PASSING EVENTS, &C.

Valedictory.—It is now three years or more since somehow or other, we became the "Local" Editor of THE PILOT. We did not accept the position for any pecuniary reward nor from any notion of becoming known to the literary world; but out of friendship for the Publisher and for the interests of the community we have done what we have done. For the past year we have not been able to pay so much attention to the paper as we desired; and for some time we have had to rely in a considerable degree upon the assistance of a few gentlemen whom it would give us pleasure to mention. We know that their efforts have been more acceptable to our readers than anything we could have written We owe them a debt of gratitude we know not how to repay.

Our cotemporaries have been very kind and clever towards us, and we trust they may live to flourish the quill for many a day.

Although it may be soon suspended, we trust THE PILOT may not be allowed to die. We hope some one may take it up, and that the tide of prosperity may set in towards it, and that it may yet live and flourish in a united and happy country.

While we have not considered it within our province to discuss at large political questions, yet we have by our humble efforts endeavored to support the cause of our country, and believe we have never written anything to discourage any loyal reader.—We do most earnestly hope and pray that the rebellion may soon be suppressed, and that the Government of the United States may be established throughout the entire length and breadth of the land; and hold that any and every means necessary to accomplish this end ought to be used. "The Flag of our Union Forever."

Mistakes we have made, and hope they may be forgotten If we have offended any candid, reasonable person, we declare that it has been unintentional on our part.

We regret exceedingly to part from THE PILOT, for although our time was chiefly taken up with other business, still the preparation of our "items" was more a pleasure than a task.

Hoping that our place may be filled by some more able person, we bid adieu!

W. A. REID.

GREENCASTLE, July 20, 1864.

Meeting for Raising Recruits.—A meeting of the citizens was held in the S. W. School House on last Thursday evening, to take measures to fill the quota of the Borough under the late call for 500,000 men. Rev. T. G. APPLE presided, and J. M. IRWIN, Esq., was chosen Secretary. After some discussion a committee was chosen to assess on those subject to military duty contributions corresponding the ability of the several individuals, and the deficit to assess on the property of the town. This is a voluntary undertaking, similar in the main to that adopted last winter. If it is possible to raise a sufficient sum in this way, and property-holders refuse to comply with the request of the committee, the sum will have to be raised by taxation. The money must and will be got in some way.

LIST of men drafted July 19th, for Antrim township to fill the deficiency for former draft.

Number of men wanted, 7. Number drawn, 14.

Washington Koontz,	Charles Robison, (col.)
James Richeson, (col.)	Levi Powell,
Geo. W. Barnhart, (col.)	Timothy Anderson, (col.)
Isaac N. Rule,	Arthur Newman,
John Shrader,	Jeremiah Shook,
Samuel Crider,	Jasper Hicks,
John Burns,	John Bush, (of Abram)

It will be seen from the above that seven men were yet needed, and that fourteen names were drawn, being 100 per cent. additional allowed by late regulations. The deficiency after the June draft was twenty-six, but a credit for nineteen men was obtained by the exertions of the volunteer committee of the township, which reduced it to seven, as given above.

Military.—Under the call of Maj.-Gen. COUCH for "one thousand mounted men" for one hundred days, the young men of this place set about recruiting a company, and in two or three days about a hundred recruits were obtained, but just at this moment it was ascertained that the men would have to furnish their own horses. This put a damper on the recruiting business, and we fear it will fall through. If the horses were furnished by the Government a splendid company could be mounted here. We hope an arrangement of this kind might be effected.

Cigars.—We notice that the new Excise law requires all persons making cigars to obtain a permit to manufacture, and no one is allowed to work at his trade without a licence.

Persons manufacturing cigars without a permit will be liable to a fine of five dollars per day, while so manufacturing, or imprisonment. Cigar manufacturers are also required to keep a correct account of the number made. This will make rather cheap ?) smoking.

Stable Lock.—JOS. SNIVELY, Jr., of Antrim township, and JAMES W MILLER, of Waynesboro', have obtained a patent for a new stable lock. It is simple in construction, but most ingeniously arraigned and very strong, so that we think it impossible to be opened by thieves. A key is made for each lock, and no key will open more than one lock. Every stable door should be fastened with one of these locks.

SEVERAL of our young men finding that horses could not be got for 100 days' cavalry company have gone away and joined other companies. By-the-way, it seems a little singular that the Department could not furnish horses to a Greencastle company, organized and reported a week ago, while the thing, we understand, *is* to be done for another company now being raised at Chambersburg.

