Canal Letting.

PROPOSALS will be received at the Susquehanna Canal Office, in the City of Lancaster, from the 31st inst. until the 5th January, 1836, for all the necessary *Excavation, Embankment, Wall, &c.* on eight miles of said canal, extending from Whitmer's mill, near the borough of Washington, to Eshleman's sluice, about one mile below the mouth of the River Conestoga.

Profiles, specifications and other information of importance to builders, can be seen at the Canal Office, at any time after the 20th inst., and also the form of contract that each Contractor will be required to sign.

Persons proposing for work are requested to name their address in the proposition, as successful bidders will be notified of the result by mail, as soon as the allotments are made.

CONSUMPTION CURED.
INDIAN SPECIFIC

For the prevention & cure of Coughs, Colds, Asthmas, Consumptions, Spitting of Blood, Diseases of the Breast and Lungs, &c. prepared by Dr. CLARKSON FREEMAN, of the City of Lancaster.

DIRECTION,

Accompanying each bottle of the Specifick, pointing out in a conspicuous manner, all the symptoms in the different stages of these distressing diseases—also particular directions respecting diet and regimen, and how patients are to conduct through every stage until health is restored—for vain and useless would be the prescriptions of the ablest physicians, accompanied with the most powerful and useful medicines, if the directions are not faithfully adhered to.

The public are informed that the depositions of 287 persons have been taken before proper authorities in the city of Lancaster, all completely cured in the most desperate cases of consumption, some of which are detailed in the bills accompanying each bottle.

*** A supply of the above Specifick has been received and is for sale at this office.

SWAIM'S PANACEA.

COPY of a letter from William L. Hirst, Esq. Attorney at Law, No. 63 South Seventh st. Philadelphia.

Philadelphia, February, 1833.

Dear Sir,—Your "Panacea" has accomplished a cure so remarkable, that I feel bound to certify it. My brother Lucas about three years since, was afflicted with a severe attack of scrofula.—His head was completely covered with ulcers so thick and close that they grew one over the other; and his face and body were covered also with numerous sores, he was under the most judicial medical treatment for nine months, without the least amendment, growing worse daily, and every variety of remedy was used, according to the regular practice of medicine. It was upon a time when he was looked upon as incurable that I resolved to procure your "Panacea" for him. The effect was quite wonderful. Without any change of his customary diet, three bottles, and about one half of the fourth, restored him to perfect health. It is now two years since he was cured; he remains well and is as hearty and robust as any boy of his age in this city.

Yours respectfully,
Mr. Wm. Swaim, W. L. HIRST.

The following letter from an eminent military character, will serve to show the estimate in which Swaim's Panacea is held in Europe.

Extract of a letter from Major General Pearson, of the British Army, to William Swaim.

BOULOGNE SUR-MER, June, 1833.

My Dear Sir—You must attribute solely to the effects of indisposition, occasioned by an attack of Erysipelas, my not having sooner complied with your wishes of sending you an account of my general health; which I am assured, you will be gratified to learn is improving in every respect, even faster than my most sanguine friends could have anticipated.—My constitution received such a shock from severe wounds and exposure to different climates, most probably rendered me more susceptible to suffering, as in the case of my accident from my horse falling with me and crushing my leg, which had previously been injured by two severe gun-shot wounds, and I have no hesitation in saying that to the effects of your Panacea, in which I have every confidence, I may attribute my speedy restoration to health.—There are several people at Cheltenham anxiously inquiring after you, &c.

I cannot close this short letter without assuring you that few more fully appreciate the invaluable qualities of your inestimable Panacea than myself.

I remain, my dear sir, truly yours,
T. PEARSON.

To Mr. William Swaim, Proprietor of Swaim's Panacea, Morsley's Hotel, Trafalgar Square, London.

Swaim's Panacea.—In gratitude to my benefactors, as well as for the benefit of many suffering afflicted fellow beings in similar circumstances, I deem it a duty to certify, that I have been afflicted for about thirteen years with scrofulous ulcers, or what was called King's Evil. I had many tumours on different parts of my body, particularly on my neck, shoulders, side and knees, which broke out into ulcers and large holes; those in my neck and throat were so bad that it was with much difficulty I could swallow my food and drink, as it would frequently *run out of the holes in my neck.* I likewise had large holes or ulcers on my shoulders, knees and sides, with exfoliations of the bones, insomuch as I was unable to walk or do any thing whatever, and was confined to my bed the greater part of the time. I was obliged to be propped up in bed, as I could not lie, for fear of suffocation. I had a bad cough, and the sores or ulcers were very offensive. I was attended by several respectable physicians of Philadelphia, by one particularly for two years, and had at different times above forty blisters applied by their orders, and the tumours lanced; besides all of which I had tried many remedies made in imitation of Mr. Swaim's Panacea. I suffered much pain, with loss of sleep and rest, and was wore down to a mere skeleton. At length being recommended to put myself under the care of Mr. William Swaim, I was conveyed to him in a wagon, on a bed, in August, 1825, who at first refused to prescribe for me, as I suppose he considered mine a hopeless case, and asked if they had brought me there to die. I was conveyed home again—but through the interference of Doctor Mease, he was induced to make the experiment, by administering his Panacea; and after taking a tablespoonful three times a day, in a few days I perceived a very sensible alteration. My appetite began to mend; I could swallow with ease, the sores began to heal, and after using five bottles of his Panacea, with the blessing of Divine Providence, all the sores healed up, and I am now perfectly well, having grown more fleshy, can sleep and rest well; and can walk almost any distance, and attend to my work, as well as ever.

SWAIM'S VERMIFUGE.

