

**Rochester's
Finest Clothing**

We invite a careful inspection of our new line outside fabric, lining, and most important of all, the new concave shoulders and perfect fitting neck. The new cut shows the only front ever made that will not break. It fits right, stays right and we guarantee it to be right. We can show you a lot more about our clothing that you will find in no other make; besides, it don't cost you any more than the ordinary kind. If you have never bought a Rochester Hand-Tailored Suit you've missed something. "Come in and see."

**CLAY ADEMY MET WITH
FRIGHTFUL ACCIDENT**

Has Both Legs Horribly Crushed While Attempting to Crawl Under Lehigh Train. His Recovery is Doubtful

Clay Ademy, the 9-year-old son of councilman E. D. Ademy, met with a probably fatal accident on the Lehigh tracks near the trolley bridge yesterday afternoon shortly after 4 o'clock. The lad is now lying on a cot in the Packer hospital with his right leg amputated about three inches above the knee, while the left was taken off at the knee joint. The physicians have but little hopes of his recovery.

There are several stories told as to the manner in which he met with the accident that cost him his legs and perhaps his life. One of them is to the effect that he with several lads about his own age were running on the top of a freight train when the train suddenly started and young Ademy fell between two cars and the wheels on one of the trucks passed over his legs. Another account which purports to have been given by eye witnesses is that the lad was returning home from school and that he attempted to crawl underneath a string of cars when they suddenly started and before he could get through the wheels caught his legs, crushing them so badly that amputation was necessary. The latter story seems the more probable as it is verified by two men who claim to have witnessed the accident.

The accident occurred just west of the trolley car bridge and the bleeding boy was seen lying along side the Lehigh tracks by the passengers. Dr. Carpenter of Waverly was on board and at once went to the boy's aid. In the meantime, however, others had reached the spot, and some thoughtful person, who knew how to render first aid to the injured, had tied a piece of rope above the seat of the injury on both legs.

The boy was picked up and carried to a southbound trolley car and brought as far as Lockhart street and Elmer avenue where the hospital ambulance was in waiting. When the hospital was reached the surgeons went to work quickly and in order to expedite matters Dr. Ott amputated one leg while Dr. H. S. Fish operated on the other. When taken into the hospital the lad was conscious but suffering from severe shock. He had not lost much blood, which, together with his youth, are points in favor of his recovery.

Young Ademy was a student in the Sayre Elmer avenue school and was well known on account of the prominence of his father who in addition to being a member of the borough council is extensively engaged in contracting in this place. The lad has many friends all of whom hope for his recovery.

This afternoon Dr. C. H. Ott, surgeon in chief at the hospital, stated that the injured boy was holding his own and while to result was still in doubt the pulse and temperature would indicate that there was a chance for recovery, although it might be considered a slim one.

HOSPITAL NOTES

Mrs. Mary Jenkins of Towanda; Mrs. William Shupp of Waverly; Thomas Fitzgerald of Owego; Miss Josephine A. Merrill, of 407 Elmer avenue, Sayre; Miss Mollie Young of Owego and Albert Havens of East Smithfield, underwent operations this forenoon. The last three named were appendicitis cases.

Mrs. Addie Case of Laquin was discharged this afternoon.

PURCHASED PROPERTY

Mrs. E. M. Thompson of Spring street has purchased of Mrs. B. S. Sutton the home known as the Hartz property on Hospital place.

**NEW PIPE ORGAN FOR
CHURCH OF REDEEMER**

Will be Installed January 8 and is to Cost \$3,200—Recitals Will Follow Its Installation

When the vestry of the Church of the Redeemer began making plans for the purchase of a new pipe organ it was determined to procure one which would cost in the neighborhood of \$1,500, but after the rector, Rev. F. T. Cady, had interviewed Andrew Carnegie's secretary and secured from him a promise to contribute toward the purchase price it was decided to get an organ costing more money. Mr. Carnegie will give one dollar for every dollar raised by the church, and as the latter had something like \$1,600 raised for the purpose, the new organ which will be placed in the church on the 8th of January next will cost \$3,200. The organ will be one of the best in this section.

Immediately after the installation of the instrument, probably about the 15th of January, two recitals will be given in the church. One will be an organ recital and the other will be in the nature of a vocal concert in which a large and well trained chorus will participate. These events will occur on separate nights and rehearsals will begin a short time.

**RED MEN ARRANGING
SERIES OF DANCES**

Popular Organization Preparing to Entertain Their Friends During the Coming Winter

The members of Diahoga Tribe of Red Men are making preparations to give a series of hops in their rooms during the coming winter. The first one will be given Tuesday evening next and they will occur every two weeks thereafter. First class music has been engaged and the bill for dancing is 50 cents per couple. The committee of arrangements is composed of the following well known gentlemen which in itself insures the success of the venture: J. H. Ellsworth, John J. Spitzer, J. W. Hawkins, B. E. Sturdevant, Sayre Mandeville and W. J. Marble.

"HUMAN HEARTS"

An event of no small importance is the re-appearance of W. E. Nankeville's well known and highly appreciated melodramatic offering, "Human Hearts," which will be shown here for the amusement of our theatre goers on Monday evening at the Loomis.

The forthcoming presentation will be a notable one, from the fact that the company playing the piece this year will be the same in every particular as that which Mr. Nankeville will send to Australia next June.