The Call.—The President has called for 500,000 men. If not enlisted before the 5th day of September then a draft shall be made on that day to fill the deficiency. Men to be drafted for one year.

Shall Antrim and the Borough, wait for the draft. The quotas of both can be filled by volunteers, if those most interested arouse themselves.

KUNKEL & BRO. have a fresh and excellent stock of Boots and Shoes on hand.

SUBSTITUTES can be put in before the draft. Be careful to get those over or under age or aliens.—Those who put in substitutes of this character will be exempt for as long a period as the substitute enlisted for, whether one, two or three years.—Those who can get substitutes now ought to do it.

PERSONS in need of good fresh Lime, would do well to call upon Mr. BENJAMIN BERT, at his kiln on South Street. He will always have on hand a good supply, and farmers and others can be supplied upon short notice and easy terms. BEN is a good fellow. Give him a call.

Fun.—Mr. M. J. ROBINSONS' Metropolitan Circus will exhibit here on the 29th of July. This company is composed of the sons of the finest performers in the country, and an unequaled collection of trained horses and educated mules. All persons should attend.

Passed Through.—Maj.-Gen. FRANK SIGEL passed through this place in the morning train of cars on last Monday, on his way to Harrisburg.—Quite a crowd collected around the cars to get a glimpse of the old war horse.

Now that the rebel raid is over I am prepared to sell Boots and Shoes cheap.

SAMUEL HAMMILL.

JOHN GŒTZ has on hand an excellent stock of Boots and Shoes, which he has been selling at short profits. Examine his stock.

A supplement to an Ordinance respecting Pavements, passed July 2, A. D. 1862.

Be it enacted by the Burgess and Town Council of the Borough of Greencastle, That from and after this 24th day of June, A. D. 1864, owners of lots or parts of lots fronting on Carlisle and Baltimore Streets or on the Public Square of said Borough, may pave with "Patent Concrete" material the sidewalks thereof, in lieu of brick.

Enacted and ordained this twenty-fourth day of June, A. D. 1864. G. H. DAVIDSON, Burgess.

Attest:
A. K. WEIR, Sec.
Greencastle, June 28, 1864.-3t.

NEW STORE.

I have lately resumed my old business, and to those who were formerly my friends and patrons, and to the entire community, I have the joyful intelligence to communicate that I have just returned from the city, with a large and well selected assortment of **BOOTS AND SHOES**. I took great pains in purchasing my stock, and I am prepared to announce that I have nothing in my store which is not fashionable, durable and serviceable; and I intend to sell my stock at very

SHORT PROFITS.

In addition to my ready-made stock, I have also all kinds of Leather, Shoe Findings, and all the appendages which are ordinarily found in a store of this kind.

I am constantly receiving a new supply of Boots and Shoes from the city.

NEW WORK.—I am also prepared to make new work to order on the shortest notice. Persons in want of anything in this department, which will fit them comfortably, and look as neat as city work, and wear until they are tired of it, will do well to call on me, being supplied with the very best material.

I take this method of returning my thanks to my many friends and customers, who have formerly so liberally patronized me, and express my willingness to take the dimensions of their pedal extremities and give them fits whenever they call, at prices, too, cheaper than can be found in the township.

☞ All Rips sewed gratis.

☞ Store one door West of Hostetter & Co's Grocery Store, and nearly opposite the Union Hotel. SAMUEL HAMMILL.

Greencastle, May 24, 1864.-1y

U. S. 10-40 BONDS.—These Bonds are issued under the Act of Congress of March 8 1864, which provides that all Bonds issued under this Act shall be EXEMPT FROM TAXATION by or under any state or municipal authority. Subscriptions to these Bonds are received in United States notes or notes of National Banks. They are TO BE REDEEMED IN COIN, at the pleasure of the Government, at any period *not less than ten nor more than forty years* from their date, and until their redemption FIVE PER CENT. INTEREST WILL BE PAID IN COIN; on Bonds of not over one hundred dollars annually and on all other Bonds semi-annually. The interest is payable on the first days of March and September in each year.

Subscribers will receive either Registered or Coupon Bonds, as they may prefer. Registered Bonds are recorded on the books of the U. S. Treasurer, and can be transferred only on the owner's order. Coupon Bonds are payable to bearer, and are more convenient for commercial uses.

