**WIFE CRUELLY BEATS
HER OWN HUSBAND**

Two Boarders Held Brunette While Latter's Wife Belabored Him Unmercifully With Huge Club—Injured Man Will Recover.

Condette Brunette, her daughter Lovora Radoo (a former marriage) and Ernest Cowerdgo, a boarder in the Brunette home at Milltown, will be given a hearing before Justice Gay on Saturday next on the charge of having brutally beaten Paul Brunette yesterday afternoon with a club. A brief mention of the assault was made in yesterday's Record, and at that time it was believed that Brunette might have been seriously if not fatally injured. The physicians at the hospital, to which institution the injured man was taken, say, however, that he will recover from the effects of the beating in time to attend the hearing next Saturday.

Brunette is the husband of the woman under arrest and according to the story related by the police the white dove of peace has not reigned in the home for some time. It appears that the woman has three daughters by a former marriage and that they came here from Italy some time ago to join Brunette. For a time things went along smoothly, but recently he claims his wife and her daughters have not been treating him well. Mrs. Brunette kept boarders and it is said that she treated them with considerable more deference than she did her own husband. Brunette in the meantime was giving the woman his earnings, but the other day it appears that he decided to discontinue this arrangement and become a boarder with the rest. This act on the part of Brunette started a row, and the boarders and his wife and her daughters made things so disagreeable for him that he decided to leave entirely. Accordingly, yesterday he packed up his belongings and left. He returned in a short time for something that he had left behind and as he was unable to get in the door he knocked the panel violently, causing the glass front to fall in with a crash. The noise aroused the inmates of the house and also stirred them to action. Brunette alleges that two of the boarders and his wife's daughters rushed out of the house and fell upon him. The two men held Brunette while the women seized a heavy club and proceeded to beat him about the head. Neighbors in the vicinity witnessed the row and telephoned the police. Chief Walsh responded, and when he arrived he found Brunette lying along side of the road near his home bleeding profusely from several ugly looking wounds in the head. Someone had placed a pillow under his head and although he was conscious he was becoming weak from loss of blood which had literally soaked the ground. His assailants were nowhere to be found. The police made a search of a nearby cornfield and found the woman, one of her daughters and one boarder, but the others who were mixed up in the melee managed to make their escape.

When arraigned before Justice Gay the prisoners deposited cash bail and were given their liberty. The charge against them is aggravated assault and if they are convicted it will mean severe punishment.

SETTLED OUT OF COURT

The case of Weed Miller, who was arrested Saturday evening by Officer Sisson, charged with stealing coal from D. Clary & Co.'s yard on Bradford street, and which was to have come up for a hearing before Justice Gay last night at 7 o'clock, was settled out of court by Mr. Miller reimbursing the coal company for the amount of coal taken.

**BOYLE IS CHARGED
WITH WIFE BEATING**

Arraigned Before Justice Johnson at Athens Last Night and Gave Bail For Further Appearance.

Mike Boyle, a resident of Sayre, was arrested yesterday afternoon by Officer Spencer Brougham on the charge of wife beating. Justice Johnson of Athens issued the warrant and Boyle was arraigned last night. He pleaded not guilty and demanded a hearing which was set down for tomorrow afternoon. He gave bail in the sum of \$100 for his appearance and also \$100 additional bail to keep the peace pending the hearing. Boyle's wife alleges that for the past two years he has beat her at various times and recently his conduct has become unbearable, hence the warrant for his arrest.

**GENERAL HILL DIED
THIS MORNING**

Towanda's Prominent and Well Known Citizen Expires at His Home in That Place After Brief Illness

General Jonathan A. Hill, a resident of Towanda, and well known to nearly every one in this valley, died at his home in the former place, this morning at 5:30 o'clock. His illness was brief and death was due to ureamic poisoning. The deceased was born at Milo, Maine, January 15, 1831, and his death removes a conspicuous figure in this section. He was a man of strict integrity and had many endearing characteristics that gained for him a wide circle of friends. He was a soldier in the Civil war and received the title of general for gallant and meritorious conduct. He was a business man nearly all his life and at the time of his death conducted a large tannery at Towanda. He was a regular attendant at the Methodist church, and was possessed of a large fortune.

General Hill was married Jan. 16, 1856, to Lucy M. Richards of Rockland, Me., who with these daughters and sons survive: Mrs. Wm. W. Clark and Mrs. M. C. Gregg of Wayland, N. Y., George R. Hill of Elkins, W. Va., and Dr. J. A. Hill, Jr., of New York city.

