned profound. I commenced to sing, 'I Bring a Little Flower to Thee.' Sophia's tyrannical pap stuck his head out of the window, and in a voice of thunder roared: 'Well, just set it on the doorstep, and don't make so much fuss about such a cussed little flower!'

THE GREAT EASTERN.—The New York Herald, describing the recent trip of the great steamer Great Eastern across the Atlantic, says: Two daily papers were published by the passengers during the trip, one of which was called *The Ocean Times*, while the other was the *Great Eastern Daily Telegraph*. A grand billiard match was indulged in between some parties of ladies and gentlemen, in which the ladies came off victorious. Besides these games of cricket, foot-ball, hurdle races, etc., were indulged in.

A MAN who had joined a temperance society and regretted it, was told by his physician to drink an ounce of whiskey daily. Turning to his arithmetic and finding that six drams make an ounce, he was enabled to drink all he wanted without any scruples.

A ghost appeared to the widow of a delinquent subscriber of the Lynchburg (Va.) News, saying—'Jessie, do pay my newspaper account and let me rest in peace!' It was paid the next day, and since then the apparition has laid still.

A NEWSPAPER correspondent, who has recently passed through South Carolina and Georgia, says 'the traveller is forebodingly impressed with the very great and earnest preparations for the coming year.' 4-10-67

AN INVARIABLE MEDICINE FOR THE PURIFYING OF THE BLOOD.

DR. J. W. POLAND'S HUMOR DOCTOR. A Positive Remedy for all kinds of Humors, particularly Erysipelas, Nettle Rash, Salt Rheum, Scrofula, Carbuncles, Boils and Piles. It is very gratifying to say of this, or of any other medicine, 'It is always very best remedy known.' It is not always so easy to prove it. It is, however, exceedingly gratifying to the proprietor of this medicine, that while he declares to the public that this is a most wonderful and effective specific for Humors, as stated above, he has abundant proof at hand to sustain his statement.

For sixteen years the Humor Doctor has been manufactured and sold, and every year has increased the value of its reputation, and the amount of its sales. In New Hampshire, where it originated, no remedy for humors is so highly prized. An eminent physician (now an army surgeon) when practicing in New Hampshire, purchased between fifty or sixty gallons of it, during some seven or eight years, and used it in his practice for the same time. He then ordered it for the hospital where he was stationed. Other physicians have purchased it, and have used it in practice with great success. At Goffstown Center, for the space of thirty or forty miles around, in Manchester particularly, the Humor Doctor was well known and highly valued for the numerous and wonderful cures which it effected. Though manufactured in large quantities the supply was frequently exhausted, and purchasers had to wait for more to be made. In that region some very severe cases of Erysipelas were treated with—and they were cured! Erysipelas, or carbuncles, those ugly, painful ulcers, were entirely removed by the use of this medicine with faithful use. So it was with Scrofula and Salt Rheum. The Humor Doctor cured them.

For the sake of showing what is thought of it, a few testimonials are here inserted: MILTON GALE, Esq., Boston.

I hereby certify that I was sorely afflicted with Boils for two years, developing themselves upon my limbs and other parts of my body. The sufferings which I endured from them are indescribable. Suffice it to say that I faithfully tried several of the most popular humors remedies, but without removing the supply. I was lengthened by the earnest request of an intimate friend, I was induced to try Dr. J. W. Poland's Humor Doctor, and am very happy to attest that all my Boils were removed, and my health was restored by using Dr. Poland's Humors Medicine. Boston, Jan. 14, 1857. MILTON GALE.

A. C. WALLACE, Esq., Manchester, N. H. Dr. J. W. Poland—Dear Sir: I very cheerfully give my testimony in favor of your Humor Doctor as an excellent remedy for humors. My numerous acquaintances in Manchester know how severely I was afflicted with Boils and they know how perfectly good my health has become. Your Humor Doctor cured me. Please refer to me for particulars in my case. June 11, 1856. A. C. WALLACE.

