**COUNCIL HOLDS UP  
BOARD OF HEALTH**

**Clash Between Two Authorities  
at Saturday Night's Meeting—  
Much Other Business**

President Sawtelle and Councilmen Adamy, Burns, Case, Hause, Lacey and Pritchard were present at the special meeting of the borough council Saturday night. John C. Ingham presented the question of extending the time within which the Sayre & South Waverly Traction Company might begin work. The borough ordinance provides that the road must be begun October 13 and finished and put in operation by December 1, 1906. Mr. Ingham said that they could not begin work until they had obtained the franchise from the borough of South Waverly, which they still thought they could get. An amendment to the ordinance was adopted, extending the time for beginning the work until May 13, 1906, but not extending the limit within which the road must be completed.

It was reported that nothing had been done by the board of health to abate the nuisance in the alley north of Allison street, and that the borough attorney and secretary of the board of health had said that abating the nuisance was not any concern of the board of health; but that the borough council should attend to it. On motion, the secretary was instructed to notify the board of health to abate the nuisance as soon as possible. Councilman Burns complained that the health department was very slack in its business; that while his children had diphtheria and the house was quarantined, the sanitary officer was there but twice. Consequently he had no way of getting supplies or even of calling a doctor, a condition which he branded as disgraceful. In justice to the regular sanitary officer, he stated that a substitute was on duty that week while Mr. Brougham was on jury duty at Towanda. Mr. Pritchard stated that the same condition prevailed at Zellar's last spring.

A communication was received from Secretary Yocum of the board of health asking for an appropriation of \$200. On motion, the request was placed on file. It was stated that the board of health had received \$300 already this year. Councilman Adamy remarked that if the board of health did as well in everything as they had in the case of Mr. Burns, they would not need any money. Mr. Sawtelle said that it did not look like just the right thing to ignore the request entirely as the passing of the motion would provide, but suggested that the board should be asked for a detailed statement and the personal appearance of the secretary before the council. The original motion was carried.

A petition was received from citizens and taxpayers asking for the acceptance of North Wilbur avenue between Mohawk and Tuscarora streets and of certain portions of Oneida and Tuscarora streets. The petition was referred to the street committee, as was one asking for a sidewalk on the east side of Miller street.

A communication from Mrs. Frank Pike expressing her gratitude for the sympathy and flowers given by the council at the time of the death and funeral of Mr. Pike, was received and ordered spread on the minutes.

On motion of Mr. Adamy, property owners were notified to rebuild sidewalks which had been taken out on Cayuta street between Shepard street and the school-house. Mr. Pritchard said that the No. 2 hose cart was in a dilapidated condition. Mr. Adamy reported that all but two of the arc lights had been placed and that three new gas lights had been put in. On motion, the railroad company was requested to place lamps on the bridge over the Milltown crossing and at the Bradford street crossing and to maintain a flagman at the latter crossing in the daytime.

It was reported that hydrants had been placed on Second and Hoover streets. On motion the railroad company was requested to repair and raise to grade the sidewalk on the west side of North Elmer avenue between Oneida and Seneca streets. The street and police payrolls and a number of bills were ordered paid.

Mr. Sawtelle stated that there should be a crosswalk on Miller street south of the school house. On motion, the property owners were notified to build walks on the west side of Miller south of Maple street. The matter of crosswalks across Lincoln street at Wilbur avenue and at Miller and Maple

streets was referred to the street committee. The matter of unbuilt walks along the Ackman and Page properties was referred to the borough attorney. The drainage on Lockhart west of Hopkins street was reported bad. The police report was received and read. A large number of sidewalk walks were voted. A request from Mr. Adamy for the loan of the street machine and the street commissioner for some work on Cayuta avenue was referred to the street committee. After Mr. Sawtelle had stated that a special meeting to clean up sidewalk business before winter should be called soon, the council adjourned.
