GREAT AUTO RACE

Dingley Wins Contest of Skill and Daring at Mineola.

JARDINE'S CAR TUBED TURTLE

Feature of Race Was Flurry of Drivers of Sherman's Royal Tourist, Which Took Third Prize After Bad Upset.

MINEOLA, N. Y., Sept. 25.—In a contest of skill and daring, devoid of serious accident, B. F. Dingley drove A. L. Pope's sixty horsepower Pope Toledo car 112.2 miles over the Nassau circuit in two hours and fifty seconds winning the eliminator trial to select a team of five American made auto mobiles for the second race for the Vanderbilt cup.

Fifty-nine seconds behind him it elapsed time came Tracy, driving the 120 horsepower locomobile of Dr. E. H. Thomas. Jardine, whose plucky race was not known when he finished, came third in E. D. Sherman's forty horsepower Royal Tourist, completing the course in 2 hours, 19 minutes and 18 seconds. Nutt, in a fifty horsepower Haynes, of Elwood Haynes, was fourth in 2 hours, 23 minutes and 32 seconds, and Roberts, driving the sixty horsepower Thomas car of H. S. Hout, was fifth, six minutes and eight seconds slower than the fourth man. There were ten cars to face the starting line, and only the five that qualified finished.

His automobile overturned and he, with his mechanic, R. Turner, sent flying through the air, bruised and cut, and the machinery almost wrecked. Jardine stuck to the race and for forty-two miles risked his life at almost every rod.

Jardine, known for his daring, a graduate of the Hensault and Panhard schools and now an engineer with the Royal Tourist company, was regarded as the best driver in the race. He drove steadily, making up time by his skill in making the sharp turns and by his straight course.

It was on the third round at the Guinea woods, Jardine was going about forty-five miles an hour. Without slacking speed he struck the curve, and suddenly his machine turned turtle. Jardine felt the rise and jumped, calling to his mechanic, Tucker. Jardine landed ten feet away on the turf at the side of the road on his knees, bruising them.

Tucker could not jump, and bystanders said that he turned at least ten somersaults as he flew through the air, alighting twenty-five feet away on his hands and breast. He arose with a sprained wrist and a broken thumb.

Both men were on their feet in an instant and back to the automobile. A large crowd had witnessed the accident, and a score of persons, grasping the machine, turned it right side up. An instant's survey showed the top of the water cooler knocked off, the gasoline tank bent in and the steering rod bent and broken. There was a quick makeshift, the sparkers were ignited and the men were in the machine, Tucker trying to cover the water cooler with his hand and Jardine, bolt upright, steering by faith almost.

The speed of the automobile went back to the average. Over the hills it went, the water splashing, the gasoline leaking, the steering rod almost useless. The daring men were cheered to the echo as they passed the line in third place.

Chicago Batted McGinnity Hard.

CHICAGO, Sept. 25.—Chicago Nationals won the third straight game from the champions. One inning, the fifth, did the business, nine runs scoring on two passes, two steals, a wild pitch, a passed ball, three singles and three doubles. McGinnity retired in favor of Ames after seven runs had been made off him. Wicker was an enigma to the visitors except in two innings. Umpire Emalie fainting on the field during the second inning, the crowd at once invaded the diamond, and the police were compelled to use their clubs vigorously before the game could be resumed. Emalie resumed his work after about five minutes. Score, 10 to 5.

Cincinnati Took Two Games.

CINCINNATI, Sept. 25.—The Cincinnati Nationals tried out five new men in a double header with Brooklyn, and all gave good accounts of themselves. In the first game Seymour secured two home runs, Barry scoring ahead of him on each occasion. Johns and Doescher, left handers, were pitted against each other in the second game, the Cincinnati man giving the better performance. Scores, 8 to 3 and 8 to 7.

St. Louis Downed Boston.

ST. LOUIS, Sept. 25.—The St. Louis Nationals took a closely contested game from Boston in the presence of the greatest crowd seen in a St. Louis park this year. The contest was featured by timely hitting by Grady, De Groff and Beckley. Boston scored on errors. Score, 5 to 3.

Providence Won Championship.

PROVIDENCE, R. I., Sept. 25.—The Providence baseball team won the championship of the Eastern league by defeating Rochester 14 to 3. More than 15,000 persons saw the game, which was played at Rocky Point.

English Football Team Won.

ST. LOUIS, Sept. 25.—The English Association football team of England defeated a picked St. Louis eleven here by a score of 6 to 0.

