LINCOLN'S BIRTHPLACE.

Kentucky Farm on Which Great Emancipator Was Born Is Sold for \$3,600.

Hodgenville, Ky.—Rock Spring farm, on which Abraham Lincoln was born, has been sold for \$3,600.

Mr. Collier will get possession in December and he declares it will be restored and preserved.

The farm contains 110 acres and the price was not much more than the

WHERE LINCOLN WAS BORN. (Historic Old House on the Rock Spring Farm.)

property is worth for farming purposes.

Since the birth of Lincoln, on Feb. 12, 1809, the farm had changed hands only twice.

During the last decade or so many attempts have been made to perfect plans looking to the converting of the property into a national park, and, while these efforts have aroused some comment, nothing substantial has resulted.

The farm derives its name from a large spring about 100 yards from the log cabin in which Lincoln was born.

In its present state the tract is cut by a broad picturesque thoroughfare. Two miles to the north is this village, typical of Kentucky, with a population of about 1,000.

The records of Hardin county show that the farm was bought by Thomas Lincoln in 1803 with funds which he had earned as a carpenter.

FIRE THIS MORNING CAUSED EXCITEMENT

Dr. Hilton's Barn on Pennsylvania Avenue Damaged by Fire at About Nine O'Clock This Forenoon.

Waverly—A few minutes after 9 o'clock this morning the fire department was called to the residence of Dr. W. M. Hilton on Pennsylvania avenue where the large barn on the premises was on fire and for a few moments it looked as though disastrous results might follow.

The doctor's 7 year old son had found some matches and was playing with them on the ground floor of the barn, when he dropped one which ignited, and set a blaze to which straw. The fire soon reached the hay loft where was stored a large amount of hay.

The roof of the barn is of slate and but for this fact a serious fire would probably have resulted.
