uncertainty regarding the result of the lan. Hearst or Ivins will be chosen to rule the destinies of the metropolis for the next four years presents a problem which in the face of conditions absolutely unique baffles the skill of even the most experienced forecasters of

election results. This is due to the complications aris ing from the appearance in the field of a new and formidable element represented by the Municipal Ownership league which, under the leadership of William Randolph Hearst, has carried en a campaign marked by extraor-dinary vigor and has developed a degree of strength that has been the subject of general amazement. The managers of the three mayoralty candi dates today declare themselves to be absolutely assured of victory.

In Wall street the odds ended 2 to on McClellan, at which price a prom inent broker offered to wager \$100,000 to \$50,000. The same broker placed a bet of \$25,000 to \$10,000 on the mayor Bets on Ivins rule about 1 to 6 and on Hearst 1 to 214. Odds on the election of Jerome were about the same as on McClellan, and many large sums were wagered by supporters of the district attorney, whose meteoric canvass has been one of the most spectacular features of the campaign.

### EXPECT FIGHTING.

Mayor Weaver, Denouncing Sheriff. Takes Command of Police.

PHILADELPHIA, Nov. 7 .- The day toward which I hiladelphians have been of the grounds, who conducted them looking for six months to decide through the home of the first president whether the municipal affairs of the city shall continue to be conducted as they have been in the past or whether a new order of things shall obtain finds the situation so tense that no Philadelphian will be surprised if the peace of the city is seriously disturbed. Matters reached a critical stage when the mayor of the city and the sheriff of the county, both of whom are lead-

ers in their respective parties, issued antagonistic proclamations swearing to upbold the law and protect the citizens against the illegal acts of the opposing side. The sheriff in his proclamation calls upon citizens to assist deputies appointed by him to uphold the law, and Mayor Weaver replied in a strongly worded proclamation in which he says, "The peace of the city. blood bought rights of honest electors rival in this country than the two must and shall be preserved."

the action of the sheriff and urges all citizens to resist in every way possible all deputy sheriffs who may in any way interfere with their voting The proclamation further declares

Miles constitues such a menace to the public peace that I deem it my duty as mayor of the city to proclaim that his lawless aunouncement ostensibly as sheriff is an election scheme and authority vested in me by laws of the commonwealth, take command of the police force of this city "