Mrs. PORTER, Dover, N. H. July 22, 1855. Dr. POLAND: I received your letter inquiring as to the effects of your medicine on 'sea-sickness' for that dreadful sickness. I tried various prescriptions, but found none that settled the stomach and cleared the head. I used the Humor Doctor, and I felt as though I could hardly wait to get ashore, to extract you to introduce it into my ship's chest, that it may find its way to those who suffer upon the mighty deep from sea sickness. If captains who take their families with them, or carry passengers, should try it for once, they would never be willing to voyage without it.

I have used it for my family since its introduction to the public for bilious habits, headache and lumbago in my children, and have always found it a sure cure. I am not fond of having my name appear in public and would not consent to it on any other account but to relieve the sufferer; but if the public, you may think, will be benefited, I have no objection. HARRIET M. PORTER.

Much more might be stated in relation to this medicine, as contained in testimonials, but it is needless. Ask Manchester druggists about it, especially E. W. Blake, at Barr's, Inquire of Mr. Henry Plumer, of Bedford, whose wife was cured by it of Salt Rheum, and will declare its value as a remedy, as used in their own cases or by their friends.

The Humor Doctor was formerly sold at fifty cents per bottle; but the cost of every ingredient composing it has gone up so enormously, that the price has been raised to seventy-five cents only, and that by compulsion. The Humor Doctor is prepared at the New England Botanic Depot, for the Proprietor, J. C. French.

The Wonder of the Age!

TIME, MONEY AND LABOR SAVED! THE LATEST AND BEST CHURN!

ONE OF THE LATEST PATENTS. Issued on the 11th day of September, 1866, to Wm. R. McCutcheon, of Washington, Iowa, will be on exhibition in a few days at

JOHN MUNNELL'S. In Waynesburg, Pa. This CHURN must supersede any thing of the kind heretofore produced. The simplicity of its construction, and its two-fold or reversed motion, that produces butter from three to six minutes more than the common churning machine, induces the community to examine its qualities. It saves time—it saves water—and produces as much butter as any churn, in existence. Mr. Munnell has full power to sell rights for Pennsylvania or New York State as well as to furnish Churns to citizens of this county. F. B. Johnston & Co., Agents.

The Wonderful Flexibility and great comfort and pleasure to any lady wearing the Duplex Elliptic Skirt will be experienced through all crowded assemblies, carriages, railroads cars, church pews, arm chairs, for promenade and house dress, as the skirt can be folded when in use to occupy a small space as easily and conveniently as a Silk or Muslin Dress, an invaluable quality in ermine, not found in any Single Spring Skirt.

A lady having enjoyed the pleasure, comfort and great convenience of wearing the Duplex Elliptic Skirt for a single day, will never afterwards willingly dispense with their use. For Children, Misses and Young Ladies they are superior to all others. They will not bend or break like the single spring, but will retain their perfect shape and graceful shape when in three or four ordinary skirts will have worn aside as useless. The hoops are covered with double and twisted thread, and the bottom rods are not only double springs, but twice (or double) covered; preventing them from wearing out when dragging down steps, stair, &c.

The Duplex Elliptic is a great favorite with all ladies and is universally recommended by the Fashion Magazines as the standard skirt of the fashionable world.

To enjoy the following inestimable advantages in Crinoline, viz: superior quality, perfect manufacture, stylish shape and finish, flexibility, durability, comfort and economy, enquire for J. W. BRADLEY'S Duplex Elliptic or Double Spring Skirt, and be sure you get the genuine article.

CAUTION.—To guard against imposition be particular to NOTICE that skirts offered as 'DUPLEX' have the red ink stamp, viz: 'J. W. Bradley's Duplex Elliptic Skirt Springs' on the waistband—some others have 'DUPLEX' also. Notice that every Hoop will admit a pin being passed through the centre, thus revealing the two (or double) springs braided together therein, which is the secret of their flexibility and strength and a combination not to be found in any other Skirt.

For sale in all stores where first class skirts are sold throughout the United States and elsewhere. Manufactured by the Sole Owners of the Patent, WESTS, BRADLEY & GARY, 97 Chambers & 79 & 81 Reade Sts., N. Y. feb 27 '67-3m