AS this is a season of the year when *Diarrhœas* are prevalent, as well as the *Summer Complaint* in children, which annually destroys thousands, it is of the greatest importance that public should be able to have access to some general and efficient remedy, which by timely administration, is capable of arresting these complaints and preventing the serious consequences which inevitably result from neglect or suffering them to run on unheeded.—Many of the diseases which arise from the disordered state of the stomach, at the present time are not only arrested but prevented by the use of the *Vermifuge.* To children who are sickly, with loss of appetite or who may be infested with *Worms,* it is given with the most decided advantage. The Vermifuge is worthy of the particular attention of parents, and guardians of children.

Chlorine Teeth Wash.

The well known qualities of the Chloride of Soda, in purifying generally, have induced this establishment to prepare a Teeth wash, in which it forms an important ingredient. As a general cleanser of the teeth and gums, it has no equal. It prevents the accumulation of tartar, and by destroying all offensive matter in the teeth, prevents an unpleasant breath. One great quality this article possesses over every preparation for the same purpose is, that it keeps the teeth brush clean while in use. Price 37½ cents per bottle. Just received and for sale by. DR. J. W. HOOD'S TRUSS.

For the immediate Relief and Radical Cure of Hernia or Rupture.

DR. ENOS CHICHESTER has purchased the right of vending and applying Dr. J. W. Hood's Truss in Schuylkill county. This Truss has received the sanction of the most respectable Surgeons & physicians of Philadelphia, by which a radical cure of this disease, an expectation that had nearly been abandoned as hopeless, is accomplished with almost absolute certainty and with perfect safety. Upwards of a hundred cases treated within a short time in this city and vicinity, are known to be permanently cured, and the patients can now dispense with the use of any instrument. A success like this is unexampled in the annals of Surgery. This instrument, and the method of perfecting a radical cure of Hernia, are now offered to those afflicted with this troublesome complaint.

He proposes it with confidence for the treatment of this disease, and as meeting every indication on correct surgical principles for its radical cure. The trusses heretofore employed merely palliate the symptoms of the disease, they rarely ever effect a radical cure, and hence must be continually worn by the patient, often greatly to his annoyance. After the cure by the present apparatus is effected, all instruments are discontinued.

This Truss, with its appendages, can be worn at any age, and by both sexes, without interruption of business.

Gentlemen are referred to the following members of the profession, relative to this instrument and its claims in effecting radical cures.

WILLIAM GIBSON, Professor of Surgery in the University of Pennsylvania.
GRANVILLE SHARP PATTISON, Professor of Anatomy in the Jefferson Medical College.
SAMUEL JACKSON, Professor of the Institutes of Medicine in the University of Pennsylvania.
GEORGE M'CLELLAN, Professor of Surgery in the Jefferson Medical College.
HENRY BOND, Secretary of the Philadelphia College of Physicians.
EDWIN A. ATLEE, M. D.
EDWIN P. ATLEE, M. D.

Letters to the above named gentlemen must be free of expense.

Copy of a letter from Samuel Jackson, Professor of the Institutes of Medicine in the University of Pennsylvania.

DOCTOR HOOD:

Dear Sir:—From the uniform failure of all the trusses I have seen, and of the treatment employed for hernia in procuring a radical cure by safe means, I had abandoned all expectation of seeing this desirable object reached. I must confess, that your apparatus and method of treating hernia, has, I believe, accomplished this desideratum, and the disease is rendered not only manageable, but in the greater portion of cases curable by the processes of art.

The principle of your treatment and of the operation of your apparatus is based to the physiology of the tissues, and is one of the soundest in theoretical and practical surgery.

There is nothing empirical in your proceedings or your instruments. They are the application of a well established principle of our science to the production of a specific effect. Professional instruction, skill and tact are necessary to attain it with certainty. The instruments alone, without appropriate management and the adaption of their action to the individual according to the constitutional and other peculiarities of each case, would prove of little utility, or might even defeat the intention of the treatment.

From the remarkable success that has attended your treatment, and the cases of decided cures that have come under my own observation, giving the sanction of facts in support of the scientific principle, I have no hesitation in regarding your apparatus and method of treatment as established in medical science. With consideration and respect, truly yours,

SAMUEL JACKSON.

We have in our possession a number of certificates of the first respectability relative to the cures performed by this instrument, which we will show to any person desirous of satisfying himself with regard to the efficacy of the invention.

Persons desirous of being cured of hernia or rupture, will do well to call on the subscriber before the extreme hot weather sets in, as the disease can be more readily cured in moderate than in hot weather.

Physicians desirous of procuring the right of using the above invention, can receive information on the subject or purchase the right of the subscriber, who is authorized to act as agent of patentee.

DOW'S
FAMILY MEDICINE.

THIS medicine has been found of great efficacy by thousands in New England and elsewhere, for the cure of all those disorders called Billious, Dispepsia, Ague, Costiveness, Loss of Appetite, Affections of the Liver, Dysentery, Common Bowel complaint, &c. For these different complaints it is recommended as a safe and speedy cure.

RECOMMENDATIONS.

We the subscribers having made a free use of DOW'S FAMILY MEDICINE, do certify that it is very gentle and sure in its operations as a cathartic, and that it possesses a peculiar quality to remove obstructions in the stomach and bowels, and in curing of bad humors. We believe it well adapted to the cure of the above mentioned diseases—we also believe it to be an excellent medicine for *Females* in a debilitated or declining state, for a mach as it does not weaken the patient (although taken frequently) but restores the stomach to a proper tone by assisting the digestion and thereby assisting the appetite, &c.