Subscribers to this loan will have the option of having their Bonds draw interest from March 1st, by paying the accrued interest in coin—(or in United States notes, or the notes of National Banks, adding fifty per cent. for premium,) or receive them drawing interest from the date of subscription and deposit. As these Bonds are

Exempt from State or Municipal Taxation,

their value is increased from one to three per cent. per annum, according to the rate of tax levies in various parts of the country.

At the present rate of premium on gold they pay

OVER EIGHT PER CENT. INTEREST

in currency, and are of equal convenience as a permanent or temporary investment.

It is believed that no securities offer so great inducements to lenders as the various descriptions of U. S. Bonds. In all other forms of indebtedness, the faith or ability of private parties or stock companies or separate communities only is pledged for payment, while for the debts of the United States the whole property of the country is holden to secure the payment of both principal and interest in coin.

These Bonds may be subscribed for in sums from $50 up to any magnitude, on the same terms, and are thus made equally available to the smallest lender and the largest capitalist. They can be converted into money at any moment, and the holder will have the benefit of the interest.

It may be useful to state in this connection that the total Funded Debt of the United States on which interest is payable in gold, on the 3d day of March, 1864, was $768,975,000. The interest on this debt for the coming fiscal year will be $45,937,126, while the customs revenue in gold for the current fiscal year, ending June 30th, 1864, has been so far at the rate of over $100,000,000 per annum.

It will be seen that even the present gold revenues of the Government are largely in excess of the wants of the Treasury for the payment of gold interest, while the recent increase of the tariff will doubtless raise the annual receipts from customs on the same amount of importations, to $150,000,000 per annum.

Instructions to the National Banks acting as loan agents were not issued from the United States Treasury until March 26, but in the first three weeks of April the subscriptions averaged more than TEN MILLIONS A WEEK.

Subscriptions will be received by the
First National Bank of Philadelphia, Pa.
Second National Bank of Philadelphia, Pa.
Third National Bank of Philadelphia, Pa.
AND BY ALL OTHER NATIONAL BANKS
which are depositaries of Public money, and all
RESPECTABLE BANKS AND BANKERS
throughout the country, (acting as agents of the National Depositary Banks,) will furnish further information on application and

Afford every Facility to Subscribers.

GREAT DISCOVERY!
KUNKEL'S
Bitter Wine of Iron,

For the cure of weak stomachs, general debility, indigestion, diseases of the nervous system, constipation, acidity of the stomach, and for all cases requiring a tonic.

This wine includes the most agreeable and efficient Salt of Iron we possess; Citrate of Magnetic Oxide combined, with the most energetic of vegetable tonics, Yellow Peruvian Bark. The effect in many cases of debility, loss of appetite, and general prostration of an efficient Salt of Iron, combined with our valuable Nerve Tonic, is most happy. It augments the appetite, raises the pulse, takes off muscular flabbiness, removes the palor of debility, and gives a florid vigor to the countenance.

Do you want something to strengthen you?
Do you want a good appetite?
Do you want to build up your constitution?
Do you want to feel well?
Do you want to get rid of nervousness?
Do you want energy?
Do you want to sleep well?
Do you want a brisk and vigorous feeling?
If you do, try

Kunkel's Bitter Wine of Iron!

This truly valuable Tonic has been so thoroughly tested by all classes of the community that it is now deemed indispensable as a tonic medicine. It costs but little, purifies the blood, and gives tone to the stomach, renovates the system, and prolongs life I now only ask a trial of this valuable tonic.

COUNTERFEITS.

BEWARE OF COUNTERFEITS.—As KUNKEL'S BITTER WINE OF IRON is the only sure and effectual remedy in the known world for Dyspepsia and Debility, and as there are a number of imitations offered to the public, we would caution the community to purchase none but the genuine article, manufactured by S. A. KUNKEL, and has his stamp on the top of the cork of every bottle. The very fact that others are attempting to imitate this valuable remedy proves its worth and speaks volumes in its favor.

The BITTER WINE OF IRON is put up in 75 cent and $1 bottles, and sold by all respectable druggists throughout the country. Be particular that every bottle bears the *fac simile* of the proprietor's signature.

A general assortment of all kinds always on hand. Call and see the beautiful stock just opened.

Greencastle, November 17, 1863-1y.