Vanderbilt's Horse Won.

PARIS, Sept. 25.—W. K. Vanderbilt's Proteus won the Grand Critterium, a race for two-year-olds, at Longchamps yesterday.

MRS. BINDLOSS SHOT HIM.

Stephen M. Crocker, Terrorizing New London Family, Seriously Hurt. NEW LONDON, Conn., Sept. 25.—Stephen M. Crocker, a member of a well known New London family, is at the Memorial hospital in a serious condition as the result of a pistol shot received while he was terrorizing the family of George Bindloss at their home here at an early hour in the morning.

Late at night Crocker went to the Bindloss house, and when the door was opened in response to his ring he pushed his way in past the servant and met Mrs. Bindloss and her daughter, Miss Stella Bindloss. Their refusal to speak to him angered him, and for several hours he had them in a state of terror. Mrs. Bindloss tried to get to the telephone to summon her husband or the police, but Crocker prevented her from doing so.

Mrs. Bindloss about 4 o'clock in the morning went to her husband's room and secured his revolver to protect herself. As she came down the stairs she saw Crocker beating her daughter, and she held in her hand, went off. The bullet did not strike Crocker, but the shot attracted his attention from the girl, and he turned on Mrs. Bindloss. In struggling with her for possession of the weapon it was exploded again, and the bullet entered his body under the breastbone and inflicted a wound that probably will cause his death.

Crocker left the house after a short time and went to his home, where he collapsed and was later taken to the hospital. When he recovered consciousness he said that two traps shot him. Mr. and Mrs. Bindloss went to the police station and told the true story of the occurrence.

A CHINESE BOMB THROWER.

Prince Tsai Sees Wounded and Four Officials Killed at Peking.

PEKING, Sept. 25.—At the Peking railway station as a train carrying one of the four missions ordered abroad to study foreign political methods was leaving, a bomb was exploded inside a private car, killing four minor officials and wounding over twenty other persons.

The wounded include Prince Tsai Tehe, who heads the most important of the missions, and Wu Ting Fang, former minister to the United States, both of whom received slight injuries. The perpetrator of the outrage, who was in the car, was blown to pieces.

The affair has created a profound sensation and causes apprehension regarding the safety of members of the court and leading officials of the government.

The government offices and the railways are now strongly guarded.

An edict appointing the missions was issued July 16, and commissioners were named to go abroad to study foreign systems of government because the dowager empress intended to issue a decree at the new year for the establishment of a parliament twelve years hence.

Boys Killed Bald Eagle.

NEWARK, N. J., Sept. 25.—A bald eagle measuring five and one-half feet from tip to tip of the wings was killed in Vallsburg by Felix and Edwin Bitters, aged respectively twelve and thirteen years. The boys were crossing the fields with their dog a short distance from their home when the eagle swooped down on the dog and attempted to carry it off. Edwin ran to the rescue and seized the eagle by the neck. The big bird fought desperately, tearing the lad's clothing into tatters with its talons, but he held it fast until his brother killed it with a baseball bat.

M. Witte at Berlin.

BERLIN, Sept. 25.—M. Witte, accompanied by his daughter, Mine, Ryckhine, wife of the secretary of the Russian legation at Brussels, arrived at the Potsdam railway station shortly after 8 o'clock last night and was received by the staff of the Russian embassy. He proceeded immediately to the Hotel Bristol, where he will reside until tomorrow, when he goes to Rome, one of Emperor William's famous hunting seats, situated near the Russian frontier, where he will have an audience of his majesty.

Army Officer Shoots Himself.

ATLANTA, Ga., Sept. 25.—Captain G. M. C. Godfrey, assistant surgeon in the United States army, stationed at Fort McPherson, committed suicide by shooting himself through the brain with an army revolver at his residence at the post late Saturday night. Captain Godfrey was a son of Colonel E. S. Godfrey, commander of the Ninth United States cavalry, stationed at Fort Riley, Kan. Captain Godfrey was thirty-five years of age and a graduate of West Point.

Lynched Wrong Negro.

CONWAY, Ark., Sept. 25.—Frank Brown, a negro, was taken from jail here during the night and hanged by a mob. The negro was held for attacking Mrs. Lawrence, killing her baby daughter. He was hanged in front of the house occupied by Mrs. Lawrence. Sheriff Harrell said that the wrong man had been lynched, as a man he arrested at the time of the lynching was the one who committed the crime for which Brown was lynched.

