Preparatory Work Being Done on the New Trolley Line on Keystone Avenue

Waverly—Evidence that the new trolley line will soon be in operation was apparent this morning as a gang of men are excavating on Keystone avenue preparatory to laying the track. The ties and rails are all distributed along the right of way, and those residing on the south side may soon expect convenient street car service.

Denosing Wives.

In some parts of the world, especially Italy and India, it has been customary to employ removal of the nose as a form of punishment, sometimes judicial, but chiefly as a mode of carrying out private revenge. Especially in some districts of India it is considered a suitable form of punishment for a husband to inflict on a wife of whose conduct he does not approve.

"What's in a phrase? CRESTON CLARKE

Creston Clarke, in "Beaucaire," never fails to delight those thousands who revel in genuine artistic merit. "Beaucaire" is a play built from the delicate fabric of dramatic fineness imparting a flavor of real gentleness. The characters are all well drawn and partake of downright unctuousness, while the entire atmosphere is permeated with invigorating wholesomeness. No play has ever so completely won the approbation of lovers of comedy as well as of all conservative dramatic standards, as has this cleverly constructed romance, and in the hands of so excellent and finished an actor as Creston Clarke, the role of "Beaucaire" may be likened unto a cameo of the cleanest cut. It will be a genuine pleasure to accord to both Mr. Clarke and his beautiful play a most generous greeting next Saturday at the Loomis.

AMERICANS MASSACRED.

Chinese Mob Attacked Lienchow Mission, Near Peking.

HONGKONG, Nov. 2.—Four American missionaries and a fifteen-year-old girl have been murdered at Lienchow by a Chinese mob.

The victims are Dr. Eleanor Chestnut, Mrs. C. E. Machie and child and Mr. and Mrs. Peale.

Reports from Canton say that the murder of the missionaries took place on Oct. 28.

Canton is the nearest point to Lienchow from which any message could be sent to the United States. The fastest time made between Lienchow and Canton was seven days, done by a Chinese runner, about a year ago, when Dr. Machie was taken ill.

Dr. Charles Edward Machie was born at Cincinnati in 1859 and was a graduate of Wooster university of Ohio and of the Jefferson Medical college of Philadelphia. His wife was Miss Ella M. Wood of Philadelphia. They had two children, Elsie and Victor. The boy died about a year ago. Elsie is the child mentioned in the report as being murdered. Dr. and Mrs. Machie have been stationed at Lienchow since 1889.

Dr. Eleanor Chestnut has no home in this country. She was appointed a missionary in 1893.

John Rogers Peale is a new missionary who sailed from this country last August. Mr. Peale was born at New Bloomfield, Pa., in 1879. He was educated at the Lafayette college and the Princeton Theological seminary. He married Miss Gillespie of Port Deposit, Md., last summer before going to China in August.

Lienchow is a town of 12,000 people in the western portion of the province of Kwangtung, at the head of the gulf of Tonking, not far from the treaty port of Peking.

In addition to four church buildings, the Lienchow mission, which reports 207 native Christians on its roll, has three Sunday schools and three establishments for secular education.

Mrs. E. C. Machie, whose murder by Chinese at Lienchow is reported from Hongkong, is a native of Cincinnati. Two brothers-in-law and one sister-in-law and her mother-in-law reside there.

The last letter received from Mrs. Machie stated that she was on her way from Mount Kelleit, near Hongkong to the missionary station at Lienchow, presided over by her husband, Dr. Edward C. Machie. They had been in the field about eighteen years.

During the Boxer outbreak several years ago Dr. Machie was captured and would have been massacred had it not been that a mandarin whose life had been saved by Dr. Machie interceded for him and rescued him from the mob.

Havana Tobacco Operators Strike.
 HAVANA, Nov. 2.—Four hundred and fifty employees of one of the factories belonging to the American Tobacco company struck on account of dissatisfaction with a new foreman.

Ibsen Ill and Unable to Move.
 COPENHAGEN, Nov. 2.—Henrik Ibsen, the Norwegian dramatist, is pronounced to be suffering from arterial sclerosis. He is very feeble and unable to move, but is mentally bright.

Deadly Perfume.
 The death plant of Java has flowers which give off a perfume so powerful as to overcome if inhaled for any length of time, a full-grown man, and which kills all forms of insect life that come under its influence.

Hamlet's Request.
 "I want those eggs stopped!" shouted the tragedian, striding to the footlights.

"Well, you're stoppin' 'em, ain't you?" asked the boy in the gallery as he threw another—Puck.

How They Locate Chicago.
 "It is queer," say Mr. Holmes, the lecturer, "but the untraveled English seem to think that to go to Chicago all one has to do is cross the Atlantic, go up the Hudson and turn to the left."

Men and Dogs.
 Two kinds of living creatures only men and dogs, can stand an instantaneous change from Arctic cold to tropical heat without suffering deterioration or losing their health.

Sea-Weed Esters.
 China and Japan are preeminently the seaweed-eating nations of the world. Among no other people are seaweeds so extensively eaten and relished as food substances.