VINELAND.
TO ALL WANTING FARMS.
New Settlement of Vineland.
A REMEDY FOR HARD TIMES.

A Rare Opportunity in the Best Market, and Most Delightful and Healthful Climate in the Union. Only thirty miles South of Philadelphia, on a Railroad; being a Rich, Heavy Soil, and Highly Productive Wheat Land; Amongst the Best in the Garden State of New Jersey.

It consists of 20,000 acres of GOOD land, divided into Farms of different sizes to suit the purchaser—FROM 20 ACRES AND UPWARDS—and is sold at the rate of from $15 to $20 per acre for the farm land, payable one-fourth cash, and the balance by quarter-yearly installments, with legal interest, within the term of four years.

The Soil is, in great part, a Rich Clay Loam, suitable for *Wheat, Grass and Potatoes*—also a dark and rich sandy loam, suitable for corn, sweet-potatoes, tobacco, all kinds of vegetables and root crops, and the finest varieties of fruit, such as Grapes, Pears, Peaches, Apricots, Nectarines, Blackberries, Melons and other fruits, best adapted to the Philadelphia and New York Markets. In respect to the *soil* and *crops* there can be no mistake, as visitors can examine both, and none are expected to buy before so doing, and finding these statements correct—under these circumstances, unless these statements were correct, there would be no use in their being made. It is considered the best Fruit soil in the Union.

[See Reports of Solon Robinson, Esq., of the New York *Tribune*, and the well-known agriculturist, William Parry, of Cinnaminson, New Jersey, which will be furnished inquirers.]

The Market.---By looking over a map the reader will perceive that it enjoys *the best market in the Union*, and has direct communication with New York and Philadelphia *twice* a day, being only *thirty-two* miles from the latter. Produce in this market brings double the price that it does in locations distant from the cities. In this location it can be put into market the same morning it is gathered, and for what the farmer sells he gets the highest price: whilst groceries and other articles he purchases he gets at the lowest price. In the West, what he sells brings him a pittance, but for what he buys he pays two prices. In locating here the settler has many other advantages. He is within a few hours, by railroad, of all the great cities of New England and the Middle States. He is near his old friends and associations. He has school for his children, divine service, and all the advantages of civilization, and he is near a large city.

The Climate is delightful; the winters being salubrious and open, whilst the summers are no warmer than in the North. The location is upon the line of latitude with northern Virginia.

Persons Wanting a change of Climate for Health, would be much benefitted in Vineland. The mildness of the climate and its bracing influence, makes it excellent for all *pulmonary affections, dyspepsia or general debility*. Visitors will notice a difference in a few days. *Chills and fevers are unknown.*

Conveniences at Hand.—Building material is plenty. Fish and oysters are plenty and cheap.

Visitors must expect, however, to see a new place.

Why the Property has not been Settled Before?—This question the reader naturally asks. It is because it has been held in large tracts by families not disposed to sell, and being without railroad facilities they had few inducements. The Railroad has just been opened through the property this season, for the first time.

Visitors are shown over the land in a carriage, free of expense, and afforded time and opportunity for thorough investigation. Those who come with a view to settle, should bring money to secure their purchases, as locations are not held upon refusal.

The Safest thing in Hard Times, where people have been thrown out of employment or business, and possess some little means or small incomes, is to *start themselves a home*. They can buy a piece of land at a small price, and earn more than wages in improving it, and when it is done it is a certain independence and no loss. A few acres in fruit trees will insure a comfortable living. The land is put down to hard-times, and all improvements can be made at a cheaper rate than most any other time.

The whole tract, with six miles front on the railroad, is being laid out with fine and spacious avenues, with a town in the centre—five acre lots in the town sell at from $150 to $200; two and a-half acre lots, at from $80 to $120, and town lots 50 feet front by 150 feet deep, at $100—payable one-half cash and the balance within a year. It is only upon farms of twenty acres, or more, that four years' time is given.

To Manufacturers, the town affords a fine opening for the Shoe manufacturing business, and other articles, being near Philadelphia, and the surrounding country has a large population, which affords a good market.

This settlement, in the course of several years, will be one of the most beautiful places in the country, and most agreeable for a residence.

It is intended to make it a Vine and Fruit growing country, as this culture is the most profitable and the best adapted to the market. Every advantage and convenience for settlers will be introduced which will insure the prosperity of the place. The hard times throughout the country will be an advantage to the settlement, as it compels people to resort to agriculture for a living.
