his habits, resided at his father's house and had attended in his store for nevers years. Boston Daily Adv.

Fatal Accident .- A melancholy an fatal accident occurred, as we learn, at the ship yard of Mr. L. H. Duncan, Fell's Point, on Friday morning last. While a number of workmen were engaged in raising a piece of timber up the side of a vessel, the staging on which they stood suddenly gave way, and precipitated the whole of them, eight in number, to the ground, a distance of 20 or 30 feet, with the ruins of the stage upon them. One of the works men, Mr. J. Townsend, was killed instantly by the fall, and all the others were injured, most of them severely .- Baltimore Patroni

Weather .- We had a heavy blow from the Northwest on Thursday night last, atcompanied with rain. The weather has

we noticed a day or two since, was it appears, a victim to intemperance. He had pears, a victim to intemperance. He had been respectable and highly esteemed, but his habits changed his character and fortune, and reduced him to misery and indigence. A gleam of pride, however, still seems to have lingered in his bosom, at the moment be was about perpetrating the deed which was to separate him from his family forever. The following is given as account of a "Melancholy Suicide," at Boston, together with a fatal accident near Baltimore, also one suicide by drowning, and another by hanging, at Holoken and

the opinion of philosophic sages that suicides and surviers beget each other—that the Hoose to exquire into. He referred to the
cides and surviers beget each other—that the Hoose to exquire into. He referred to the
cides and surviers beget each other—that the Hoose to exquire into. He referred to the
instead of avoidance. This observation is
doubtless just. Both, however, proceed is
most cases from mental derangement.—
None but downright madesia would destroy themselves, and those who commit
murder are generally more of less deranged, though not always to such an externinged, though not always to such an externmess are both mental and physical. The
mental causes are therefore of the passsions of the mind, when saffered to grow
wild and ungovernable, eripendered so by
intemperate habits: He wis is unwilling
or quable to curit or repress his vindictive or other vicious pessions is always in
danger of having his reason to a greater
or less degree subverted. In this state he
is ripe for any species of wickedness.

When he recovers nothing is left but to
mourn over his own folly and rashness, to
curse his own folly and rashness, to
come the exquire into. He referred to the chiral and thought in the case of the postic,
are fitted and resource mixed. The second the fitted and the control of the capture

the entire cargo was seved. Thus has
been an assurance which had been to extend the fitted and weeked in going over the bore
the stroy themselves to doubt the fitted and weeked in going over the bore
the stroy themselves to doubt the correct the mint to
more of the capture of the passions of the minute of the capture of the same to doubtless proved a most climately the
control of the minute of the passions of the minute of the passions of the minute of t by some of the friends of the decasted to that they sent for their mother, who was suppress the details of the melancholy example at a neighbors house. She came to the protection of her children, is to do so, we find it impossible. The several of whom were very small, and end out doubt truly, attributed by the family and discussed the transaction; and it cannot conduct, the attempted to force him out of the transaction; and it cannot conduct, the attempted to force him out of the partial already describing the very while engaged in this attempt to be kept a secret. If we did not give it full doors. While engaged in this attempt to indicate secret. If we did not give it full doors. While engaged in this attempt to indicate the fine of the indicated at the indicate the fine of the indicated t mentally good disposition, and hitherto except a subject of which inflicted a deep wound, the ampliaty deportment.

"Since writing the above, we have learning the above, we have learning the Coroner, Mr. Dickerson, that this condition, supporting her bowels upon the Coroner, Mr. Dickerson, that this condition, supporting her powels upon the thing the divorce of Mrs. Wade was pending, the designed had differed her honorable strengthest for the coroner, which he had hoped for, was driven to desperation. When he presented the honse of a relative, where he borrowed in postal inward her, he coherrow, and after sharpening it, made and his wife, which comprises its family, had wish deep before to day, had we taken my to do this deed before to day, had we taken my contemplated ride." This was said, as but products was mended to have had an opportunity to do this deed before to day, had we taken my contemplated ride." This was said, as but probably will not long survive. She taken my some person of large and the powel of mission of some neighboring finds received to find an above described, dead, but not yet cold. A just yet made to be produced to have lead a covardly and answers and them in yet return about 4 octors, he was found. The unfortunate woman is still living, tontemplated ride." This was said, as the probably will not long survive. She my detailed the production of large the cold of made are considered to find the constraint of mission of some neighboring find it coldes, and refer to day, had we taken my and the production of the color, and after survive. The unfortunate woman is still living, tontemplated ride." This was said, as above described, dead, but not yet cold. A just yet cannot be a constraint to the form of mission passion. The case of Brown is an instance that he had not colored, when it is probably will not long survive. She the first the first of mission passion. The case of Brown is an instance with distance and of his passion. The passion of large and the passion of large and the passion. The render their victims truly objects of com-passion. The case of Brown is an instance of madness resulting from jealousy, as is supposed. The horrid effects of this par-sion, the offspring of leve, are, as every cultivated reader known, illustrated most cultivated reader knows, illustrated most be measures of the eliministration, and the measures of the eliministration, and the measures of the public money is expended, and

produced a great deal of excitement in NJ York. If the young man be really guilty he is likely to terminate his existence.

Mr. Wise, in a recent speech, said that Reuben M. Whitney did receive compenention indirectly from government.

The public money was loaned without interest. The banks have it, and it is worth to them at least since been clear and moderate.

Bally Will Cool .= On Be ing, the canal boat Mine Hill with the first cargo of Coal direct from the Schuylkill region this season, arrived B. 100 Par. Blount Locks. The coal is fruit T. C. Williams & Co.'s colliery, and is cossign ed to S. S. Williams .- U. S. Gas.

Plorida.—Advices from Picelett bave been received to the 17th inst. Gen. Scott arrived at the WithIscouchie on the 28th March, without meeting the Indians. It was believed that they were dispersing and making for the everglades. It is said that Colonel Lindsay had a brush with Gen. Macomb had left Picolate for Tempa Bay. - N. Y. Transcript.

The New Orleans True American of the 4th inst. says For the last three days there has been a variety of reports from Texas, but in none of which much reliance

can be placed.
It is probable that Col. Family has had a fight with the Mexicans, at of user. Goli-ad,—it is said that in the fight 1500 of the enemy were killed. It was reported last night, that San Antonio had been retaken, but after diligent enquiry we could not obtain any information in relation to the report, upon which we could at all rely.
Santa Anna's official account of the tak-

ing of San Antonio is in town. He acknowledges that the fighting was pretty hard, and boasts of having killed 600 Texions, out of the 180 is the Fort. He is silent as to the first attack.

From the N. Y. Courier. We are happy to learn by recent advi-ces from New Orleans, that the account published some time since of the capture

of ourse than four millions of English seres, each sere producing to the average two insulated and fifty gallons of wine.