Working on Eight Hour System.

INDIANAPOLIS, Ind., Sept. 25.—A bulletin issued from the office of the International Typographical union last night shows that 224 subordinate unions are now working on an eight hour basis or have arranged to do so not later than Jan. 1, 1906. Since Sept. 8 such agreements have been signed in sixty-six cities.

Buffalo Dredge Goes Under.

DUNKIRK, N. Y., Sept. 25.—A large dredge owned by the Lake Erie Dredging company of Buffalo foundered in a gale off Dunkirk. Captain George Miller and his crew of six men were rescued by the tug Cascade of Buffalo after a terrific struggle in the heavy seas. The dredge was valued at \$20,000.

Butte, Mont., Suffers From Fire.

BUTTE, Mont., Sept. 25.—Fire here has destroyed the Auditorium, the Public Library and a number of business blocks. The loss is \$1,000,000.

PALMA TRIUMPHANT

Cuban Moderates Gain Sweeping Victory.

GOVERNMENT FIRMNESS SAVED RIOTS

Reported That Liberals Were Plotting to Use Dynamite and Had Imported War Material From New York.

HAVANA, Sept. 25.—Cuba has held her first election, and the Moderate party, under President Palma, has gained a sweeping victory. Fears had been expressed for several weeks that the day would be fraught with great disorder.

These fears seemed justified on account of the occurrence at Cienfuegos of the affray at which Representative Villuendas, Chief of Police Illance and four others were killed.

This affray, resulting in the death of Villuendas, one of the most popular Cubans, instead of being the signal for general riots throughout the island, seems rather to have brought Cubans suddenly to a realization that they were playing with fire, though the prompt dispatching of strong forces of artillery and rurales and a general display of government strength at danger points may be greatly responsible for the order maintained.

It seems pretty well proved that the Liberals there plotted to use dynamite extensively if the elections did not suit them, as an expert who examined one of the bombs found in Villuendas' room says they contain enough explosive to blow up a whole block. Evidence was found that Villuendas took twelve bombs to Cienfuegos, only three of which were found. However, twelve other similar ones, together with other arms, were discovered in Santa Clara.

There is every indication that Senor Palma's forces have scored a sweeping victory, which the Liberals, now that the fights are over, seem to be taking philosophically.

Liberals admit the complete victory in Havana of the Moderates, the party of President Palma.

Leaders are marshaling their forces in the hope of being able to turn the tide before December's final elections. Liberals declare they did not vote, as police and bands of Moderates prevented, but this appears to be unfounded. In Havana at least they appear to have been beaten fairly.

Serious trouble in the immediate future is doubtful, but if dynamite plots are laid for the primaries there is reason to fear the result of December's final presidential elections.

Several shipments of ammunition have been made from New York with- out to fear the Liberal party in Cuba. These supplies were purchased from a firm which furnished much of the war material to the Cuban junta at the time of the last rebellion and were shipped clandestinely as merchandise to escape the attention of Consul General Zayas. The cartridges thus obtained by agents of the Liberals are now stored in various cities of the island, particularly in Cienfuegos, for use in the campaign against the Moderates.

Convention of Military Surgeons.

DETROIT, Mich., Sept. 25.—Soldiers and sailors' ill and wounds will be discussed by distinguished army surgeons from all parts of the world at the fourteenth annual meeting of the Association of Military Surgeons of the United States, which opens here tomorrow. Distinguished medical men from the armies of Mexico, Japan, China, England, France, the Dominion of Canada and surgeons from the United States army and navy and marine hospital service as well as many national guard surgeons are here to attend the convention.

Chambers the Strongest Middleman.

ANNAPOLIS, Md., Sept. 25.—General strength tests which have been applied by the naval authorities of the Naval academy to the 230 new midshipmen show that Charles F. Chambers of Steubenville, O., is the strongest member of the class, his total strength being represented by 1,100 kilos. Leo Carey of Snow Hill, Md., is second, with 1,054 kilos. Both are members of the football squad.

Traveling Man a Suicide.

CLAREMONT, N. H., Sept. 25.—Wallace M. Leet, a traveling salesman for a Cincinnati liquor firm, committed suicide in his room at the Hotel Claremont at the hotel late at night and appeared to be despondent. Just before ending his life he wrote four letters, one of which was addressed to his wife at New York.

Victor Emmanuel at Milan.

