GREAT DISCOVERY!

KUNKEI'S Bitter Wine of Iron.

For the cure of weak stomachs, general debility, indigestion, diseases of the nervous system, constipation, acidity of the stomach, and for all cases requiring a tonic.

This wine includes the most agreeable and efficient Salt of Iron we possess; Citrate of Magnesia Oxide combined, with the most energetic vegetable tonics, Yellow Peruvian Bark. The effect in many cases of debility, loss of appetite, and general prostration of an efficient Salt of Iron, combined with our valuable Nerve Tonic, is most happy. It augments the appetite, raises the pulse, takes off muscular flabbiness, removes the palor of debility, and gives a florid vigor to the countenance.

Do you want something to strengthen you? Do you want a good appetite? Do you want to build up your constitution? Do you want to feel well? Do you want to get rid of nervousness? Do you want energy? Do you want to keep well? Do you want a brisk and vigorous feeling? If you do, try

Kunkel's Bitter Wine of Iron!

This truly valuable Tonic has been so thoroughly tested by all classes of the community that it is now deemed indispensable as a tonic medicine. It costs but little, purifies the blood, and gives tone to the stomach, renovates the system, and prolongs life. I now only ask a trial of this valuable tonic.

COUNTERFEITS.

Beware of Counterfeits.—As Kunkel's Bitter Wine of Iron is the only sure and effectual remedy in the known world for Dyspepsia and Debility, and as there are a number of imitations offered to the public, we would caution the community to purchase none but the genuine article, manufactured by S. A. KUNKEI, and has his stamp on the top of the cork of every bottle. The very fact that others are attempting to imitate this valuable remedy proves its worth and speaks volumes in its favor.

The Bitter Wine of Iron is put up in 75 cent and 1 dollar bottles, and sold by all respectable druggists throughout the country. Be particular that every bottle bears the fac simile of the proprietor's signature.

General Depot, 118 Market St., Harrisburg, Pa. For sale in Greensville, by J. H. HOSTETTER, and all respectable dealers throughout the county. Prepared and sold, Wholesale and Retail, by KUNKEI & BORTHER, Apothecaries, 118 Market Street, Harrisburg, [Nov. 9, '63-6m]

\$100 REWARD!

for a medicine that will cure Coughs, Influenza, Tickling in the Throat, Whooping Cough, or relieve Consumptive Cough, as quick as

COO'S COUGH BALSAM.

Over Five Thousand Bottles have been sold in its native town, and not a single instance of its failure is known.

We have, in our possession, any quantity of certificates, some of them from EMINENT PHYSICIANS, who have used it in their practice, and given it the preeminence over any other compound.

It does not Dry up a Cough,

but loosens it, so as to enable the patient to expectorate freely. Two or three doses will invariably cure Tickling in the Throat. A half bottle has often completely cured the most stubborn cough, and yet, though it is so sure and speedy in its operation, it is perfectly harmless, being purely vegetable. It is very agreeable to the taste, and may be administered to children of any age. In cases of GHOUP we will guarantee a cure, if taken in season.

No family should be without it.

It is within the reach of all, the price being only 25 Cents. And if an investment and thorough trial does not "back up" the above statement, the money will be refunded. We say this knowing its merits, and feel confident that one trial will secure for it a home in every household.

Do not waste away with Coughing, when so small an investment will cure you. It may be had of any respectable Druggist in town, who will furnish you with a circular of genuine certificates of cures it has made. C. G. CLARK & CO., Proprietors, New Haven, Ct. AMERICAN TEA COMPANY,

51 Vesey Street, New York;

Since its organization, has created a new era in the history of

Wholesaling Teas in this Country.

They have introduced their selections of Teas, and are selling them at not over Two Cents (.02 Cents) per pound above Cost, never deviating from the ONE PRICE asked.

Another peculiarity of the company is that their TEA TASTER not only devotes his time to the selection of their Teas as to quality, value, and particular styles for particular localities of country, but he helps the TEA BUYER to choose out of their enormous stock such TEAS as are best adapted to his peculiar wants, and not only this, but points out to him the best bargains. It is easy to see, the incalculable advantage a TEA BUYER has in this establishment over all others. If he is no judge of TEA, or the MARKET, if his time is valuable, he has all the benefits of a well organized system of doing business, of an immense capital, of the judgment of a professional Tea Taster, and the knowledge of superior salesmen.

This enables a TEA BUYER—no matter if they are thousands of miles from this market—to purchase on as good terms here as the New York merchants.

Parties can order Teas and will be served by us as well as though they came themselves, being sure to get original packages, true weights and tares; and the Teas are warranted as represented.

