## A MUTINY AT KIEV

Street Fighting Between Rebel Sappers and Cossacks.

### GUARD FROM CRUISER MINNEAPOLIS

Odesa Jews Implore Aid of Civilized Nations to Prevent a Second Massacre at That Port—St. Petersburg News Cut Off.

LONDON, Dec. 4.—A guard for the United States embassy at St. Petersburg is en route there by rail, having passed through Berlin. The men are dressed in civilians' clothes and are believed to be from the cruiser Minneapolis, now anchored in the harbor of Gravesend, England.

A Kiev dispatch, via Warsaw, says that there has been serious street fighting between mutinous sappers and Cossacks and between workmen and Cossacks and between workmen and Cossacks.

Early Sunday morning a company of sappers, dissatisfied with their mutiny commander, mutinied and persuaded a second company to join them. They left the fortress fully armed and by threats compelled the remainder of the sappers' battalion to join them.

Numbering a thousand, the mutineers marched to the barracks of the One Hundred and Twenty-fifth Kurak Infantry, which, however, remained loyal. A body of Cossacks allowed the rebels to pass them in the street. Finally the mutineers arrived at the barracks of the artillery division and the Azoff Infantry regiment. The Azoff men answered their appeal with insults, and the rebels opened fire upon them. The Azoffs answered with three volleys. A portion of the mutineers fled, but the others continued firing. The Azoffs replied with deadly volleys, and finally the rebels fled headlong, throwing down their arms. Two hundred of them surrendered and were conveyed to their barracks by Cossacks.

Fifty dead and a hundred wounded mutineers were left on the ground. A court martial has been convened and a notice issued that any further attempt at mutiny will be quelled by artillery.

A special dispatch from Odesa, sent through Germany, says:

"It is asserted that a proclamation is being circulated in almost every regiment calling on the soldiers to exterminate the Jews and to destroy the newspaper offices in revenge for the groundless accusations against the troops for their participation in massacres and in pillage and in the protection of rowdies."

"This is exciting the population against the army."

"The Jews assert that the officers deliver anti-Semitic speeches in the barracks after removing the Jewish soldiers and that Governor General Kauibars himself has confessed that the officers are burning for revenge on the Jews and that he is unable to guarantee the preservation of order."

"In view of the fact that this city is entirely cut off from St. Petersburg and thus is altogether in the hands of the local authorities, the Jewish community implores all civilized nations and their governments to take all possible measures at St. Petersburg to prevent a catastrophe which may exceed anything that has yet occurred."

Dispatches from St. Petersburg, coming through Prussia, say that there is the greatest excitement among the sailors there and that the authorities have ordered the disarmament of the warships. The officers, fearing a mutiny, acceded to the demand of the sailors for the release of a workman who was arrested while distributing revolutionary proclamations.

Heavy forces of artillery are arriving at the capital, causing a panic among the population.

Officers held a meeting at Tarskoe-Selo and resolved to order their men to fire if called on to repress disorders.

A Warsaw dispatch says that the railroad telegraph operator at Moscow reported on Saturday night that a great incendiary conflagration was raging there.

The striking telegraph operators in case reprisals are made against them to destroy the government lines. Owing to the abolishment of martial law many political offenders have been released.

A Warsaw dispatch says that 700 post and telegraph officials are on strike there. About a hundred of the officials refused to join in the strike. The strikers poured vitriol into the letter boxes. Two hundred bags of foreign mail are lying unopened.

### ST. PETERSBURG CUT OFF.

Cable Capital Isolated Saturday by Telegraphers' Strike.

ST. PETERSBURG, Dec. 2.—Intense alarm prevails here. Communication with the rest of the world by telegraph ceased this morning, when the Finnish operators joined their Russian comrades.

The embassies, legations and banks are hastily organizing courier services to both the Finnish and German frontiers.

The population is almost in a state of panic, fearing that the railroads will stop running and that the inhabitants therefore will have no mode of flight in the event of the cataclysm which they seem to fear is imminent.

Stories of the spread of disaffection in the guard regiments are in every body's mouth, and the revolutionaries continue to boast that the troops will no longer fire on the people.

This morning newsmen were open-

ly hawking fly sheets in the streets containing an account of an alleged revolt at Tarskoe-Selo and crying out: "The emperor's palace guard has mutinied!"

According to reliable information, the only foundation for these stories is the arrest of the soldiers of the guard at Tarskoe-Selo.

It has just been learned from a high authority that the situation in the Baltic provinces has grown exceedingly grave and that the troops at Riga and neighborhood are in open mutiny. This was the real cause of an extraordinary cabinet meeting which was held at Tarskoe-Selo last night.

