Coal Veins to Rent.

IN Mine Hill, on the West Branch Rail Road nine and a half miles from Schuylkill Haven, and one and a half above Minersville—the veins are well calculated for an extensive business the present season—capable of producing from 8 to 10,000 tons without additional expense for gangways or air ventilators; a large stock of coal on the platform, mined during the winter; one vein 9, and the other 12 feet thick, of coal, of very good quality—prop timber on the property adjacent to the mines.

For terms and further particulars, apply to

JAMES DUNDAS,
Commercial Bank, Philadelphia, or
ROBERT C. HILL,
Schuylkill Haven.

DR. J. W. HOOD'S TRUSS.

For the immediate Relief and Radical Cure of Hernia or Rupture.

DR. ENOS CHICHESTER has purchased the right of vending and applying Dr. J. W. Hood's Truss in Schuylkill county. This Truss has received the sanction of the most respectable Surgeons & physicians of Philadelphia, by which a radical cure of this disease, an expectation that had nearly been abandoned as hopeless, is accomplished with almost absolute certainty and with perfect safety. Upwards of a hundred cases treated within a short time in this city and vicinity, are known to be permanently cured, and the patients can now dispense with the use of any instrument. A success like this is unparalleled in the annals of Surgery. This instrument, and the method of perfecting a radical cure of Hernia, are now offered to those afflicted with this troublesome complaint.

He proposes it with confidence for the treatment of this disease, and as meeting every indication on correct surgical principles for its radical cure. The trusses heretofore employed merely palliate the symptoms of the disease, they rarely ever effect a radical cure, and hence must be continually worn by the patient; often greatly to his annoyance. After the cure by the present apparatus is effected, all instruments are discontinued.

This Truss, with its appendages, can be worn at any age, and by both sexes, without interruption of business.

Gentlemen are referred to the following members of the profession, relative to this instrument and its claims in effecting radical cures.

WILLIAM GIBSON, Professor of Surgery in the University of Pennsylvania.
GRANVILLE SHARP PATTISON, Professor of Anatomy in the Jefferson Medical College.
SAMUEL JACKSON, Professor of the Institutes of Medicine in the University of Pennsylvania.
GEORGE M'CLELLAN, Professor of Surgery in the Jefferson Medical College.
HENRY BOND, Secretary of the Philadelphia College of Physicians.
EDWIN A. ATLEE, M. D.
EDWIN P. ATLEE, M. D.

Letters to the above named gentlemen must be free of expense.

Copy of a letter from Samuel Jackson, Professor of the Institutes of Medicine in the University of Pennsylvania.

DOCTOR HOOD:

Dear Sir:—From the uniform failure of all the trusses I have seen, and of the treatment employed for hernia in procuring a radical cure by safe means, I had abandoned all expectation of seeing this desirable object reached. I must confess, that your apparatus and method of treating hernia, has, I believe, accomplished this desideratum, and the disease is rendered not only manageable, but in the greater portion of cases curable by the processes of art.

The principle of your treatment and of the operation of your apparatus is based to the physiology of the tissues, and is one of the soundest in theoretical and practical surgery.

There is nothing empirical in your proceedings or your instruments. They are the application of a well established principle of our science to the production of a specific effect. Professional instruction, skill and tact are necessary to attain it with certainty. The instruments alone, without appropriate management and the adaption of their action to the individual according to the constitutional and other peculiarities of each case, would prove of little utility, or might even defeat the intention of the treatment.

From the remarkable success that has attended your treatment, and the cases of decided cures that have come under my own observation, giving the sanction of facts in support of the scientific principle, I have no hesitation in regarding your apparatus and method of treatment as established in medical science. With consideration and respect, truly yours,

SAMUEL JACKSON.

We have in our possession a number of certificates of the first respectability relative to the cures performed by this instrument, which we will show to any person desirous of satisfying himself with regard to the efficacy of the invention.

Persons desirous of being cured of hernia or rupture, will do well to call on the subscriber before the extreme hot weather sets in, as the disease can be more readily cured in moderate than in hot weather.

Physicians desirous of procuring the right of using the above invention, can receive information on the subject or purchase the right of the subscriber, who is authorized to act as agent of patentee.

DOW'S FAMILY MEDICINE.

THIS medicine has been found of great efficacy by thousands in New England and elsewhere, for the cure of all those disorders called Bilious, Dispepsia, Ague, Costiveness, Loss of Appetite, Affections of the Liver, Dysentery, Common Bowel complaint &c. For these different complaints it is recommended as a safe and speedy cure.

RECOMMENDATIONS.

We the subscribers having made a free use of Dow's FAMILY MEDICINE, do certify that it is very gentle and sure in its operations, as a cathartic, and that it possesses a peculiar quality to remove obstructions in the stomach and bowels, and in curing of bad humors. We believe it well adapted to the cure of the above mentioned diseases—we also believe it to be an excellent medicine for Females in a debilitated or declining state, for as much as it does not weaken the patient (although taken frequently,) but restores the stomach to a proper tone by assisting the digestion and thereby assisting the appetite &c.

VEGETABLE ANTI-BILIOUS PILLS.

The use of these Pills is an useful prevention of epidemic complaints, especially of such as prevail during the summer and fall seasons, viz: Bilious Fever, Cholera Morbus, Ague, Dysentery, &c. as these complaints are chiefly occasioned by an irregular secretion of the bile, and a morbid state of the stomach.—These pills are also a safe and speedy remedy, for a sick and disordered stomach, head ache, loss of appetite, costiveness, dizziness, languid and aching limbs, stupor, fever and ague, dispeptic bilious fever and derangement in the functions of the liver.
