BATTENBERG'S VISIT.

Admiral Evans with Squadron sails to meet British Fleet.
 HALIFAX, N. S., Oct. 31.—The second cruiser squadron under command of Rear Admiral Prince Louis of Battenberg, has sailed for Annapolis and New York.

An interesting feature of the trip will be a power and speed trial of the ships. It is hoped that the result will afford basis for comparison between the speed of the British squadron and the United States cruiser squadron conveying President Roosevelt from the Gulf of Mexico to the North.

Report here says that the two battle divisions of the north Atlantic under command of Rear Admiral Prince D. Evans, has sailed from Annapolis, where they go to prepare a reception to the British north Atlantic squadron, which is due at Annapolis in the next few days.

The vessels which went to Annapolis are the battleships Kentucky, Kearsarge, Alabama, Illinois, Missouri, Iowa, Maine and Massachusetts and the gunboats Mayflower and Yankton.

"BEAUCAIRE"

There is satisfaction in knowing that Creston Clarke last season found in "Beaucaire" a character more agreeable to his noble ambition and giving him a more decided prestige as one of America's leading actors, than any other ever before interpreted by him. As a matter of fact his friends and admirers everywhere often expressed a genuine delight to find such a splendid piece of theatrical property in such capable hands as Mr. Mr. Clarke's. Those who have carefully followed this young man's notable achievements in the past, declare that the role of "Beaucaire" is in a direct line with this actor's expressed determination not to deviate from the path of exalted motive, and that it affords him special advantages such as have never before been enjoyed by him. "Beaucaire," with Creston Clarke in the title role, will be offered at the Loomis next Saturday with such magnificent detail as to warrant the high sounding compliments from both the public and the press as have been accorded everywhere this attraction has appeared this and last season.
