WILBURS WILL GIVE GOOD TIME TONIGHT

The Wilbur's fair last night was about as well attended as it was any other night and resulted in better business and more fun than was seen thus far. Hosmer's band furnished music and has been engaged for this evening also. A larger crowd is expected this evening and plans have been made to give them all a good time.

Poor Place for Mosquitoes.
An easterner who was out with G. F. Wright, the real estate man, the other day, viewing the landscape over says the Renfrew (Ok.) Record, noticed the buffalo wallows full of water after the recent rain and remarked: "You must have a lot of mosquitoes in this country, have you not?" "No," said Mr. Wright. "You notice that this country is a little sandy, and the sand in the air knocks their eyes out and they starve to death."

WELL-KNOWN WOMAN DEAD

Waverly—The death of Mrs. Barnum, wife of S. D. Barnum, and one of Waverly's best known and most esteemed matrons, occurred yesterday afternoon at 5 o'clock in the French hospital in New York city. Mrs. Barnum had been ill for some time, and went to New York to undergo an operation, from the effects of which she was not strong enough to recover.

Mrs. Barnum was about 55 years of age and had for years been a resident of this valley. Her husband, proprietor of the Barnum mills in West Broad street, was at her bedside when she died, as was also her daughter, Miss Lillian, Mrs. George Munn was also in New York, being summoned when it was known that the illness was fatal.

The body will be brought as soon as possible to Waverly and the funeral held from her late home in Bradford street. Arrangements are not yet completed.

GEORGE HELLER TO LEAVE ERIE

Waverly—A bulletin received at the Erie station here yesterday makes known the fact of the resignation of Superintendent George A. Heller, of the Susquehanna division of the Erie.

Supt. Heller is succeeded by C. Hayes, a man well qualified by years of experience to take the responsible place. George A. Heller has come to be one of the best known and most representative Erie men in this part of the country; he has many warm friends in Waverly and vicinity who will be sorry if it transpires that he is to leave the division. Having won promotion from a humble post in the service, Mr. Heller was able to cope with the troubles in all branches of the business and had the confidence and esteem of all the Erie men.

Mary Emerson's Special Feature
One of the features of "Will O' the Wisp," in which Mary Emerson will be seen here on Wednesday next is the dancing of "the tarantella" by Miss Emerson in the first act. The part she portrays is that of a young girl who leads a sort of a gypsy life, wandering from village to village with her grandfather, singing, dancing and telling fortunes to gain enough money to live and take them on their way. "The tarantella," while well known in Europe, is seldom danced in this country. The dance is very delightful, with a swing and go to it that is very fascinating. Miss Emerson has apparently spent much time on this feature, which is on a par with her sword fight in "His Majesty and the Maid."

Mrs. J. F. Shoemaker of this village read a paper at the county convention of the W. C. T. U. to held in Berkshire Wednesday.

AN EXPLANATION

Waverly—In referring to the kind act of Mrs. Hunter, proprietress of the Fulton House, in saving a sum of money for Popowicz the other day, we did not intend to cast any reflection on the management of the house, but to point out that the management had taken particular pains to protect a stranger from loss either in the house or out of it. Mrs. Hunter was very kind in warning the stranger and caring for his money over night, and deserves nothing but praise for the deed.

FELL ON TRACK. CUT NOSE BADLY

Charles Devine, who was arrested last night and released this morning on promise to get out of town at once, wandered around with a top-heavy cargo of booze until he fell on the car track at Desmond and Lockhart streets this noon and cut his nose open from tip to root. He was taken back to the entomological institute for safe keeping.

A FAULTLESS BEER

The following article appears in the United States Trade Reports, a publication devoted to financial, agricultural and mechanical interests:

There has been considerable discussion of the different kinds of beer since so much attention has been given to the discussion of pure food products, and many are found to give bad after-effects. The United States Trade Reports has always fearlessly discussed such topics as are of general interest to its readers, and we have received several letters concerning the different kinds of beer on the market. We are asked to recommend the best and purest, and which leaves no bad effects after drinking.

We have made a careful investigation locally, also referring the matter to our representatives in all the principal cities. We feel justified in saying that the beer which we find to surpass all others in purity and cleanliness is made by the Dettewich Brewing Co., of Olean, N. Y.

The above-named firm stands high in the commercial world, and is well known for its business tact and enterprise, as well as for its integrity. This beer serves as a tonic as well as a beverage. We have no interest in making this commendation, except to give credit where credit is due, as has always been our policy, and we have not the slightest hesitancy in recommending this beer to our readers. We advise all patrons to call for this beer, especially for invalids and those of impaired health.

It has been a custom of this paper to furnish its subscribers with reliable information on any desired subject free of charge, that they may designate by letter of inquiry addressed to this office. The United States Trade Reports has the largest circulation of any trade paper of its class, and no other publication could afford to maintain such a large staff of experienced editors to make these investigations, and depend solely upon its subscription list for support.

We are certain that all dealings which our readers may have with this firm will prove mutually beneficial and profitable. It is a pleasure to us to give this firm our editor's recommendation, and, at the same time, to supply our readers with reliable information on such an important subject as this.