We issue a Price List of the Company's Teas, which will be sent to all who order it, comprising Hyson, Young Hyson, Imperial, Gunpowder, Twankey and Skin.

Oolong, Souchong, Orange and Hyson Pekoe. Japan Tea of every description, colored and uncolored.

This list has each kind of Tea divided into Four Classes, namely: CARGO, HIGH CARGO, FINE, PINEST. That every one may understand from description and the prices annexed that the Company are determined to undersell the whole Tea trade.

We guarantee to sell our Teas at not over TWO CENTS (.02 Cents) per pound above cost, believing this to be attractive to the many who have heretofore been paying Enormous Profits.

DISSOLUTION OF PARTNERSHIP.

—Notice is hereby given that the co-partnership subsisting since April 1, 1861, between A. L. IRWIN and JAMES M. IRWIN, of Greensville, Franklin county, Pa., under the firm and style of A. L. IRWIN & SON, has been this day dissolved by mutual consent. The Books and Accounts of the late firm are in the hands of A. L. IRWIN for collection. All persons indebted to the late firm, are requested to make immediate payment.

A. L. IRWIN, JAMES M. IRWIN. Greenecastle, May 7, 1863.

The undersigned have this day (May 7, 1863), formed a copartnership, under the name and style of IRWIN & RHODES, and having purchased the whole stock of goods, lately belonging to A. L. IRWIN & SON, respectfully inform the people of Greensville and surrounding country, that they will continue the business on the South-east corner of the Public Square, where they invite all persons needing Hardware, Oils and Paints to give them a call and examine their stock. Most of the goods have been purchased before the advance in prices in the cities, and will be sold greatly below their present value. Persons in need of Building Hardware, can obtain it at this house, cheaper than anywhere else in the county. Come where you can always get the worth of your money.

VINELAND. TO ALL WANTING FARMS. A New Settlement of Vineland.

A REMEDY FOR HARD TIMES.

A Rare Opportunity in the Best Market, and Most Delightful and Healthy Climate in the Union. Only thirty miles South of Philadelphia, on a Railroad, being a Rich, Heavy Soil, and Highly Productive Wheat Land; Amongst the Best in the Garden State of New Jersey.

It consists of 20,000 acres of GOOD land, divided into Farms of different sizes to suit the purchaser—from 2½ acres and upwards—and is sold at the rate of from \$15 to \$20 per acre for the farm land, payable one-fourth cash, and the balance by quarterly installments, with legal interest, within the term of four years.

The Soil is, in great part, a Rich Clay Loam, suitable for Wheat, Grass and Potatoes—also a dark and rich sandy loam, suitable for corn, sweet-potatoes, tobacco, all kinds of vegetables and root crops, and the finest varieties of fruit, such as Grapes, Pears, Peaches, Appriots, Nectarines, Blackberries, Melons and other fruits, best adapted to the Philadelphia and New York Markets. In respect to the soil and crops there can be no mistake, as visitors can examine both, and none are expected to buy before so doing, and fudging these statements correct—under these circumstances, unless these statements were correct, there would be no use in their being made. It is considered the best Fruit soil in the Union.

[See Reports of Solon Robinson, Esq., of the New York Tribune, and the well-known agriculturist, William Parry, of Cinnaminson, New Jersey, which will be furnished inquirers.]

The Market.—By looking over a map the reader will perceive that it enjoys the best market in the Union, and has direct communication with New York and Philadelphia twice a day, being only thirty-two miles from the latter. Produce of this market brings double the price that it does in locustious distant from the cities. In this location it can be put into market the same morning it is gathered, and for what the farmer sells he gets the highest price: whilst groceries and other articles he purchases he gets at the lowest price. In the West, what he sells brings him a pittance, but for what he buys he pays two prices. In locating here the settler has many other advantages. He is within a few hours, by railroad, of all the great cities of New England and the Middle States. He is near his old friends and associations. He has school for his children, divine service, and all the advantages of civilization, and he is near a large city.

The Climate is delightful; the winters being salutary and open, whilst the summers are no warmer than in the North. The location is upon the line of latitude with northern Virginia.

Persons Wanting a change of Climate for Health, would be much benefited in Vineland. The mildness of the climate and its bracing influence, makes it excellent for all pulmonary affections, dyspepsia or general debility. Visitors will notice a difference in a few days. Chills and fevers are unknown.

Convenience at Hand.—Building material is plenty. Fish and oysters are plenty and cheap. Visitors must expect, however, to see a new place.

Why the Property has not been Settled Before?—This question the reader naturally asks. It is because it has been held in large tracts by families not disposed to sell, and being without railroad facilities, they had few inducements. The Railroad has just been opened through the property this season, for the first time.

