NOW CONTROL BAKU

Many Oil Plants Destroyed by Rioting Russians.

WHITE FLAG FLIES AT OUTPOSTS.

Batum Ready For Massacre—Outbreak Similar to Those at Baku. Manchurian Natives Welcome Peace.

ST. PETERSBURG, Sept. 18.—According to telegrams received from Baku the plants of twenty-one oil companies and those of thirteen private owners were completely destroyed during the disturbances in the oil districts. The Baku company lost a third of its derricks, the Nobel company 40 per cent, and the Baku company 50 per cent. Only one of the Rothschild properties is intact.

The military authorities there are getting the situation well under control. The Tartars and Armenians, however, have not become reconciled. Many more stabbing affairs have occurred, but there has been little shooting because it is desired not to attract the attention of the troops. The shops and offices remain closed.

Prince Louis Napoleon, the new governor general of the Caucasus, reporting on the situation in the Caucasus, confirms the reports of increasing ferment among the Persian tribesmen, owing to the massacre of the Armenian villagers of Mirkend, where the dead and wounded were in the proportion of 4 to 1.

Information received from Batum describes the situation there as alarming. The authorities fear massacres similar to those which occurred at Baku and have sent a brigade of infantry and artillery to Batum.

The police have discovered a great quantity of revolutionary documents on board the French steamer Guadina, which has arrived from Marseilles. Two Frenchwomen who were on board the steamer have been arrested on the charge of smuggling proclamations.

The state of siege at Odessa, proclaimed at the time of the rioting, has been raised.

Two of the mutineers of the battleship Georgi Pobiedonosetz have been executed at Sevastopol. The sentence of death on a third man was reduced to penal servitude for life.

As a result of the armistice, which is now effective, the outposts of the main positions of both armies will move back about two-thirds of a mile and hereafter will display white flags.

There has been a considerable advance in the value of both native and Russian money.

The natives welcome peace and hope that the Peking government will send a strong man like Yuan Shi Kai, viceroy of the province of Pechili, to Manchuria to re-establish native authority and to prevent anarchy during the evacuation of the Russian and Japanese armies. The people fear the outlaws, large numbers of whom are armed with Russian and Japanese rifles.

Odd Fellows at Quaker City.

PHILADELPHIA, Sept. 18.—Hundreds of members of the Independent Order of Odd Fellows and many of their friends are here from all sections of the country to attend the annual communication of the sovereign lodge of the organization, which was formally opened this morning. Robert E. Wright of Allentown, Pa., grand sire of the sovereign lodge, arrived last night and was enthusiastically welcomed by a large delegation of brother members of the order. A large contingent of California members has also reached here.

Carried a Bullet in His Heart.

CADILLAC, Mich., Sept. 18.—Charles B. Nelson, aged thirty-one, is dead at the home of his parents here after carrying a bullet imbedded in his heart since 1898. He was shot while sitting in a Chicago park by some one whose identity was never disclosed. Quick consumption was the immediate cause of death. Nelson had frequently submitted to X-ray examination, which showed the location of the bullet, and he had been on exhibition in museums.

Mayor's Death Barged Celebration.

BOSTON, Sept. 18.—Owing to the death of Mayor Patrick A. Collins there was no observance of the two hundred and seventy-fifth birthday anniversary of the city of Boston, as planned. It was on Sept. 17, 1830, that Governor John Winthrop called the "court of assistance of Massachusetts Bay colony" to decide what name should be given the colony of Trinountain, and it was then the small group of dwellings became Boston.

Czar Starts on Finnish Cruise.

ST. PETERSBURG, Sept. 18.—Emperor Nicholas, with the empress and their children and Grand Duke Alexis, has started on a cruise in Finnish waters. Included in the emperor's suite are General Baron Fredericks, aide-camp to his majesty, and Admiral Birleff, minister of marine, who declare the cruise is to be simply a pleasure trip.

The Plague at New Orleans.

NEW ORLEANS, Sept. 18.—The yellow fever report is as follows: New cases, 24; total to date, 2,571; deaths, 2; total to date, 335; new foci, 6; cases under treatment, 323; cases discharged, 1,913.

Mothers to Meet at Niagara Falls.

NEWBURGH, N. Y., Sept. 18.—The convention of the New York state assembly of mothers will be held this year at Niagara Falls from Oct. 3 to 5. This will be their ninth annual assembly.

TOYED WITH BOSTON.

Giants Took Double Header, 7 to 1 and 3 to 1.

