We are optimistic in the belief that we will have a very large share of the fitting out to do this fall for the women, children and youths for miles around, and our buyers and superior help have been months planning your needs. The magnitude of our business, the selections we give you, and our facilities for doing business on the short expense justifies without assumption that shopping here is a delight and almost every want supplied by dependable goods at upright prices.

Garment Section

The empire and paddock styles are dominant. Long coats are the thing this Fall and winter coats with the long sweeping lines that properly fitted lend height to figures that need it and give an added grace to women who are tall. Empire style (three-fourths length) the general effect is a trim seness. The Paddock style, snng to the figure, made sort of mannish with shoulder fullness to sleeve, with long cuffs.
