Patent DUPLEX ELLIPTIC

SKIRT.

The Wonderful Flexibility and great com fort and pleasure to any lady wearing the Du plex Elliptic Skirt wilt be experienced partic-ularly in all crowded assemblies, operas, carrisges, railroad cars, church | ews, arm chairs, for promenade and house dress, as the skir can be folded when in use to occupy a small place as easily and conveniently as a Silk or Muslin Dress, an invaluable quality in crino-line, not found in any Single Spring Skirt A lady having enjoyed the pleasure, com-fort and great convenience of wearing the Du-plex Elliptic Steel Spring Skirt for a single day, will never afterwards willingly dispense with their use. For Children, Misses and Young Ladies they are superior to all others.

They will not bend or break like the single spring, but will preserve their perfect and graceful shape when three or four ordinary skirts will have been thrown aside as useless. The hoops are covered with double and twisted thread, and the bottom rods are not only double springs, but twice (or double) covered: preventing them from wearing out when dragging down stoops, stair, &c.

e Duplex Elliptic is a great favorite with all ladies and is universally recommended by the Fashion Magazin s as the standard skirt of the fashionable world.

To enjoy the following inestimable advantages in Crinoline, viz.: superior quality, perfect manufacture, stylish shape and finish, flexibility, curability, comfort and economy, enquire for J. W. BRADLEY'S Duplex Elliptic, or Double Spring Skirt, and be sure you get the aenuine article.

CAUTION.—To guard against imposition be particular to NOTICE that skirts offered as "DUPLEX" have the red ink stam a viz.: "J W. Bradley's Duplex Elliptic Steel Springs. upon the waistband—none others are genuine.
Also Notice that every Hoop will admit a pin being passed through the centre, thus revealing the two (or double) springs braided together therein, which is the secret of their flexibility and strength and a combination not

to be found in any other Skirt.

REPARATOR CAPILIA.

For restoring hair upon baid heads (from whatever cause it may have fallen out) and whatever cause it may have maken out; and forcing a groth of hair upon the face, it has no equal. It sill force the beard to grow upon the smoothest face in from five to eight weeks, or hair upon bald heads in from two to three months. A few ignorant practitioners have asserted that there is nothing that will force or hasten the growth of the hair or beard -Their assertions are talse, as thousands of living witnesses (from their own experience) can bear witness. But many will say, bow are we to distinguish the genuine from the spurious?

It certainly is difficult, as nine-tenths of the lifterent Preparations advertised for the hair and beard are entirely worthless; and you may have already thrown a way large amounts in their purchase. To such we would say, try the Reparator Capilli, it will cost you nothing unless it fully comes up to our represen-tations.
