For the immediate Keilef and Madital Lare of Hernis or Raphare. DR. ENOS CHICHESTER has purchased the right of vending and applying Dr. J. W. Hood's Trues in Subaylkill county. This Trues has reported the sanction of the most respectable Surgeons & physicians of Philadelphis, by which a radical cure of this discusse, in expectation that had nearly been abandoned as hopeless, is ac-compliant with almost absolute certainty and had nearly been abandoned as hopeless, is ac-complianed with almost absolute certainly and with perfect safety. Elipwards of a bindred cases treated within a short time in this city and vicin-ity, are known to be permanently cured, and the patients can now dispense with the use of any instrument. A success like this is inexampled in the annals of Surgery. This instrument, and the method of perfecting aradical cure of Hagming are now offered to those afflicted with this trob-blesome complant.

are now offered to those allicited with this troc-blesome complaint. He proposes it with confidence for the treat-ment of this disease, and as meeting every indi-cation on correct surgical principles for its radi-cal cure. The trusses heretofore employed mere-ly palliate the symptoms of the disease, they rarely ever effect a radical cure, and hence must be continually worn by the patient, often greatly be continually worn by the patient, often greatly to his annoyance. After the cure by the present apparatus is effected, all instruments are discon-

DOCTOR HOOM Dear Sir .- From the uniform failure of all Dear Sir From the uniform half or of all the trusses I have seen, and off the treatment em-ployed for hernia in procuring a radical cure by safe means. I had abandoned all expectation of seeing this desirable object reached. I must con-fees, that your upparatus and method of treating hernia, has, I believe, accomplished thus desider-atum, and the discuss is rendered not only man-averable, but in the circular parties of rease cure ageable, but in the greater portion of cases cura-ble by the processes of art.

The principle of your treatment and of the op-The principle of your treatment and on the op-eration of your apparatus is based to the physiol-ogy of the tissoes, and is one of the soundest in theoretical and practical surgery. There is nothing empirical in your proceedings

or your instruments. They are the application of a well established principle of our science to the production of a specific effect. Professional in-struction, skill and tact are necessary to attain it with certainty. The instruments slove, without appropriate management and the adaption of their action to the individual according to the constitutional and other peculiarities of each case, would prove of little utility, or might even defeat the in-

tention of the treatment. From the remarkable success that has attended your treatment, and the cases of decided cures that have come under my own observation, giv ing the sanction of facts in support of the scienti-fic principle, I have no besitation in regarding your apparatus and method of treatment as estab-, lished in medical science. With consideration and respect, traly yours, SAMUEL JACKSOP.

We have in our possession a number of certifi-cates of the first respectability relative to the cures performed by this instrument, which we will show to any person desirous of satisfying himself with