BOSTON, Sept. 18.—New York toyed with the Boston Nationals in the games here and found no trouble in taking a double header by scores of 7 to 1 and 3 to 1. The visitors won the first game by scoring six runs off Willis in the first two innings.

In the second young Cy Young held the visitors down to five hits, but two of them were bunched in the fourth inning, where the game was won. Dolan hit well for Boston in the second game, while Dahlen and Devlin played good ball in the field for the champions.

Willis was batted out of the box in the second inning of the first game, Dahlen, Devlin, Bresnahan, Donlin and McGinn hitting the ball safely and all scoring. Wilhelm, who took his place after this bombardment, was in good trim and only allowed the visitors one run. But the Bostonians could do nothing with Willis.

Young and Mathewson were the opposing pitchers in the second game. Both were at their best, and, though the visitors won, it was not the result of the number of hits collected, for they could bat Young safely but five times, while the locals touched up Mathewson eight times.

Won Cycling Honors.

NEW YORK, Sept. 18.—The struggle for premier professional and amateur cycling honors this year was more closely contested than in any previous year. Frank Kramer of East Orange, N. J., won the professional championship by capturing the quarter mile, half mile and two mile events, defeating Iver Lawson of Salt Lake City, whose victories in the one mile and five mile races gives him the season's titles for those events. Matt Downey, the Boston youngster, won the amateur championship by carrying off the final race of the season at Madison Square Garden.

Honors Even at Chicago.

CHICAGO, Sept. 18.—St. Louis Nationals won the first game here in the opening inning after two outs. A single, a batsman hit and Hoelsketter's long fly just out of Slagle's reach gave the latter a home run. Three singles were all the visitors made in the remaining eight innings. The second game was a mixture of good, bad and indifferent plays, Chicago winning in the ninth on two hits, a steal, a long fly and an error. Scores, 2 to 3 and 4 to 3.

Timers' Club Formed.

NEW YORK, Sept. 18.—The Timers' club of New York has been organized with these officers, President, S. M. Miles; first vice president, C. J. Dieges; second vice president, C. C. Hughes; secretary, A. G. Harvey; treasurer, J. P. Boyle. It is the intention of this club to bring the timing in automobile racing and in athletic and cycling events to a standard that will guarantee acceptance of records which will be such beyond the possibility of doubt.

Victory For Chicago Americans.

CHICAGO, Sept. 18.—The local American league baseball season closed here with a victory for Chicago by a score of 4 to 2 over Cleveland. Altrick pitched in fine form, heading the visitors without a hit until the sixth inning, when a triple and a double netted one run. In the following inning Cleveland bunched three hits and made another. In Chicago's half of the sixth Joss was hit safely five times, netting four runs for Chicago.

Auto Test Run Winners.

NEW YORK, Sept. 18.—In the economy test run of the Brooklyn Motor Cycle club from Brooklyn to Southampton, N. Y., a distance of ninety-five miles, the machine driven by F. P. Baker won in Class A. F. H. Baker was second and E. N. Carritt third.

A Sleepy Game at St. Louis.

ST. LOUIS, Sept. 18.—Sleepy baseball was responsible for the American home team's defeat, Detroit winning by a score of 2 to 1.

"Alice and the Eight Princesses."

CHICAGO, Sept. 18.—Julian Mitchell's new production of the latest Herbert-MacDonough musical extravaganza, "Alice and the Eight Princesses," which received two preliminary performances at Buffalo, largely in the way of dress rehearsals, began its metropolitan career last night at the Grand Opera House. An audience which filled the theater stamped the new play a success.

National Encampment at Gettysburg.

GETTYSBURG, Pa., Sept. 18.—The national encampment of the Sons of Veterans opened here today. On every regular train entering the city great crowds from all over the country came for the opening ceremony. A long special train of Pullman cars arrived from Chicago, with about 400 persons. The hotels are crowded and the streets are packed with visitors.

Guardman Killed at Targets.

CLEVELAND, O., Sept. 18.—James W. Mayhew was fatally shot in the head near here while members of Company F of the Fifth regiment, Ohio national guard, was having target practice at White Villa. The shot was fired by First Sergeant Frank E. Locke. Mayhew and another member of the company were in the pit marking the score.

Yellow Fever Abating.

PENSACOLA, Fla., Sept. 18.—The yellow fever situation here showed improvement again, no new cases being reported at the state board of health headquarters. Only one new suspicious case was discovered during the day, and that is in the infected district.

