BOROUGH COUNCIL'S SPECIAL SESSION

Sidewalks Ordered Laid and the Street Commissioner Instructed to Notify Property Owners to Make Repairs

The Sayre borough council met in special session Saturday evening for the purpose of considering sidewalk matters. Sawtelle, Ademy, Burns, Dobell, Hause and West answered to roll call. The session was a brief one and as it was called for a special purpose questions pertaining to sidewalks only were discussed.

A sidewalk was ordered laid on Lincoln street between Elsbree street and Keystone avenue, and also on the south side of the same street between Wilbur and Elmer avenues.

Tuscarora and Onondago streets were accepted by the council and cross walks were ordered laid on these streets. Cross walks were also ordered laid at the corner of Lincoln street and Wilbur avenue, Miller and Maple, Miller and Olive, and Cuyugo and Wilbur.

Several walks on South Elmer avenue were reported to be in bad condition by the street commissioner, and the council, acting on the advice of the borough attorney, instructed the committee on streets to see that repairs were made at once. The street committee was also given power to order all property owners whose walks were in bad condition to repair the same before winter sets in.

Councilman Burns called the attention of the council to board of health matters and said that the board of health should make a report to the council each month. Under the present rule the board is not required to make a complete report only once a year. This report includes a statement of money received and money disbursed and also a report of the number of contagious and infectious diseases that have been returned to the secretary of the board. Councilman Burns was of the opinion that a monthly report should be made, but as the meeting had been called for a special purpose the members of the council could take no action. The council then adjourned until the regular date for meeting next month.

THREW WRONG SWITCH; CAUSED WRECK

Westbound Yards Scene of a Collision Early This Morning.

A mistake in throwing a switch caused an expensive wreck in the westbound Lehigh Valley yards at a few minutes past seven o'clock this morning. A westbound freight train had pulled into the yards and stopped about one hundred yards west of the footbridge. A switch engine engaged in shifting cars pushed a string of heavy coal cars into the caboose of the freight train. The caboose and the car immediately ahead of it were thrown on top of two cars of coal and a coal car was also derailed. The three cars were badly damaged and the wrecking crew occupied several hours in clearing the wreckage away.

CRESTON CLARKE IN TARKINGTON'S "BEAUCAIRE"

An unusually pure and sweet atmosphere pervades "Beaucaire," the Booth Tarkington comedy romance, in which Creston Clarke appeared to such advantage all of last year and in which he is this season again demonstrating his right to be classed as among America's leading star actors. Mr. Clarke, whose reputation is safely established among our theatre patrons, will, without a doubt, find an unusually hearty welcome Nov. 4, at the Loomis, not only for himself but also for the entrancing play he presents, which warrants the most substantial kind of favor-

ITALIANS' FIGHT MAY RESULT IN MURDER

Paul Brunette Taken to Hospital Suffering From Serious Injuries Received in a Melee at Milltown Late This Afternoon

Paul Brunette, an Italian, was taken to the hospital late this afternoon suffering from injuries which he received in a fight in Milltown this afternoon. According to meagre information there was general melee in which several Italians were engaged and Brunette received a severe beating with a club.

It is stated authoritatively that his injuries are serious and may prove fatal. Two men and women, all of whom are Italians, are under arrest, charged with being implicated in the affair.

SAYRE YOUNG MAN ARRESTED AT ELMIRA

Charged by the Authorities in That City With Burglary in the Third Degree.

This morning Chief Walsh received a telephone communication from City Detective Gradwell of Elmira saying that Howard Ferris of this place and two young men, one of them claiming Athens as his residence, had been arrested charged with breaking into a freight car. It appears that three men were caught inside the car, having broken the seal to effect an entrance. They were taken to police headquarters and a charge of burglary in the third degree was entered opposite their names on the police court docket. It was not learned that they had taken anything that was in the car.

Officer Gradwell also said that Ferris wanted his father to come to Elmira to assist him in getting out of the scrape. Ferris, it will be remembered, is the young man who recently attempted suicide at his parents' home in Sayre. He had been on an extended debauch and coming home in the early part of the evening, secured possession of a poisonous mixture which he drank in the presence of his mother and before she could prevent him. Heroic work on the part of Dr. H. L. Towner saved his life.

