Perilous Ride on Engine Pilot.

Sedalia, Mo.—After being struck by an express train and carried 28 miles on the pilot of an engine. Warren Prine, of this city, told of a terrible experience when picked up near Tip-ton. Tipton is 27 miles east of Sedalia. Prine, who is a railroad man, was crossing the Missouri Pacific tracks when he was struck by the train. He was rendered unconscious for a time, and does not remember all that happened. When found he was lying by the side of the track. One leg was broken. He will probably recover.

Man's Eyes Drop Out.

Berlin.—An extraordinary case of a man whose eyes dropped out has been brought before the Berlin Medical Association. He is 26 years of age. Waking up suddenly one night in excruciating pain, he found his left eye lying on the pillow, but with the aid of relatives he was able to replace it. His right eye he was able to replace. He will also drop out and he lives in a constant terror. Sometimes it is the right eye, sometimes the left which falls out.

Waverly—Graff & Co. have one of the most unique, original and attractive window displays ever seen in this section. It consists of a large number of fancy baskets piled together in such a manner that it resembles an automobile. The passenger is a large doll dressed up to resemble a bird.

AN ENJOYABLE AFFAIR

Waverly—The euchre party given last evening by the K. of C. was a very enjoyable affair socially and a success financially. The hop after the card party was also enjoyed very much.

GOLD DUST.

Purpose is what gives life a meaning—Charles H. Parkhurst.

The Bible is our greatest monument from the past—Ira M. Price.

Do thy part with industry, and leave the rest to God—Fellham.

Some flowers and herbs that grow very low are of a very fragrant smell and healthful use—Robert Lighton.

You need a change. I have seen for some weeks that you are falling. Mind, it is our best work He wants, not the dregs of our exhaustion—Macdonald.

Depend not on another, rather lean upon thyself, trust to thine own exertions, subjection to another's will gives pain; true happiness consists in self-dependence—Mau.

Wish to be a child of God, and then sunshine and frost, and friends and enemies, and youth and age, and business and pleasure, and all things, will help to make you—Euthanasia.

Self-denial is the first lesson to be learned in Christ's school and poverty of spirit entitled to the first beatitude. The foundation of all other graces is laid in humility. Those who would build high must begin low—Matthew Henry.

Valuable Epic

Joseph I. Keefe, a member of the Sons of the Revolution of Washington, while on a recent visit to Charlestown, W. Va., found in the residence of Mrs. R. B. Chew a grandchild of George Washington a very valuable and historical pen portrait engraving of King Louis XVI of France, which was sent by that personage to Gen. Washington, the presentation of which was the first incident of the kind in which a foreign potentate had evinced so close a personal relationship to our republican government—Philadelphia Press.

Fraternal Orders.

There are in America to-day more than 200 fraternal beneficiary orders, with a combined membership of over 5,000,000, who are protected to the extent of more than \$7,500,000,000, and have distributed benefits to disabled members amounting to more than \$25,000,000. In 1904 alone they distributed \$65,000,000, or at the rate of \$1,250,000 per week, besides paying over 4,000 death claims last year. Sixty four of these orders have a membership of over 10,000 and the others from 5,000 to 7,000.

More Than Human.

A performing monkey named Dolly is being treated for pneumonia at the Charing Cross hospital, London. When she was brought to the hospital a Dr. Strickland asked her where the pain was. She placed her hand on her chest. The doctors say she is "very human," though they add that "she does just what she is told and is most grateful, which is somewhat contradictory."

HERRICK'S VALEDICTORY.

Bows to Will of the People of Ohio With Clear Conscience.

COLUMBUS, O., Nov. 10.—Governor Myron T. Herrick has given out the following statement:

"The people of Ohio by a substantial plurality have defeated me for governor. I bow to their will and trust that their welfare may be the only aim of the new administration.

"I discharged my duties as governor of Ohio with an eye and purpose devoted solely to the best interests of all the people. My conscience is clear. What I did with respect to the Brianock law was done in the interest of justice and morality and intended to strengthen that measure as a temperance law. I would do the same thing over again. The unconstitutional measures I vetoed I would veto again. The extravagant appropriations that I declined to approve I would again decline to approve.

"If the people of Ohio defeated me because they disapproved of my action with respect to those measures they acted wisely, for if I had been given a second term I would have been actuated by the same motives and I would have pursued the same course when ever the occasion arose. From these same people, in whose ultimate judgment and sense of justice I have the profoundest faith, I bespeak for my successor that support and confidence which should always encourage the public servant, and I trust that for every execution of an honest purpose to serve the general welfare he may receive that approval to which an upright conscience is entitled."