Deceased was a member of the Military Order of the Loyal Legion of the United States, New York commandery, and was affiliated with the Masonic order at Bangor, Maine.

**HOSPITAL RECEIVES
A HANDSOME GIFT**

Mary Packer Cummings Generously Contributes an Annual Income to the Institution Which Will Amount to at Least \$3,000.00 Per Year.

At a meeting of the board of trustees of the Robert Packer hospital held in that institution this afternoon at 2:00 o'clock a most important announcement was made to the board and one in which every one in this section will evince considerably more than ordinary interest. The announcement was made by Dr. C. H. Ott, superintendent of the institution, and it contained the cheering information that Mary Packer Cummings of Mauch Chunk, and a sister of the late Robert Packer, founder of the hospital, has generously decided to contribute an annual income to the hospital, to be used by the superintendent as he deems necessary. She has also decided to deed to the hospital a plot of ground adjoining the hospital property on the south. The following letter from her was read by Dr. Ott, and is self explanatory:

Mauch Chunk, Oct. 20, '05.
Dr. C. H. Ott,
Supt. Robert Packer Hospital,
My Dear Dr. Ott:

I want to assure you of my interest in the hospital and my satisfaction of your administration of affairs. The plot of ground adjoining the hospital property on the south I shall be glad to deed to the hospital when you find use for it in the extension of the buildings. I have some real estate, the net income of which is my intention to contribute to the support of the hospital beginning with this year. Income will naturally vary, but it ought to average some \$3,000 a year. I want to take this opportunity to commend the unselfish labors of those who for so many years have given the work such loyal and enthusiastic co-operation, and to express the hope that the future will tell of even greater usefulness.

Yours very truly,
MARY PACKER CUMMINGS.

The events leading up to this resolve on the part of Mary Packer Cummings are of a decidedly interesting nature. This philanthropic woman has always entertained a kindly feeling in her heart for the hospital and from time to time has been exceedingly liberal in her donations. Some time ago she expressed a willingness to do even more for the hospital than she had done at previous times. Recently Dr. Ott went to Mauch Chunk and paid Mrs. Cummings a visit. While there he was treated in a most cordial manner and was given assurance by her that he would hear from her definitely in a short time. A few days after the visit Dr. Ott received the letter quoted above.

While the income may vary to some extent it is said by those in a position to know that it will amount to even a greater sum than that named by Mrs. Cummings. In fact it is thought that it will reach nearer to \$4,000 per year.

The action of Mrs. Cummings is thus providing for the hospital is particularly gratifying to the hospital authorities and is greatly appreciated by them. The friends of the institution, and they are legion, will also appreciate her beneficence. The income will be perpetual and will be used for hospital purposes in any manner that those in authority may see fit.

DIED THIS MORNING

Anna E., aged 7 years, daughter of Mr. and Mrs. Jay Smiley, 702 North Wilbur avenue, died this morning at 11:30 o'clock. The funeral will be held Thursday afternoon at 2 o'clock. Burial at Tioga Point. Grumme's has charge of the funeral arrangements.

**BIG CROWD HEARS
SOCIALIST ADDRESS**

E. J. Squires, Advocate of Socialism, Proves an Entertaining Speaker.

E. J. Squires of Jamestown, N. Y., delivered an address on Socialism last evening to a crowd that filled the Howard Elmer hose house. Mr. Squires proved to be a very interesting speaker and held the attention of his audience for fully two hours.

He indicted the present capitalistic system as a system that allowed the worker to be exploited for the benefit of the few. A system that supported the parasite in luxury and in the majority of cases kept the producer down to a mere living wage.

He contended that the present system was uncertain, that there was a frequent overproduction, leading to panics that came with almost periodical regularity and that it was necessary to continually find foreign markets to get rid of the surplus that the producer was not allowed to consume.

That the capitalist seeking his own profit did many acts detrimental to the community as is shown by child labor and adulteration.

He stated that socialism was the contemplated system of public or collective ownership of the instruments of production and distribution.

That socialism was not anarchy but was the antithesis of it. That the socialist does not believe in force but the only way to accomplish the desired end was by a campaign of education, and by peaceable methods and that the principles of socialism were the same wherever the party existed. That public ownership of industries controlled by all for the benefit of all, where every man had to work, and society refused to support the parasite either rich or poor, when every man received a just return for the services that he rendered to society and commodities were made for use and not for profit, then and only then would the present inequality and misery of a large portion of the race be done away with.

At the expiration of the address the speaker answered questions for nearly an hour.