MILAN, Sept. 25.—King Victor Emmanuel and Queen Helena received a popular ovation here yesterday on the occasion of the dedication of a monumental tower on Sforzesco castle, erected to the memory of his majesty's father, King Humbert. Many members of the cabinet were present.

Matadors Refused an Encore.

NIMES, France, Sept. 25.—Twelve thousand spectators of a bullfight here broke up the chairs, other seats and the boxes and set fire to the barriers surrounding the arena because the matadors refused to kill another bull as an encore after they had dispatched five.

Plymouth Released on Bail.

PLYMOUTH, Mass., Sept. 25.—Eben Plympton, the actor who was arrested here on a charge of assault with intent to kill Captain George Martin and has been confined in Plymouth jail since his arrest, has been released on bail.

Four New Fever Cases at Vicksburg.

VICKSBURG, Miss., Sept. 25.—Four new cases of yellow fever were reported. Two of them are business men of some prominence. The others are negroes. Several are critically ill.

FAIRBANKS IN OHIO.

Vice President Would Change Tariff Where Needed.

BELLEFONTAINE, O., Sept. 25.—Beautiful weather and immense crowds were the first features of the opening of the Republican state campaign here. Governor Herrick spoke on state issues, although calling attention to the interest Ohio people always take in national affairs.

Senator J. B. Foraker closed the speaking programme with a discussion of national issues.

Vice President Fairbanks discussed the prevailing prosperity and the arguments against a change in the administration. He said in part: "It is entirely proper to appeal to present conditions for confirmation of the virtue of Republican principles. In no period of the past have conditions in Ohio and elsewhere been so favorable to the vast interests of labor and capital. 'Let well enough alone' is a well worn phrase, yet it possesses great virtue. The Republican party has to its credit nine years of exceptional prosperity under existing policies. Agriculture, which in the final analysis is the sure foundation of our greatest national prosperity, is enjoying its largest rewards. Farm mortgages have been decreased. Manufacturing are running full time with increased payrolls. Labor is in demand everywhere. Idleness vanished with the overthrow of the Democratic policies and Democratic administration.

"You declare that you stand by the principles of protection to American labor and American industries. This is a brief utterance, yet it is of commanding importance to our industrial development and commercial growth. It is not of moment to one section of the country, but to all sections.

"The Dingley tariff has been in operation eight years. There are those who challenge its efficacy when it was enacted, and there are those who doubt its wisdom now. The tariff has always had powerful advocates. A Republican congress will readjust tariff schedules wherever such readjustment is essential to preserve the integrity of the system and to maintain the tariff in wholesome operation."

Harvard Lecturer Found Dead.

WEST OSSFLEET, N. H., Sept. 25.—Dr. James R. Chadwick of Boston, a lecturer at Harvard college, was found dead just outside his summer residence at Chocoma, N. H., by one of his servants. It is supposed that he fell from the piazza roof of his cottage during the night. There are several bruises about the head and hips such as would be caused by a fall, and Coroner E. W. Holdson of Tamworth, who held an inquest, gave the opinion that death was the result of an accident. It is thought that Dr. Chadwick became suddenly ill and lost his balance while making his way across the roof to obtain air.

Fatal Wreck at Susquehanna.

BINGHAMTON, N. Y., Sept. 25.—Erie train No. 14, eastward bound, was wrecked in a collision with an engine about a quarter of a mile east of Susquehanna, Pa., at 7 o'clock last night. Both engines were turned on their backs beneath a coal pocket. The collision was caused by an engine from the coal pocket making an attempt to cross the main line. Frank Robbins of Susquehanna, engineer of the wrecked train, was killed. His fireman, whose name is O'Rourke and who also lived in Susquehanna, is thought to be under his engine. An Erie detective named Henstead was fatally injured by being thrown from the baggage car.

Miss Roosevelt and Party at Seoul.

SEOUL, Sept. 25.—Miss Alice Roosevelt and party attended the athletic sports of Japanese schoolboys. The party was received by the Japanese educational committee. The entire party is now resting after the strenuous weeks spent in Japan, Manila and China. The visit is largely losing an official character, and the party will spend some time at picnicking and riding in the hills of Seoul and vicinity.

Platt in Invalid's Chair.

KANSAS CITY, Sept. 25.—United States Senator Thomas C. Platt of New York arrived here from Denver in his private car Corrier and left for the east last night. Senator Platt denied reports that have been circulated about his health. Notwithstanding his denial the senator was wheeled about in his car in an invalid's chair.

Victory For German Arms in Africa.