GRADUATING EXERCISES TOMORROW NIGHT

Hospital Day at the Presbyterian Church Will be Observed With Appropriate Program

Tomorrow evening Hospital Day will be observed with appropriate exercises which will be held in the Presbyterian church. There are five nurses to graduate this year and a cordial invitation is extended to the public to attend. Formal invitations have been issued only to the trustees and other persons intimately connected with the hospital work. An appropriate program has been prepared, and it is sincerely hoped that the exercises will be honored with the presence of a large crowd.

RAILWAY COMMISSION TO HOLD MEETING

Traction Company Matters Will Be Up For Discussion Again Tomorrow

The New York State Railway Commission will meet at Elmira tomorrow morning at 9 o'clock to further consider the application of the Chemung Valley Traction company for a franchise to build and operate an electric line between Elmira and Waverly. The Commission has had several meetings at which a large amount of evidence has been taken and the outcome is awaited with interest.

CHARGES MILLER WITH STEALING COAL

Officer Sisson Alleged to Have Caught Man Red Handed and Placed Him Under Arrest.

Weed Miller will be given a hearing before Justice Gay this evening at 7 o'clock on a charge of having taken a quantity of coal which had fallen from the cars at D. Cleary & Co's coal yard on Bradford street. Miller was arrested by Officer D. J. Sisson and the latter alleges that he caught the man in the act of taking away a quantity of the black diamonds in a pail. When brought before the justice for arraignment Miller wanted to settle and offered ten dollars to have the matter dropped. Mr. Cleary, however, refused to settle and says that he will prosecute. During the past month the coal company has lost considerable coal by the thieving propensities of certain ones who live near the yard and it is the intention of the firm to put a stop to it by making a vigorous prosecution in every case where evidence of guilt is obtainable.

M'LOAN PAID THE USUAL PRICE

Notwithstanding He Protested His Innocence When Arraigned on Intoxication Charge

James McLoan was arraigned before Justice Gay yesterday morning charged with drunkenness and disorderly conduct. McLoan, who is a laborer, was found on the street Saturday evening in a drunken condition. Chief Walsh took him to the lockup where he spent the night. When arraigned he protested against paying the usual fine of \$1 and costs on the grounds that he had not even tasted liquor. The evidence of the officer didn't agree with that of McLoan's and the latter paid the fine and costs and departed.

Forerunners of Christmas

In buying a piece of china at an art store you pay a good price for the china and an additional sum for the "art." At the Racket Store you get your money's worth in the article. The reason: We buy in large quantities and are satisfied with selling at the usual low Racket Store prices.

Then China is one of the principal departments of our business, and our large stock affords greater opportunities for selection than is the case where china is only an inconsiderable side line.

A FAULTLESS BEER

The following article appears in the United States Trade Reports, a publication devoted to financial, agricultural and mechanical interests:

There has been considerable discussion of the different kinds of beer since so much attention has been given to the discussion of pure food products, and many are found to give bad after-effects. The United States Trade Reports has always fearlessly discussed such topics as are of general interest to its readers, and we have received several letters concerning the different kinds of beer on the market. We are asked to recommend the best and purest, and which leaves no bad effects after drinking. We have made a careful investigation locally, also referring the matter to our representatives in all the principal cities. We feel justified in saying that the beer which we find to surpass all others in purity and cleanliness is made by the Dettewich Brewing Co., of Olean, N. Y.

The above-named firm stands high in the commercial world, and is well known for its business tact and enterprise, as well as for its integrity. This beer serves as a tonic as well as a beverage. We have no interest in making this commendation, except to give credit where credit is due, as has always been our policy, and we have not the slightest hesitancy in recommending this beer to our readers. We advise all patrons to call for this beer, especially for invalids and those of impaired health.

It has been a custom of this paper to furnish its subscribers with reliable information on any desired subject free of charge, that they may designate by letter of inquiry addressed to this office. The United States Trade Reports has the largest circulation of any trade paper of its class, and no other publication could afford to maintain such a large staff of experienced editors to make these investigations, and depend solely upon its subscription list for support.

We are certain that all dealings which our readers may have with this firm will prove mutually beneficial and profitable. It is a pleasure to us to give this firm our editorial recommendation, and, at the same time, to supply our readers with reliable information on such an important subject as this.
