Halls Hair Renewer, the best preparation for the hair in use, at G. W. Roberts & Co's.

THE FESTIVAL.—On Thursday evening in the Court House, the Baptist Mite Society by the happy combination of conveniences, edibles, fancy articles, etc., pleased the public and no doubt themselves. The table, extending the entire length of the lower hall, was oppressed with the weight of all that our town and country affords. The double row of guests, brilliant in repartee, glittering in the reflection of lamps, the music of cups and gongle of plate, the hollow sounding walls, conspired to raise in our mind the festal board of olden times. Up stairs the variety tables, the post office, refreshments, the gay, moving throng bespoke nothing but enjoyment. A large attendance was had. The quantity of material on hand justified a repetition on Friday evening. The excellence of the repast and the general arrangement of the affair reflects great credit upon those who had it in charge. We are not advised as to the sum realized, but it could not be otherwise than a handsome one.

Uphams Freckle, Tan and Pimple Banisher, for sale at G. W. Roberts & Co's.

PLENTY OF Salt, full barrels, at \$8.40. All kinds of fish at low prices. Tea, Coffee, Sugar, Rice, Molasses and all kinds of Groceries and Notions, at the very lowest price.

A CORRECTION.—Later intelligence contradicts the statement we made last week, that the chief character in the late robberies in Washington was a Cincinnati detective. He was sentenced to eight years imprisonment in the Western Penitentiary, and to pay a fine of one thousand dollars, the judge deeming him much the worst of the lot. John Sweeney and John Steep were each sent to the Penitentiary for five years, and ordered to pay a fine of two dollars.

THE ATLANTIC FOR JUNE.—The second article in this number is by Mr. Parton, and is devoted to St. Louis. The eleventh article is on Russian America, and embodies substantially the facts and arguments which suddenly converted a decided majority of the members of the Senate from opponents to supporters of the treaty for acquiring the territory. Even apart from these two articles this number is one of unusual excellence.—Tucker & Fields, publishers, Boston.

PRIMARY ELECTION.—The following are the successful candidates for the nomination at the Democratic Primary Election recently held. The figures are their majorities above the next best man: Assembly—Jno Phelan.....1698. Sheriff—H. B. Silvens.....1409. Treasurer—A. Bailey.....51. Commissioner—J. Hupp.....1896. P. H. D.—Morris.....346. Auditor—Cross.....913. J. C.—Hedge.....824. The clique adopted as their tactics the dividing of their vote among the various candidates. They expect this dodge to convey the idea that they had no particular choice. The people see it all.

Go to G. W. Roberts and buy your pants, dry and in oil.

"Onward, right onward, Into the Valley of death Road the six hundred"

But larger by tens multiplied unto hundreds, then the doomed band who rode to swift destruction in Tennyson's poem, is the great cavalcade who rush daily into GIBBERT'S store, there to buy the latest, cheapest, best, dry goods.

ROMAN CATHOLICISM.—On Sunday last the Catholic portion of our community celebrated Mass in the Court House in this place. The services were conducted by Rev. John O. G. Scanlin, of Washington, Penn'a. The choir consisted of the following named ladies from Washington, viz: Lizzie U. Metzner, Kate M. Farrell, Mary F. Renz, Mary Schelder, Maggie Curran, Mary A. Waldron, Clara Waldron, Lizzie Renz, Josephine Renz and Mary Lubec. The music was most excellent, and a very large audience was in attendance. In the evening the Rev. Scanlin delivered a lecture on the subject of CHARITY. His remarks were based on the first commandment, and the subject was handled with masterly elegance. Mass will again be celebrated in this place on the first Sunday of July next, the service will be conducted by Rev. Scanlin.

To be or not to be—that's the question; whether to suffer by sloddy dosing, poor calicoes, wretched cassimers, cotton goods, and nameless other outrages, or whether with sudden dash, into Gebert's store, go, and purchase that which is good remains to be seen.

A remarkable prodigy, a lad of six years, is lecturing in Uniontown.

Patent Medicines, all the best, sold at Braden's Drug Store.

ANOTHER TRAGEDY IN WASHINGTON.—On the 28th inst., another case of shooting occurred in the lively town above mentioned, the particulars of which we glean from a Pittsburgh contemporary.

About half past eleven o'clock in the evening a young lady named Miss Nancy Jordan (who had been making a friendly call to see her next neighbor and was returning home) thought she heard some one trying to enter her father's house by the back door. She hurried into the house very much scared, and informed her brother, John Jordan, of her impressions. He told her to get him his pistol, and then he stepped out the front door, and around toward the back part of the house, but did not see any one for some time. In a few minutes the lightning flashed (for it was stormy) and he saw a man as he supposed crouching down in the rear of the house. He, without taking a second thought, fired away, and ran into the house. It was but a few minutes until the neighborhood was aroused, when it was discovered that he had shot a lad about sixteen years old, named Charles Chesley, a son of the neighbor whom Miss Jordan had been visiting. Young Chesley stated when they found him that he in a spirit of mischief had followed Miss Jordan to scare her, and that he was lingering around to see if he had accomplished his purpose. He cannot possibly live, being shot through the breast. Mr. Jordan feels very much distressed at what he has done, and as the two families were on the best of terms. Owing to that fact the public exonerate Jordan from blame. He has offered to give himself up, but the authorities will not receive him.

THE COMING CROPS.—The New York Herald of Wednesday last published several columns of extracts from its exchanges from all directions, giving accounts of the coming crops, and says that there is ample evidence showing that so far as the great West, the vast grain growing region of the country, is concerned, the prospect for a harvest of surpassing richness and abundance was never more flattering.

Our Western farmers, with the experience of un-commonly high prices before them for their wheat the past season, have sowed, in both winter and spring grain, a very considerable addition to their former breadth of land devoted to raising cereals, and they will, no doubt, in due time, literally reap their reward. Besides this we have seen that a large extent of territory in the South not hitherto planted in grain is now covered with the fast ripening blades of wheat, while their Indian corn fields have been enlarged in dimensions and generally filled in promising indication of a good yield. The South has suffered terribly by inundations, which have overflowed most of their rich, alluvial bottom lands and destroyed the young corn as it was sprouting from the earth; but with surplus energy the planters have replanted their fields, and it can only be by some extraordinary visitation that their industry will go unrewarded.

MARRIED.—ORR—REDMOND—May 4th, 1867, by Rev. Wm. Wallace, Mr. W. F. Orr and Miss Sade M. Redmond, all of Waynesburg, Pa.

We presume friend Orr will quit the sewing machine business as he now has one of his own, perfect if not patented. May his life seem as an interminable one. Thanks for the excellent cake accompanying the notice.
