

R.K.W. REESER, KESSLER, WIELAND CO. THE BIG STORE WITH LITTLE PRICES SAYRE, PA. Store Closes Daily at 6 P. M. Except Saturday and Two Evenings After Pay Day. '11

Just as Prejudice is the "Mother of Failure"---So is Progressiveness the "Father of Success." There is an honest reason why we can undersell, largely because we underbuy. Again we employ one cashier, who with the management composes our office force for this town of stores which is so large and does the volume of any three largest concerns in this section, but count their managers, cashiers, bookkeepers and collectors and estimate this expense and the necessary accounts lost and figure what you pay to maintain the old ideas that credit stores hang to. None pay us for anything but the goods you buy, and that's always for less.

ATHENS

MACAFEE VETOES TROLLEY FRANCHISE

Reverses Action of Athens Borough Council on Legal Grounds and Criticizes the Franchise Which Was Granted.

Athens—Burgess D. J. Macafee has vetoed ordinance No. 96 recently passed by the Borough council granting consent to the Athens, Sayre and South Waverly Street Railway company to lay its tracks in certain streets.

The honorable Burgess in handing in his veto says: "I regret that I am unable to approve the proposed ordinance in view of certain of its provisions and I feel sure that if the attention of your honorable body had been called specifically to certain of its features it would not have been passed."

One of Burgess Macafee's objections is that Sec. 19 provides that the company may commence building its road in this borough before obtaining the necessary consents in other municipalities through which it proposes to pass. This he is advised is contrary to law.

The Athens, Sayre and South Waverly Street Railway company was incorporated to build through the boroughs of South Waverly, Sayre and Athens and afterwards its line was extended to run through Milan, Ulster, Towanda and Monroeton, and the Burgess says "I have no doubt that the council had this line in view when they passed the proposed ordinance."

It is the law of the state that a street railway incorporated to run through several municipalities must obtain the consent of each of those towns and in the case of townships of each property owner through which it passes before it can commence the building of the road. If they commence building without this consent an injunction might be had at the instance of any person affected and the borough might be drawn into litigation. This company has no application pending in any other of the municipalities, although an application was made to Sayre that has been withdrawn.

The Burgess gives as his opinion that it will be best for the people of Athens to wait until the company has obtained all of the necessary consents before allowing them to do any work on their streets.

Sec. 9 provides for transfers from the said company to the Waverly, Sayre and Athens Traction company, and that the passengers shall be carried on the other to the state line for five cents providing that the Athens, Sayre and South Waverly Street Railway company shall not be required to transfer passengers beyond the northern terminus as actually constructed. By virtue of this provision if the company builds outside of Athens borough then that is as far as the passenger could ride on either line. The distance from Athens to Waverly is but four miles and we should have a reduction of fare to any part of Waverly for 5 cents.

The Burgess also says it seems unwise to grant the use of Wells avenue and Pine street as they have been asked for, as they have entered into an arrangement with the Waverly, Sayre and Athens Traction Company to use its tracks from Mohawk street in Sayre to the southern end of Athens borough. This would indicate that there was no immediate intention of doing more than occupying these streets in Athens. This might work serious injury by preventing our granting rights to some other company ready to do business.

Burgess Macafee also says the time of one year in which they must commence work is too long. That six months is long enough for them to begin their work. That the people of this valley are all working people and entitled to the benefits arising from the business and location of their lines. He

recommends that before we grant any permission to build on the streets that it should definitely understood where the proposed line shall be built, whether through Sayre borough or Athens township or both, and the entire length of the line should be incorporated in the franchise.

As there was not a quorum of council present last evening no meeting was held and the meeting was adjourned to Saturday evening next.

WANT MCCALL'S HEAD.

New York Pastor Will Bring Suit to Force President Out. NEW YORK, Oct. 3.—Rev. Dr. A. Lincoln Moore, pastor of the Riverside Baptist church, is going to begin legal war on John A. McCall and George W. Perkins.

Suits to force the resignations of the two officers of the New York Life insurance company and to compel them to return the \$150,000 contributed to the Republican national campaign funds are to be immediately instituted by lawyers representing Dr. Moore and hundreds of other policy holders.

"I can control a large number of votes of the policy holders by proxy," says Dr. Moore. "And I shall enter this fight with the belief that it is the Lord's work and should be prosecuted with a mighty vigor."

"John A. McCall has practically stolen vast sums from the treasury of the company—money that belongs to the policy holders, and if he fails to return these moneys he should be arrested and sent to jail."

"I shall make a demand upon both McCall and Perkins to resign from the New York Life and shall also demand that McCall refund the \$150,000. Our watchword shall be, 'Drive McCall out or institute criminal prosecution!'"

Married a Wealthy Jap.

NORTHPORT, N. Y., Oct. 3.—One of the biggest surprises this town has experienced in several years came when the announcement of the marriage of Miss Belle Pauline Brown, the prettiest girl here, to Frank Yamaki, a Japanese, was made. The couple were married on July 16 last, but so well had their secret been kept that not even the family of the young woman knew anything of the wedding until today.

Two Suicides at Paterson Hotel.

PATERSON, N. J., Oct. 3.—A man committed suicide by jumping from a window and a woman attempted to end her life by taking poison at the Cosmopolitan hotel. The woman is in a precarious condition at St. Joseph's hospital. Michael M. Zimmer, a farmer of Wyckoff, jumped from the window of his room to the street and was dead when picked up. Five minutes before Zimmer made his fatal jump Manie Donnelly of Newark, who had been stopping at the hotel, ran into the street, jumped into a cab and told the driver to hurry to a hospital, as she had taken poison.
