\$75,000 00 Lebanon 1.050 29 The attention of the several districts of the commonwealth is respectfully directed to the fifth section of the supplement to the school law, (passed the 15th of April, 1835.) Agreeably with the provisions of that section, the portions of that section, the state appropriation intended for the several districts not accepting the school law, are to remain and accumulate in the treasury of the proper

the toth day of April, 1001. Perore that day only pne joint meeting of delegates and county commissioners (viz. on the 2d day of May next) can or will take place: at which joint meeting in the several divisions, or at some of the regular adjoint meeting the several divisions, the number of districts which shall be entitled to a dividend of the said two years accumulation, will be unalterably

It will therefore be perceived that the approaching election of directors (on the 18th day of March next) is a subject of deep import to the districts which have hitherto rejected the system. The claim of the districts to the two years dividends of appropriation, which will at the end of that period, remain for their pse in the proper county treasuries, will be established or abandoned by the vote which their representatives may give in the next May joint meeting. Consequently the meeting to elect directors in March will be the only opportunity presented to the citizens of each hitherto refusing district, to determine by choosing their representatives in the board of directors,

whether they will accept the two years accumulation of school mosey.

In addition to the two ordinary annual state appropriations of \$75,000 there will, also be, on the 15th of April 1837, subject to distribution un der the above mentioned provisions of the 5th sec tion of the supplement an instalment \$100,000 payable by the bank of the United States to the ommon school fund of the present year.