Visitors are shown over the land in a carriage, free of expense, and afforded time and opportunity for thorough investigation. Those who come with a view to settle, should bring money to secure their purchases, as locations are not held upon refusal.

The Safest thing in Hard Times, where people have been thrown out of employment or business, and possess some little means or small incomes, is to start themselves a home. They can buy a piece of land at a small price, and earn more than wages in improving it, and when it is done it is a certain independence and no less. A few acres in fruit trees will insure a comfortable living. The land is put down to hard-times, and all improvements can be made at a cheap rate than most any other time.

The whole tract, with six miles front on the railroad, is being laid out with fine and spacious avenues, with a town in the centre—five acre lots in the town set. A town \$150 to \$200; two and-a-half acre lots, at from \$80 to \$120; and town lots 50 feet front by 150 feet deep, at \$100—payable one-half cash and one-half balance within a year. It is only upon farms of twenty acres, or more, that four years' time is given.

To Manufacturers, the town affords a fine opening for the Shoe manufacturing business, and other articles, being near Philadelphia, and the surrounding country has a large population, which affords a good market.

This settlement, in the course of several years, will be one of the most beautiful places in the country, and most agreeable for a residence.

It is intended to make it a Vine and Fruit growing country, as this culture is the most profitable and the best adapted to the market. Every advantage and convenience for settlers will be introduced which will insure the prosperity of the place. The hard times throughout the country will be an advantage to the settlement, as it compels people to resort to agriculture for a living.

Large numbers of people are purchasing, and the people who desire the best location should visit the place at once.

Improved Land is also for sale. Timber.—Land can be bought with or without Timber. The Timber at market valuation.

The title is indisputable. Warranty Deeds given clear of all incumbrance, when the money is paid.

Boarding conveniences at hand. Letters promptly answered, and Reports of Solon Robinson and Wm. Parry sent, together with the "Vineland Rural."

Route to the Land.—Leave Walnut street wharf, Philadelphia, at 9 o'clock A. M., and 4 P. M. (unless there should be a change of hour), for Vineland, on the Glassboro' and Millville Railroad. When you leave the cars at Vineland Station, just opened, inquire for

CHAS. K. LANDIS, Postmaster, Founder of the Colony, Vineland P. O., Cumberland Co., N. J.

P. S.—There is a change of cars of Glassboro'.—Also beware of sharpers on the cars from New York and Philadelphia to Vineland, inquiring your business, destination, &c.

Report of Solon Robinson, OF THE NEW YORK TRIBUNE, UPON THE VINELAND SETTLEMENT.

The following is an extract from the report of Solon Robinson, Esq., published in the New York Tribune, in reference to Vineland. All persons care to read this report with interest.

Advantages of Farming near Home—Vineland—Remarks upon Marl—Soil. Its great Fertility—The Cause of Fertility—Amount of Crops Produced—Practical Evidence.

It is certainly one of the most extensive fertile tracts, in an almost level position, and suitable condition for pleasant farming that we know of this side of the western mountains. We found some of the oldest farms apparently just as profitable productive as when first cleared of forest fifty or a hundred years ago.

The geologist would soon discover the cause of this continued fertility. The whole country is a marine deposit, and all through the soil we found evidences of calcareous substances, generally in the form of indurated calcareous marl, showing many distinct forms of ancient shells, of the tertiary formation; and this marly substance is scattered all through the soil, in a very comminuted form, and in the exact condition most easily assimilated by such plants as the farmer desires to cultivate.

Marl in all its forms, has been used to fertilize crops in England, from the time it was occupied by the Romans; and in France and Germany a marl bed is counted on as a valuable bed of manure, that can be dug and carted and spread over the field.—How much more valuable then it must be, when found already mixed through the soil, where new particles will be turned up and exposed, and transformed to the owner's use every time he stirs the earth.

Having then satisfied our minds of the cause, they will not be excited with wonder at seeing indubitable evidence of fertility in a soil which in other situations, having the same general characteristics or at least appearances, is entirely unremunerative except as its productiveness is promoted by artificial fertilization.

Some words about the quality and value of this land, for cultivation, of which we have some strong proof.

Our first visit was to William D. Wilson, Franklin township, Gloucester county, who purchased some eight miles north of Millville, about three years ago, for the purpose of establishing a steam mill, to work up the timber into lumber, to send off by the new railroad, as well as the firewood and coal, for which he built a branch track a mile and a half long. He also furnished sixteen miles of the road with ties, and has no doubt made the mill profitable, though his main object was to open a farm, having become convinced that the soil was valuable for cultivation.

In this he has not been disappointed, as some of his crops prove. For instance, last year, the second time of cropping, 308 bushels of potatoes on one acre,