FAIR COMMITTEE TO MEET

The fair committee of the Wilbur hook and ladder company will hold a meeting this evening in their rooms for the purpose of preparing a financial statement in connection with the fair which was held in the casino on Packer avenue last week. While the fair was not largely attended it was a financial success and the receipts will nearly liquidate the indebtedness which has encumbered the company for some time. All members of the committee are requested to be present.

CONCERT THIS EVENING

An excellent program will be rendered at the Baptist church this evening by the Dean-Mallery Concert company. The young women composing this company come to Sayre highly recommended, and there should be a large audience present. All lovers of music will have an opportunity to hear something particularly fine and should take advantage of the opportunity.

**RAYMOND & HAUPT'S
NEW POWER PLANT**

Has Been Installed a Month and is Giving Excellent Satisfaction--The Only Store in Sayre Lighted by Its Own Plant

Raymond & Haupt, Sayre's well known confectioners, have for the past month been operating an electric light and power plant in a building in the rear of their place of business on Lockhart street. The plant was installed on trial and it is designed to furnish power and light for the confectionery store. This morning a Record representative visited the store, and was kindly shown the plant by Mr. Raymond, the senior member of the firm. A three horse gasoline engine, manufactured by Fairbanks, Morse & Co., is used to furnish the power. This engine operates a dynamo which has a 30 16-candle incandescent electric light capacity, but which can run 40 lights should the necessity arise. The engine also generates sufficient power to run the ice cream freezers and the ice crushers. The electric fans are also attached to it as well as the peanut roaster which stands in front of the store.

So far the plant has given the best of satisfaction, and if it continues to work for the next thirty days as well as it has since its installation it will be purchased by the firm. The plant was installed as a matter of economy and thus far it has proved to be a money saver. Since they began using it the firm has manufactured its own chocolates as well as other grades of confections. In the ice cream season is when the plant will prove its greatest worth. Many gallons of the delicious fluid are made by the firm and in order to run the freezers and ice crushers considerable power is required. Last night the store was lighted by the plant and elicited many favorable comments from the people passing along the street. It is the only store in Sayre lighted by its own electric light plant.

**VAN AUKEN'S HEAD
CRUSHED TO A PULP**

Lehigh Valley Employee Met a Horrible Death in the Coxton Yards Yesterday

Harry VanAuken, a hostler employed by the Lehigh Valley, was instantly killed in the Coxton yards yesterday afternoon. VanAuken was running an engine into the round house when his head was caught between the engine cab and the round house door. VanAuken's head was crushed to a pulp and his neck was broken. He was a resident of Coxton and had a brother who was killed by falling from a Lehigh engine a year ago.

INSPECTED C. A. R. POST

Past Department Commander Hull of Athens inspected Mallory Post G. A. R. last evening and a very pleasant social time was had. Commander Druckemiller made a fine address giving interesting descriptions of the earlier experiences of the order in Lancaster and Lehigh. Comrade Druckemiller is one of the best orators in the state.

TEARING DOWN BUILDING

The hemlock building located on Packer avenue, which was used for the purpose of holding a series of union revival meetings and in which last week the Wilbur Hook & Ladder company held a fair, is being torn down today.

Quickest Route to Chicago, 17 Hours from Sayre

Leave Sayre this afternoon and arrive at Chicago at 8 o'clock tomorrow morning. In time for connections for western points. This is via Lehigh Valley, Michigan Central or Lake Shore Railroads. Sleeper \$3.00 double berth from Buffalo. Best services and equipment—fast roadbed—unexcelled dining cars.

**HORSE RAN AWAY
DRIVER INJURED**

The Animal Became Frightened at a Locomotive and a General Mix-Up Followed

The delivery rig of Child, Waltman and Youngs store caused considerable excitement this morning by running away down the trolley bridge at Mohawk street.

An engine, coming under the bridge caused the horse to jump, and when the driver pulled him up quickly, both hold backs broke. The horse ran down the bridge at full speed, and when making the turn at the bottom the wagon swerved and, the seat being loose, the driver, D. F. Edmonds, was thrown out on his head and shoulders, striking on the cement crosswalk.

The horse ran out Mohawk street, turned up Elmer avenue and stopped.

Mr. Edmonds was quite painfully injured, his face and head being minus considerable cuticle, and his shoulder very lame. This did not prevent his being on the rig however, or interfere with his customary duties.

The wagon was damaged to some extent, but the horse was not injured.

PERSONAL MENTION

Mrs. James Sheehan spent yesterday with friends in Geneva.

G. W. Roseboom has returned from a business trip through central New York.

Miss Mollie Wood of Waverly is a guest at the home of Mr. and Mrs. Robert Hammond.

Mrs. L. M. Rice has returned from a ten days' visit with friends and relatives in Binghamton.

Miss Nellie Bryant of Towanda, who has been a guest at the home of her sister, Mrs. Jessie June, has returned home.

Mrs. George Rohey of Dushore who has been the guest of her parents, Mr. and Mrs. Aaron Hamm, returned home this morning.

Mrs. E. H. Wells, who has been spending several days at the rectory of the Church of the Redeemer, has returned to her home at Meshoppen.

WILL SERVE SUPPER

The King's Daughters of the Presbyterian church will serve a 10 cent supper at the church next Wednesday evening, November 1.
