The vessel's sponsor was Miss Mabel Clare Money, daughter of United States Senator Money. Owing to the prevalence of yellow fever in the south Governor Largest Circulation J. K. Vardaman of Mississippi and his staff were unable to attend the launching. The governor was represented by Senator Money. The guests included Admiral Dewey, Lieutenant Commander Wood, Rear Admiral Rogers, Mayor Weaver of this city, naval officers stationed here and in Washington and

many prominent civilians. The christening party consisted of Senator and Mrs. Money, Miss Moneyand her flance, Dr. William Whitney Kitchen. They were escorted to the yard by General George B. Williams, who accompanied them to this city. Immediately after the launching lunch-

eon was served in the mold loft. Special interest is attached to the battleship Mississippi, since it will carry the smallest displacement of any United States battleship now being built with the exception of the Idaho, a sis-

sels is 13,000 tons each, while all the later battleships, including the Vermont. Kansas and Minnesota, now building in other shipyards, have a dis placement of 16,000 tons. Governor Vardaman of Mississippl

telegraphed as follows: "I express the sentiment of every patriotic Mississippian when I wish for the battleship Mississippi a long, use never be fired save for defense of the right. I regret that my official duties prevent me from being present to take part in the ceremonies.