Count Witte continues to refuse to deal with the telegraphers, declaring that for the government to yield would be equivalent to its abdication at their order. Nevertheless the surrender of the government to their demand for the dismissal of M. Durnovo, acting minister of the interior, is regarded as inevitable.

Finland Telegraphers Hold Out. HELSINKI, Finland, Dec. 4.—The striking telegraph operators of Finland have passed a resolution energetically protesting against any attempt to restrict their union or the liberty of Finland and expressing their determination to prosecute the strike until it is declared ended by the central union at Moscow.

### RIOT AT SEOUL.

Koreans Against Japanese Control. Their Prince a Suicide.

SEOUL, Korea, Dec. 4.—Gendarmes were forced to fire on a mob here during the evening. One Japanese officer and a policeman were seriously wounded. In endeavoring to stop an incendiary speech the police and gendarmes were set upon by the mob and forced to take refuge in shops. They rallied and fired over the crowd. Being reinforced, they succeeded in arresting 100 members of the mob.

Officers are still gathered at the bureau of decorations, which is surrounded by police and infantry. Troops are patrolling the streets with fixed bayonets.

The large crowd has been temporarily scattered, but it is reassembling in groups.

Min Yong Whan, a personal aid to the emperor and cousin of the late queen, committed suicide as a protest against the Japanese control of Korea. He was a special envoy from Korea to Queen Victoria's jubilee and the coronation of Emperor Nicholas II. of Russia.

Within the last few days Min Yong Whan headed a body of 200 officers who gathered first at the palace and later at the supreme court to protest against the Japanese protectorate. The emperor ordered them to leave both places and disperse.

Realizing the hopelessness of his cause Min Yong Whan went early in the morning to the house of an old retainer and cut his own throat. He was popular with foreigners and natives, and his suicide has greatly affected local sentiment.

Min Yong Whan was formerly minister to the United States, succeeding Chin Pong Yu, when the latter was transferred to Russia. He was a first cousin to the king.

The American minister, Mr. Morgan, observed Thanksgiving day by entertaining the American community. All the Americans in Korea were invited.

In Rehearsal of Trade.

WASHINGTON, Dec. 4.—Thirty of the leading seed dealers of the country have sent President Roosevelt a petition protesting against the free distribution of seeds by members of congress and urging him to include in his message a paragraph disapproving the present practice, saying it is in restraint of trade.

Only the intent of the original act authorizing seed distribution by the free trade policy. This intent, the petition says, was that the seeds should be only those obtained from remote corners of the earth.

Freshet on Mohawk Plains.

CANAJOHARIE, N. Y., Dec. 4.—A freshet caused by heavy rains has covered the Mohawk flats and done considerable damage. The electric light plant at East Creek is closed by a snowdrift and the electric light at Fort Plain and Canajoharie practically are in darkness and have been for several nights. The temporary West Shore railroad bridge at Canajoharie is threatened, and it is feared the aqueduct may be washed away.

Dr. McLeod Not Guilty.

BOSTON, Dec. 4.—A verdict of not guilty was reported in the superior court by the jury in the case of Dr. Percy D. McLeod, charged with being an accessory after the fact of the death of Susan A. Gray, the victim of the suit case tragedy, and with concealing the crime. The prisoner was discharged.

Two Bath (Mo.) Men Found Dead.

PROVIDENCE, R. I., Dec. 4.—Frank Martin and John L. Oliver, both of Bath, Me., were found dead in bed at the residence of Martin's sister, Mrs. Francis MacFarlane, in this city. The men had been asphyxiated by illuminating gas. The medical examiner reported that the affair was accidental. Both men were twenty-four years old and unmarried.

Dean Williams Will Accept.

CLEVELAND, O., Dec. 4.—Very Rev. Charles D. Williams, D. D., dean of Trinity Protestant Episcopal cathedral in this city, who has been elected bishop of the Protestant Episcopal diocese of Detroit, made public announcement to the congregation at Trinity cathedral that he would accept the position.

## PRESIDENT ENJOYS IT

Army and Navy Fighters on Gridiron at Princeton.

### STRENUOUS TEAMS SCORE A TIE.

Why Roosevelt Favors Football Now Easy to Understand—Cheers From Great Assembly Testified to His Popularity.

PRINCETON, N. J., Dec. 4.—President Roosevelt, the secretary of state, the secretary of war, the secretary of the navy, the cadet corps from Annapolis and West Point and about 20,000 noncombatants saw the annual football game between the army and the navy here. The president sat half of the time on the navy side while the navy was being beaten and the other half on the army side while the soldiers were losing their advantage. Thus the chief executive displayed entire impartiality between the two arms of the service. Moreover, the game itself, one of the most spiritedly fought of all the contests ever seen between these traditional rivals, resulted in a 6 to 6 tie, the navy managing at the eleventh hour to stave off imminent defeat with a touchdown and a goal to match those secured by the army in the first half.