MITCHELL TO THE MINERS.

His Hope That Strikes and Lockouts Shall Soon Cease.

SHAMOKIN, Pa., Sept. 18.—Six thousand United Mine Workers listened to President John Mitchell here, who in the course of his speech said:

"I will welcome the day when Mr. Baer will sit down at a table with your representatives and fix a contract that strikes, lockouts and blacklists shall be things of the past. I want peace, but it must be peace with honor, a treaty of peace signed and sealed by parties of equal contracting power.

"The impression has been conveyed to the public that we were going to New York next spring and walk up to Mr. Baer and his colleagues and defiantly assert:

"Here, Mr. Baer, we have the labor of 150,000 men to sell; we want so much wages for it; you can take it at our price or let it alone," while as a matter of fact our whole ambition is to be able when we do meet the anthracite operators for the purpose of negotiating a new agreement to say:

"We are here as the spokesmen and representatives of all the men and boys employed in the anthracite mines. We wish to confer with you upon the question of our joint relations. We are desirous of entering into an agreement fixing wages, hours of labor and other conditions of employment. We have certain claims which we desire to present, among them being the recognition of our union as a contracting party and the establishment of a maximum eight hour workday."

TAFT HOMEWARD BOUND.

Secretary Gave His Views on Tokyo Riots and Chinese Boycott.

YOKOHAMA, Sept. 18.—Secretary of War Taft and party sailed at 3 o'clock yesterday for San Francisco on the steamer Korea amid much Japanese enthusiasm. A reception was given to Secretary Taft at the American consulate by Yokohama merchants.

Before sailing Secretary Taft said he thought that reports of the Japanese anti-peace demonstrations had been greatly exaggerated in America. He and his party had traveled all through Japan and had found no trace of any anti-foreign feeling. While prominent American persons had been involved in a Tokyo mob, he thought that it was because the party was caught in the mob and not because the persons were Americans.

Other churches besides American churches had been burned. There was a special reason in each case, but no general anti-foreign feeling was responsible.

Secretary Taft said that he had examined the Chinese boycott closely. The Chinese, he said, wanted American goods and, having already lost \$10,000,000 by the boycott, were finding out that they were cutting off their noses to spite their faces.

Miss Alice Roosevelt will return home on the steamer Siberia.

The local situation continues quiet.

WHITELAW REID'S KIND HEART.

Tale From Paris of French Chauffeur's Death.

PARIS, Sept. 18.—French sentiment has been greatly touched by the kindness and consideration shown by Whitelaw Reid, the American ambassador in London, with respect to Jean Guer, his French chauffeur, who has died in London from cancer.

Guer was sent over from France with a forty horsepower car which the ambassador purchased here, was taken ill and died suddenly.

Mr. Reid purchased a plot in Kensal Green cemetery, where in accordance with the request of Guer's wife the body was buried. Mue Guer was sent back to France in charge of one of Mr. Reid's chambermaids.

Work of Train Wreckers.

SAN ANTONIO, Tex., Sept. 18.—Large pieces of iron placed on the track, supposedly by wreckers, derailed the San Antonio and Arkansas Pass railway's "David Crockett" special shortly after 9 o'clock at night as the train was nearing the city limits. The engine, baggage car and two coaches were turned completely over in the ditch. John Wolf, the fireman, was killed and Harry Martin, the engineer, was seriously injured and may die. Two passengers were seriously hurt.

Barred Mrs. Platt's Pet.

COLORADO SPRINGS, Colo., Sept. 18.—When Senator Platt's wife entered the breakfast room at the Antlers hotel here she carried her pet dog, and when the manager of the hotel told her the dog must be sent out she cried: "The idea! I not have my dog in the dining room? Who ever heard the like! Griffin always breakfasts with me." But Manager Stein was not to be moved, and the dog had to go.

Search For Insane Convicts.

BRIDGEWATER, Mass., Sept. 18.—Assisted by the local authorities, a large posse of officers from the Massachusetts state farm last night were scouring the woods and fields in the vicinity of Titicut Station in a search for Frank R. Wiley and Minola Francis, two insane convicts who escaped from the state asylum early in the evening.

Filipino Outlaw's Death.

MANILA, Sept. 18.—Felizardo, chief of the outlaws in the province of Cavite, who for a long time have made trouble for the authorities, was surrounded near the Batangas border and jumped over a cliff to his death. The death of Felizardo, it is believed, will end the disturbances in the province of Cavite.

