CONSUMPTION CURED.
INDIAN SPECIFIC
For the prevention & cure of Coughs, Colds, Asthmas, Consumptions, Spitting of Blood, Diseases of the Breast and Lungs, &c. &c. prepared by Dr. CLARKSON FREEMAN, of the City of Lancaster.

DIRECTION,

Accompanying each bottle of the Specifick, pointing out in a conspicuous manner, all the symptoms in the different stages of these distressing diseases—also particular directions respecting diet and regimen, and how patients are to conduct through every stage until health is restored—for vain and useless would be the prescriptions of the ablest physicians, accompanied with the most powerful and useful medicines, if the directions are not faithfully adhered to.

The public are informed that the depositions of 287 persons have been taken before proper authorities in the city of Lancaster, all completely cured in the most desperate cases of consumption, some of which are detailed in the bills accompanying each bottle.

*** A supply of the above Specifick has been received and is for sale at this office.

Valuable Farm and Water Power, FOR SALE.

THE Subscriber offers for sale a valuable farm containing 339 acres, situate on the Little Schuylkill Rail Road, 1¼ miles from Port Clinton and the Schuylkill canal, and one eighth of a mile from the Centre Turnpike. About 100 acres of this land is now under cultivation.

The improvements consist of dwelling house, a large new stone barn, 40 by 70 feet, a new lime kiln, and a thriving young orchard of 250 to 300 Apple, Pear and Peach trees, of a superior kind. The Little Schuylkill Rail Road from Port Clinton to Tamaqua passing through this property, affords every facility for transporting lime stone to this farm, to the means of manuring and improving it at a moderate expense.

The land is well stocked with Pine, Hemlock, Chesnut and Oak timber.—The Little Schuylkill passing through this land affords one of the most desirable Water Powers in the county, for Forges, Furnaces or Mills, for which it is otherwise well calculated. The stream is a never failing one, and from 20 to 25 feet head and fall may be obtained on the property.

The above property will be sold low, and the terms made easy.

Persons wishing to purchase, can obtain further information by applying to the subscriber, in ottsville. ROBERT WOODSIDE.

DR. J. W. HOOD'S TRUSS.

For the immediate Relief and Radical Cure of Hernia or Rupture.

DR. ENOS CHICHESTER has purchased the right of vending and applying Dr. J. W. Hood's Truss in Schuylkill county. This Truss has received the sanction of the most respectable Surgeons & physicians of Philadelphia, by which a radical cure of this disease, an expectation that had nearly been abandoned as hopeless, is accomplished with almost absolute certainty and with perfect safety. Upwards of a hundred cases treated within a short time in this city and vicinity, are known to be permanently cured, and the patients can now dispense with the use of any instrument. A success like this is unexampled in the annals of Surgery. This instrument, and the method of perfecting a radical cure of Hernia, are now offered to those afflicted with this troublesome complaint.

He proposes it with confidence for the treatment of this disease, and as meeting every indication on correct surgical principles for its radical cure. The trusses heretofore employed merely palliate the symptoms of the disease, they rarely ever effect a radical cure, and hence must be continually worn by the patient, often greatly to his annoyance. After the cure by the present apparatus is effected, all instruments are discontinued.

This Truss, with its appendages, can be worn at any age, and by both sexes, without interruption of business.

Gentlemen are referred to the following members of the profession, relative to this instrument, and its claims in effecting radical cures.

GRANVILLE SHARP PATTISON, Professor of Anatomy in the Jefferson Medical College.
SAMUEL JACKSON, Professor of the Institutes of Medicine in the University of Pennsylvania.
GEORGE M'CLELLAN, Professor of Surgery in the Jefferson Medical College.
HENRY BOHN, Secretary of the Philadelphia College of Physicians.
EDWIN A. ATLEE, M. D.
EDWIN P. ATLEE, M. D.

Letters to the above named gentlemen must be free of expense.

DOCTOR HOOD:

Dear Sir—From the uniform failure of all the trusses I have seen, and of the treatment employed for hernia in procuring a radical cure by safe means, I had abandoned all expectation of seeing this desirable object reached. I must confess, that your apparatus and method of treating hernia, has, I believe, accomplished this desideratum, and the disease is rendered not only manageable, but in the greater portion of cases curable by the processes of art.

The principle of your treatment and of the operation of your apparatus is based to the physiology of the tissues, and is one of the soundest in theoretical and practical surgery.

There is nothing empirical in your proceedings or your instruments. They are the application of a well established principle of our science to the production of a specific effect. Professional instruction, skill and tact are necessary to attain it with certainty. The instruments alone, without appropriate management and the adaption of their action to the individual according to the constitutional and other peculiarities of each case, would prove of little utility, or might even defeat the intention of the treatment.

From the remarkable success that has attended your treatment, and the cases of decided cures that have come under my own observation, giving the sanction of facts in support of the scientific principle, I have no hesitation in regarding your apparatus and method of treatment as established in medical science. With consideration and respect, truly yours,
SAMUEL JACKSON.

We have in our possession a number of certificates of the first respectability relative to the cures performed by this instrument, which we will show to any person desirous of satisfying himself with regard to the efficacy of the invention.

Persons desirous of being cured of hernia or rupture, will do well to call on the subscriber before the extreme hot weather sets in, as the disease can be more readily cured in moderate than in hot weather.

Physicians desirous of procuring the right of using the above invention, can receive information on the subject or purchase the right of the subscriber, who is authorized to act as agent of patentee.