BERLIN, Sept. 25.—The government received information from German East Africa that attacks by the rebels on Malenge have been successfully repulsed, that the Morogo rebels lost 300 killed and that the Graverth column had arrived at Kilwa after inflicting severe losses on the rebels in six fights.

Vanderstuyft Won Golden Bowl.

PARIS, Sept. 25.—Vanderstuyft, the Belgian, won the golden bowl in the bicycle race of twenty-four hours, which has just ended here, covering 574 miles, 26 yards and 2 feet. Nat Butler, the American, was third, covering 532 miles, 39 yards and 1 foot.

Venezuela Must Withdraw Inant.

CARACAS, Venezuela, Sept. 25.—The French government has asked the Venezuelan government to reconsider its last note, which is looked upon as an insult to M. Taigny, the French charge d'affaires.

BACK TO WASHINGTON

President's Summer Outing Ends on Saturday.

BUSY AT HIS MESSAGE TO CONGRESS

The Important Topics in It Are Federal Supervision For Life Insurance, Relations With Venezuela and Santo Domingo.

OYSTER BAY, N. Y., Sept. 25.—President Roosevelt will complete his summer sojourn at Sagamore Hill and return to Washington next Saturday, Sept. 30. The president, Mrs. Roosevelt and members of their family, Secretary and Mrs. Loeb and the members of the executive force will leave Sagamore Hill for a special over the Long Island railroad.

The president is devoting considerable time each day now to work on his annual message to congress. For some time he has been assembling data for the message, but since the adjournment of the peace conference he has been writing the data into definite form.

Three topics highly important at this time to the American people will be discussed by the president in his message. They are the federal regulation and supervision of life insurance, the relations between this country and Venezuela and America's interest in the fiscal affairs of the government of Santo Domingo. Other important subjects naturally will be considered, among them the scandals disclosed in the departments of agriculture and the interior, the work of the department of justice in the beef trust cases, the regulation of railroad freight rates, the progress made in the construction of the Panama canal and the conclusion of peace between Russia and Japan.

Much of the material for the discussion of these subjects President Roosevelt now has in hand, and the last days of his stay at Sagamore Hill are being devoted to the preparation of the part of his message which will deal with them. Few visitors have been received since the adjournment of the peace conference, the president desiring to be as free as possible from interruption while working on his message. His last week here is practically devoid of engagements.

A Cyclone Sweeps Calabria.

ROME, Sept. 25.—Another cyclone yesterday caused enormous damage in Calabria. A gradual clearance of the buildings ruined by the recent earthquakes shows that the number of persons to perish was greater than given in the first estimates. Large numbers of bodies are being discovered daily. The work of constructing wooden cabins under government supervision is progressing rapidly. Two thousand more will be necessary to shelter the homeless people who are sleeping in the railroad depots. According to statistics 20,000 cattle perished during the earthquakes.

Railway Men at Philadelphia.

PHILADELPHIA, Sept. 25.—More than a thousand men interested in the operation of street car lines, including manufacturers of street cars and appliances, are here for the annual convention of associations interested in street railways. The organizations to meet are the American Street Railway association, the American Railway Mechanical and Electrical association, the Street Railway Accountants' Association of America, the American Association of Street Railway Claim Agents and the American Street Railway Manufacturers' association. The conventions will cover six days.

Changed Cars in Pink Pyjamas.

NEW ORLEANS, Sept. 25.—Mr. Kohlman, a New York merchant, had to change cars at the quarantine station outside the city clad only in a suit of pale pink pyjamas, yellow socks and a light blue coat. He retired the night before his arrival in New Orleans in a Pullman car. He carefully removed his outer garments, wrapped them up and tucked them in one of the receptacles provided by the Pullman car company. When awakened at quarantine Mr. Kohlman found his clothes gone. Search was vain.

British Ship Viola Hammed.

VINEYARD HAVEN, Mass., Sept. 25.—The British schooner Viola, bound from St. John, N. B., for New York with a cargo of lumber, was worked into the harbor here in a water logged condition, the vessel having been cut down during the night by the steamer Indian of the Boston and Philadelphia Steamship company. No one was injured.

Victory For German Arms in Africa.

BERLIN, Sept. 25.—The government received information from German East Africa that attacks by the rebels on Malenge have been successfully repulsed, that the Morogo rebels lost 300 killed and that the Graverth column had arrived at Kilwa after inflicting severe losses on the rebels in six fights.
