TRIALS FOR PACKERS.

Separate Hearings May Be Demanded, Says Attorney Fagin.

CHICAGO, Sept. 6.—Twenty-one separate trials may be demanded before federal judges by the Chicago packers, indicted on charges of conspiracy in restraint of trade, within the next two weeks.

After the matter of pleading had been continued until Sept. 18 by Judge J. Otis Humphrey many of the attorneys interested in the case held a consultation, and at least one agreement was reached whereby a separate trial will be demanded from the government. This move was anticipated by the government, and every effort will be made by the federal attorneys to offset the requests of the defendants.

Assistant Attorney General Oliver Pagan in speaking of the contemplated demands for separate trials declared last night that it is not probable that separate hearings will be granted by the federal courts under the one indictment charging conspiracy.

"All these defendants are included in the one indictment charging conspiracy in restraint of trade," said Attorney Fagin. "Conspiracy of course will be the essence of the case, and inasmuch as it takes all of these defendants together to form the alleged conspiracy there is no reason why they should not be tried together, and the government will use every effort to have all of the defendants tried at the same time."

MINERS WANT A FAIR SHARE.

"Haven't Had It, According to Operators' Figures," says Mitchell.

PHILADELPHIA, Sept. 6.—John Mitchell, president of the United Mine Workers of America, was here yesterday as vice president of the American Federation of Labor to join in settling a dispute between typesetters and printers.

The convention of anthracite miners to draft new demands for presentation to the coal companies on the expiration of the strike commission's award on April 1 next will be held in Shamokin between Dec. 5 and 10.

"I can only repeat," said Mr. Mitchell, "that it is my firm conviction that lasting peace in the hard coal fields can only be had through the recognition of the union and an eight hour workday."

Mr. Mitchell was asked about the claim that his demands, if granted, would mean an advance of 50 cents a ton to consumers of coal. He said:

"Taking the figures of experts, the companies collected \$30,000,000 extra from consumers after the award of the strike commission, and they have never pretended the miners got more than \$16,000,000 as their share. It seems to me that the mine workers of the operators' own showing have not received their full share of the increased prosperity."

This Man's Eyes Drop Out.

BERLIN, Sept. 6.—An extraordinary case of a man whose eyes drop out has been brought before the Berlin Medical association. He is fifty-six years of age. Waking up suddenly one night in excruciating pain, he found his left eye lying on the pillow, but with the aid of relatives he was able to replace it, his sight not being in any way affected. If he leans forward his eye will drop out, and he lives in a constant state of terror. Sometimes it is the right eye, sometimes the left, which falls out.

Arrested As Pickpockets

"Dab" Maloney and Joe Ryan were arrested last evening on a charge of having stolen a watch from "Spot" Mahood. A warrant was issued and Constable Fice of the Fourth Ward arrested the two men and placed them in custody. The watch was found in the pawn shop of Simon Glaser in Sayre, having been left there by one giving his name as Joe Ryan. On the strength of this the arrest was made.

Subpoenas were issued for witnesses to appear this morning at 10 o'clock, but at the present writing the case can not be heard until the arrival of District Attorney Mills, who is on duty at Towanda.

The Shaw Reunion

The Shaw reunion at the Gore farm in Shehequin yesterday was attended by about thirty persons. W. H. Shaw assures us that though the attendance was not as large as usual, they all had a most delightful time. All the old officers were re-elected.

The next year's meeting will be held on the old Shaw homestead, Shehequin, August 14, 1906. To make sure that there will be no "slips" a tent 30x60 has already been secured for the occasion. The Shaw farm is one of the oldest farms in this section, having been settled the year following Sullivan's march. The fact of the place of the next meeting will insure a large attendance.

Hint for Salesmen.

This ability to bring the best that is in you to the man you are trying to reach, to make a good impression at the very first meeting, to approach a prospective customer as though you had known him for years without offending his taste, without raising the paltry and good will, is a great accomplishment, and this is what commands a great salary.—Success Magazine.

Garment Section
Second Floor

The empire and paddock styles are dominant. Long coats are the thing this Fall and winter coats with the long sweeping lines that properly fitted length to figures that need it and give an added grace to women who are tall. Empire style (three-fourths length) the general effect is a trim looseness. The Paddock style, snug to the figure, made sort of mannish with shoulder fullness to sleeve, with long cuffs.

This stock in this department continually changing, coming and going daily makes a minute description difficult, but choice things are here first.
