Run on Trenton Trust Company.
TRENTON, N. J., Oct. 27.—A run on the Trenton Trust and Safe Deposit company here reached such an extent that there were hundreds of depositors gathered around the bank waiting to draw their deposits. President Hugh Hamill said that there was no valid reason for the run, which was evidently had started by some wild or careless talk among the bank's small depositors.

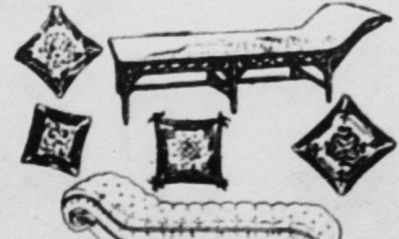

"College Widow" Company in Wreck.
MONTGOMERY, Ala., Oct. 27.—A western Alabama passenger train from Atlanta left the track a few miles east of this city. Seven cars and the engine were derailed. The passenger coaches were badly damaged. The "College Widow" theatrical company, consisting about forty-five persons, was aboard. Fred Hainsted, a member of the troupe, sustained a slight injury.

Word for the Tyrant.

THE WAVERLY NEWS LETTER

Owing to an unfortunate contingency, absolutely beyond control, the Waverly news letter is crowded out of today's issue. The necessity of compelling Waverly subscribers to The Record to do without today's news is exceedingly regretted by the management of the paper, and it is hoped that the omission will be tolerated on the strength of a promise made in good faith that it will not occur again.

LOCAL MENTION

The regular meeting of the Socialist local will be held this evening at the Howard Elmer Hose house.

HIT AMERICAN HARD

New Yorker Sentenced to French Prison.

EXAMPLE MADE OF E. F. SHEPARD

Recklessness of Our Auto Tourists Undoubtedly Brought About Severe Sentence of Jail, Fine and Heavy Damages.

PARIS, Oct. 27.—Elliott F. Shepard, son of the late Colonel Elliott F. Shepard of New York and grandson of the late W. H. Vanderbilt, was sentenced here to a term of three months' imprisonment, the payment of a fine of \$120 and \$4,000 damages for running down and killing twelve-year-old Madeline Mardeul with his auto car at St. Ouen, near Paris.

The tribunal which inflicted the sentence ordered that the \$4,000 be paid forthwith to the parents of the child. The severity of the sentence was undoubtedly brought about by the growing feeling against reckless automobilists. Americans touring in France with their speedy cars have aided in generating this feeling, and it was felt from the first that an example would be made of Mr. Shepard.

The trial was conducted with considerable bitterness on the part of the prosecution. It was shown that Mr. Shepard was at the wheel of the car and that he was exceeding the speed limit fixed by law when he ran down and killed the little girl. It was also charged by the prosecution that Mr. Shepard and a companion who was riding with him tried to escape without ascertaining how badly their victim had been injured.

CLEVELAND'S LETTER.

Republicans to Substitute Jerome's Name For Flammer's.

NEW YORK, Oct. 27.—Former President Grover Cleveland has announced his support of George B. McClellan for mayor of New York and sounds a summons for all men who own fealty to the Democratic party to rally to his support. He takes this step in a letter to the mayor, received at city hall, and it is pronounced by men wise in politics as one of the strongest campaign pronouncements ever issued.

It is a characteristic document, marked by cool deliberation and a judicious weighing of the salient elements of the situation, and his constantly emphasized warning is against the hysteria which often follows the inflammatory appeals of demagogues.

Paying a high personal compliment to the mayor and his administration, he urges every voter who has the will being of New York at heart to vote for the re-election of Mr. McClellan.

By a practically unanimous vote the executive committee of the Republican county committee last night adopted a resolution to reconvert the Republican county convention tonight and substitute the name of District Attorney Jerome for that of Charles A. Flammer on the ticket.

The committee is made up of district leaders, and all of them but Abe Gruber bowed to the will of William Halpin, chairman of the county committee, and former Governor Odell, chairman of the state committee, who had decided to withdraw Flammer and put up Jerome in his stead.

Mr. Gruber has been consistently opposed to Jerome from the first, but it is said that in view of the action of the committee he will bow to the will of the majority and do what is expected of him on election day.

FROM PEKING TO NEW YORK.

Miss Roosevelt Meets After Her Journey Across the World.

NEW YORK, Oct. 27.—The E. H. Harriman special train, with Miss Alice Roosevelt on board, arrived in Jersey City over the Erie railroad last night at 1:45 o'clock. Mr. Harriman and the members of his family left the train at Arden, N. Y., where Mr. Harriman's country place is located. The only members of the original Taft party who came through on the train were Miss Roosevelt and her traveling companions, Misses Boardman and McMillan; Congressman Gillett of Massachusetts and J. C. Knight.

Miss Roosevelt inquired eagerly about her father and his southern trip and asked when he would reach Washington. She expressed great delight at being so near home.

Miss Roosevelt was driven directly to the home of her aunt, Mrs. Douglas Robinson, here, where she spent the night, leaving for Washington at 9 o'clock this morning.

Members of the party denied that Miss Roosevelt had been sick during the trip, saying she was somewhat fatigued from the long journey across the continent and for that reason did not appear on the train platform during the stop at Elmira, N. Y.

Senator and Mrs. Newlands left the party at San Francisco, and Mr. Longworth went to his home in Cincinnati. "In every way the trip has been a very remarkable one," said Congressman Gillett. "In China, Japan and Korea Miss Roosevelt was received with as great enthusiasm as a princess could inspire. The reception at Tokyo was probably more remarkable than anywhere else. The crowd which gathered in the streets were enormous, and the courteous demonstration they made in honor of Miss Roosevelt was beyond description."

The highest paid official in the government service, with the exception of the viceroy of India, is the lord lieutenant of Ireland, who receives \$101,000 per annum.

A FAULTLESS BEER

The following article appears in the United States Trade Reports, a publication devoted to financial, agricultural and mechanical interests:

There has been considerable discussion of the different kinds of beer since so much attention has been given to the discussion of pure food products, and many are found to give bad after-effects. The United States Trade Reports has always fearlessly discussed such topics and are of general interest to its readers, and we have received several letters concerning the different kinds of beer on the market. We are asked to recommend the best and purest, and which leaves no bad effects after drinking.

We have made a careful investigation locally, also referring the matter to our representatives in all the principal cities. We feel justified in saying that the beer which we find to surpass all others in purity and cleanliness is made by the Dettewich Brewing Co., of Olean, N. Y.

The above-named firm stands high in the commercial world, and is well known for its business tact and enterprise, as well as for its integrity. This beer serves as food as well as a beverage. We have no interest in making this commendation, except to give credit where credit is due, as has always been our policy, and we have not the slightest hesitancy in recommending this beer to our readers. We advise all patrons to call for this beer, especially for invalids and those of impaired health.

It has been a custom of this paper to furnish its subscribers with reliable information on any desired subject free of charge, that they may designate by letter of inquiry addressed to this office. The United States Trade Reports has the largest circulation of any trade paper of its class, and no other publication could afford to maintain such a large staff of experienced editors to make these investigations, and depend solely upon its subscription list for support.

We are certain that all dealings which our readers may have with this firm will prove mutually beneficial and profitable. It is a pleasure to us to give this firm our editorial recommendation, and, at the same time, to supply our readers with reliable information on such an important subject as this.