FISHERMEN FIRED ON

Canadian Cruiser Vigilant Riddled Tug.

MORE THAN THIRTY SHOTS HIT HER

Barnhurst Was Five Miles Over Line, Drawing Nets, and Ran When Discovered by Patrol Gunboat.

ERIE, Pa., Sept. 18.—The fourth of the fishing tug incidents of the past week took place in Lake Erie yesterday, when the Canadian cruiser Vigilant riddled the big steam tug Harry G. Barnhurst with small shells from the rifle on the patrol boat. Captain Nick Fasel of the tug admitted after he escaped that the Vigilant could have sent her to the bottom if Captain Dunn had so desired. They ran more than eight miles under full head of steam before they crossed the boundary line and escaped from the Canadians.

More than thirty shots struck the vessel, and of these fifteen of the small shells landed with telling effect on the upper parts, so the boat careened to one side with the mass of wreckage when she came into port. Having been used formerly for a pleasure steamer, the Barnhurst is of large size and well fitted with steam equipment. The fireman, Magnus Johnson, fainted in the hold from overexertion in keeping the steamer going ahead. He was reported killed, but revived after reaching shore. Two fishermen were cut in the face by splinters shot away by the bullets.

The Barnhurst, according to Captain Fasel, was about five miles over the line drawing nets when the Vigilant appeared. The other Erie tugs, the Alma, the Valiant and the Boyd, were also over the line and ran away when the chase started. Captain Dunn ordered the Barnhurst to stop, but instead of doing so Captain Fasel put on full steam and started for the line. He took a southwesterly direction and could not be headed by the vigilants.

It has become quite the custom for the Erie fishermen to cross the line regardless of strict orders from the commanders of the Vigilant. They never think of surrender when there is a chance to run away. The Barnhurst lost a large quantity of nets.

A SOUTHERN QUARANTINE.

Call For Conference Issued at Chattanooga.

CHATTANOOGA, Tenn., Sept. 18.—A formal call has been issued for a southern conference on quarantine and immigration to be held in this city. It is signed by twelve governors and the officers of the chambers of commerce of several cities.

An object of the meeting is to obtain "some uniform system of quarantine that will allay apprehensions of the people and minimize the dangers resulting from an outbreak of yellow fever." The call declares:

"This is necessary if we would save our land from the demoralizing and brutalizing tendencies of a panic inspired quarantine."

"Again, there are coming into the United States at present a larger number of foreign immigrants than ever known in our country's history. Among these are great masses who are wholly undesirable and whom it will be impossible to assimilate with our institutions. There is apparently a desire or tendency to bring many of these undesirable immigrants to southern ports and also to distribute them from northern centers into the south. The south will welcome desirable immigrants from all lands, but it has already racial problems of such gravity that no others should be invited until proper safeguards are provided in advance of their coming."

Nan Patterson Remarried.

WASHINGTON, Sept. 18.—Nan Patterson, who was tried on the charge of shooting Caesar Young, the turkman, in a hansom cab in West Broadway, New York city, was married at her parents' home in Mount Pleasant to Leon Gaines Martin, her divorced husband. During her incarceration in the Tombs her former husband appeared and was very attentive to her. When she was released he urged her to remarry him.

To Inspect Indian Army.

WASHINGTON, Sept. 18.—Major General Arthur MacArthur, who has been the senior United States military attaché with the Japanese army, will not return immediately to his country. He has received orders to go to India for the purpose of inspecting the British military forces in that country. General MacArthur is expected to succeed General Corbin next year as chief of staff.

Senator Ambler Dead.

CHATHAM, N. Y., Sept. 18.—Henry S. Ambler, New York state senator from the Twenty-fourth district, which includes Dutchess, Columbia and Putnam counties, is dead at his home here. He had been ill for a long time with a complication of diseases.

Sudden Death of General Beahm.

TIFFIN, O., Sept. 18.—Brigadier General Daniel W. Beahm, U. S. A., retired, died suddenly of apoplexy here, aged sixty-eight years. He enlisted as a volunteer in 1861 and was placed on the retired list in July, 1898.

Printers Win Over Toledo Firm.

TOLEDO, O., Sept. 18.—The B. F. Wade Printing company, one of the largest book and job houses in Toledo, has signed the eight hour agreement. This is the first break in the ranks of the employing printers here.

SWEDEN AND NORWAY.

Amicable Settlement Foreshadowed. Mobilization Reported.

