## CONDITION OF TRADE.

Peace and Prosperity Results of an Eventful Week.

NEW YORK, Sept. 2.—R. G. Dun & Co.'s weekly review of trade says: Peace and prosperity succinctly express the results of an eventful week. International mercantile markets responded to the cessation of hostilities, and a period of commercial development may be expected to follow the return of confidence. Capital that had been diverted into bellicose channels will be used for construction instead of destruction, and the United States will secure a stronger hold on the markets of the orient. Domestic reports were scarcely less encouraging.

Leading branches of manufacture are increasing productive capacity, especially in departments pertaining to railway equipment. Textile mills have little idle machinery, footwear factories are running freely, while in structural work there is no evidence of lessening activity. Visiting buyers still through the great jobbing centers and place orders for distant delivery that testify to faith in a vigorous demand from consumers.

Western receipts of 5,010,000 bushels of wheat compare with 5,770,351 last year, and exports from all ports of the United States were 1,083,515 bushels, flour included, against 1,445,625 in the same week of 1932. Interior arrivals of 4,002,640 bushels of corn compare with 4,100,030, and Atlantic coast exports were 719,880 bushels against 519,248. Prices have fallen to a position attractive to exporters, and the grain markets are more nearly normal than at any recent date.

## THE NEXT CONGRESS.

Speculative Comment in Probable Organization of House.

WASHINGTON, Sept. 2.—The constant reference to Mr. Cannon of Illinois as "the speaker" of the house is a technical error only. Strictly speaking, he was the speaker of the Fifty-eighth congress, and his right to the title ended when that congress ended the 4th of last March. But so sure is he to serve in the same capacity in the next congress that newspaper writers may be excused for referring to him now as "the speaker" and in indulging in speculation as to what he will do regarding various controverted committee assignments. The picturesque lawmaker from Illinois will not have the slightest opposition.

Although it is highly probable that John Sharp Williams of Mississippi will be the Democratic nominee for the speakership and so awarded the place of leader of the minority, which he held during the last congress, his selection is not so sure as is that of Mr. Cannon. Mr. Williams has made a better leader than Richardson, his immediate predecessor, but he does not enjoy the support of all the members of the minority, and representatives who keep in close touch with sentiment of their colleagues say they would not be surprised if when the Democratic caucus gets to work there were other candidates in the field.

The man most likely to become a rival, if anybody does, is David A. De Armond of Missouri. It is known that Mr. Williams wants to succeed himself and is confident of his ability to do so.

## Athens Teachers Meeting

The teachers of the Athens schools held their first meeting of the year this afternoon at 2 o'clock. At the beginning of the session Prof. Rogers explained that one of the objects of the meeting was to get acquainted—and the new faculty proceeded to get acquainted. Enrollment blanks, reports, etc., were given to the teachers, with a word of explanation.

The session was decidedly a business one, an immense amount of work having been planned by the superintendent in advance, yet it was one of peculiar interest and pleasure.

Under the direction of the teachers, immediately following the teachers' meeting a number of boys distributed the books to the different rooms. The teachers then placed their program on the board. Everything is now in readiness for work on Monday. In the morning the time will be taken in enrolling students, and assigning of books and lessons. The afternoon will be devoted to those students who enter for the first time. They will be examined and assigned to grades and classes.

Prof. Rogers is specially anxious that pupils enroll the first day, as the actual work begins Tuesday; so pupils who do not want to lose time should be on hand in the morning.

## N. P. L. Entertainment

The box social held by the N. P. L. in Odd Fellows' hall last evening was an enjoyable, though not very well attended, affair. The amount realized from the sale of boxes was not nearly as large as it would have been had it been known as it is now what an enjoyable affair it was. The program was opened by the drill by the degree team which was highly appreciated by all present.

The box part was a success notwithstanding the small attendance, and the program rendered was very good, being fully carried out as planned. The music was of a high order and was thoroughly enjoyed by all. A quartette composed of Merra Beech, Lungar, Benjamin and Evans, rendered two selections, both of which were very good. Miss Watkins, soprano, sang two charming solos, Miss Lena Cook and Mr. Beech sang a duet and Mr. Evans sang a solo. All of which were very pleasing. Miss Mae Carmen and Mrs. Price each gave a reading that were well received, and five of the married members gave the farce "Matrimonial Advertisement" in a way that would do credit to any amateurs.

## The Young People Dance

About thirty couples enjoyed the dance at the Academy last night. The music was specially good—by the Aeolian orchestra—and all had a real scrumptious time as was evidenced by the fact that the hands on the clock were fast leaving the "we sma' hours" when the young people returned to their homes.

Mesdames Vine Crandall, S. R. Payne, D. J. Macafee and P. J. Cheney were the chaperones.