LONDON, Sept. 18.—The belief that there will be an amicable settlement of the Swedish-Norwegian dispute has developed into confidence.

There is reason to believe that King Edward has taken a direct personal interest in the matter, and it is known that messages bearing on the situation at Carlsbad have been continual passing between the foreign office and the king for the last two days. In fact, it is believed that King Edward suggested a modus vivendi.

The exact nature of this course is not known, but it is understood that Dr. Nansen, the arctic explorer, who has been mentioned as the first Norwegian minister to London, and the Swedish minister here approved of the proposal that instead of the demolition of the fortresses they should be disarmed, Sweden and Norway agreeing not to increase their armaments and entering into a permanent peace treaty. This is believed in London to form the basis of the agreement.

It is understood in London that if a full agreement is signed Prince Charles of Denmark will be elected king of Norway.

Despite the contradictory statements made on that subject, information reaching the highest quarters shows that the mobilization of Norway's forces is now going on. The French government has made conciliatory representations at Stockholm with the view of averting a rupture. Official sentiment tends toward an arrangement whereby Norway would be permitted to continue some of her frontier fortifications. It is understood that other powers are joining in pacific representations, as a rupture is considered likely to cause unrest and entanglements throughout Europe.

FUSE FACTORY IN RUINS.

List of Dead at Avon Now Numbers Seven.

AVON, Conn., Sept. 18.—From far and near, on foot and in all sorts of vehicles, people by the hundreds came here to see the ruins of the Climax Fuse company's factory in which seven persons were incinerated and four other persons were fatally burned on Friday last. There were no more deaths during the day, and last night several of the patients who were seriously burned were reported to be quite comfortable. Two funerals occurred in town, those of Charles Dimock and of James Joyce, who were burned in the factory.

Services were held here over the bodies of Mr. and Mrs. Burke and Miss Nora Ryan, and later the interment will take place at Bristol. Arrangement for the funerals of the other victims whose bodies have not been removed elsewhere have not been completed, but they will not be delayed probably beyond today.

The most seriously hurt and for whose recovery some anxiety is felt are Michael McCarthy, Patrick Loughman and Wellington Case.

As far as is known here no steps have been taken to rebuild the factory, but the coming week this matter is expected to be decided. The making of fuses has been one of the industries of the town for more than a generation, and many people have obtained their livelihood from it. The townspeople, although grief stricken over the disaster, are desirous of having the plant rebuilt. The loss by fire is said to be fairly well covered by insurance.

President Urges Haste.

WASHINGTON, Sept. 18.—President Roosevelt is urging in the strongest terms the necessity for a plan for the construction of the Panama canal, which may be accomplished in the shortest possible time. In his recent remarks to the consulting board of engineers of the isthmian canal commission he said many things which are regarded as of the utmost importance in that connection. These remarks have just been transcribed and transmitted to the board here, and General Davis, its chairman, has been authorized to make them public.

Gaynor Declines to Run.

RIDGEFIELD, Conn., Sept. 18.—Supreme Court Justice William J. Gaynor of Brooklyn, when asked for a direct answer to the question whether he would accept the fusion nomination for mayor of New York said: "Really I must believe that after the number of times I have refused to accept nomination for office there can be no one left who believes that I am a candidate for mayor, much less seeking a nomination, or that it is necessary for me to deny that I am a candidate. It is all very irksome, and I wish there was an end of it."

Knights Listened to Fairbanks.

INDIANAPOLIS, Ind., Sept. 18.—In a parade which preceded the laying of the cornerstone of the Knights of Pythias' new building rode Grand Chancellor of the Knights of Pythias for Indiana George W. Powell, Mayor Holtzman, Governor Hanly and Vice President Charles W. Fairbanks in automobiles. After the laying of the cornerstone addresses were made by Grand Chancellor Powell, Mayor Holtzman, Governor Hanly and Vice President Fairbanks.

Freight Handlers Will Not Strike.

CHICAGO, Sept. 18.—Freight handlers employed in Chicago by the Chicago and Eastern Illinois, the Grand Trunk, the Erie and the Santa Fe railroads have voted to accept a renewal of present working conditions and not to strike for a 10 per cent increase in wages.

Weather Probabilities.

Fair; southeast winds.

The New Dress Goods and Silks are Here

And a pretty showing they make. There has been no season we can recall when Decided Novelties have played so important a part as they do this year.

Formal Opening of Silks and Dress Goods This Week