There was the greatest possible interest in the coming of the president from Washington to see the match, especially in view of the vigorous interest he has shown in the matter of football legislation. There were a good many persons present who felt that, so far as Mr. Roosevelt's influence could reach, the game was more or less on trial at Princeton. It is pleasant to be able to say that the president saw a smart, able exhibition of the great American undergraduate game, strenuously played, as indeed are all football games worthy the name, but free from any taint of foul play or personal malice.

As for the president himself, well, the match was one long series of outbursts of enthusiasm that emphasized his personal popularity. With the president at the head of the line, the crowd of 20,000 persons present who felt that, so far as Mr. Roosevelt's influence could reach, the game was more or less on trial at Princeton. It is pleasant to be able to say that the president saw a smart, able exhibition of the great American undergraduate game, strenuously played, as indeed are all football games worthy the name, but free from any taint of foul play or personal malice.

In 1899 he was appointed superintendent of printing of the state by Governor Stone. Colonel Sample was a charter member of the G. A. R. in Pittsburgh and in 1894 was chosen department commander of Pennsylvania.

Russians Were Making Bombs.

An investigation by the authorities led to the discovery of a number of explosives, fraudulent passports and a secret printing press. Two of the men wounded in the explosion were taken to a hospital, but the others succeeded in evading arrest.

WASHINGTON, Dec. 4.—Postmaster W. R. Willcox of New York city, who is in Washington on business connected with his office, had a long interview with the president last night. ## BEN CROCKETT.

Maximum Stake at Bennington Won by 4 to 5 Favorite.

WASHINGTON, Dec. 4.—Ben Crockett, at 4 to 5, repeated his victory of last year when he won the Maximum stake. Last year he beat Shortnose and others, and now he defeated, in a canter, Ostich, who was ridden a waiting race in front for two and a half miles.

At the end of two miles Ben Crockett was several lengths behind Ostich, the latter going easily. In the next three furlongs Bennington sent Ben Crockett up to Ostich, and the two horses disappeared in the fog of the far turn, with the most interesting part of the race to come. The 8,000 men and women strained their eyes to get a glimpse of the leader, and when the red and white jacket on Ben Crockett appeared far in advance of Ostich the whole stand cheered the plucky son of Ben Holladay, who never had an easier victory.

The time, 5:30, could have been beaten several seconds by the winner if there had been a real pace. The race was worth \$1,100 net to the winner. He won the Maximum last year in 5:34.3.

Miller succeeded in "placing" Ostich much better than Just had done in the cup, but nothing could avert his defeat. Louis H. ran a poor race. He showed a dull and listless appearance and has had too much of it apparently.

### Baker Won Motor Cycle Race.

NEW YORK, Dec. 4.—F. T. Baker riding a one and three-quarter horsepower machine won the motor cycle race held on the Ocean parkway over a course of six laps, a total distance of twenty-five miles, under the auspices of the Brooklyn Motorcycle club.

Columbia and Cornell Also Tie.

NEW YORK, Dec. 4.—Columbia and Cornell played a tie game of association football at American League park. Score, 2 goals each.

### Irish at Boston Welcome Hyde.

BOSTON, Dec. 4.—Large delegations from nearly all the Irish societies in Boston extended a cordial welcome to Dr. Douglas Hyde, president of the Gaelic league of Ireland, at the Boston theater yesterday afternoon, where he spoke in behalf of the Gaelic revival. Dr. Hyde prefaced his remarks by reviewing the progress of the revival and the support which he had received from many well known persons, including President Roosevelt. He then took up the history of the Gaelic language and aroused great enthusiasm by his recitations of Gaelic prose and poetry.

Colonel Sample Dead at Pittsburgh.

## CONGRESS OPENED

Senate Adjourns Out of Respect For Dead Senator.

### PANAMA EMERGENCY BILL WILL PASS

President's Message Will Be Read Tomorrow—Speaker of House Will No Doubt Be Joseph Cannon, Re-elected.

WASHINGTON, Dec. 4.—Nothing but preliminary work, it is said, will engross the attention of the senate the first week of the session. The senate is already organized, but Senators Brandegee of Connecticut, Warner of Missouri, Frazier of Tennessee and La Follette of Wisconsin have not yet taken the oath.

Today's session was a very short one, as the senate adjourned out of respect for the late Senator Platt of Connecticut as soon as the necessary formalities for the beginning of a new congress had been concluded. Tomorrow the president's message will be received and read, and Wednesday is likely to be devoted to the introduction of bills. A short session will be held Thursday, and the senate will then adjourn until the following Monday.

It is quite likely that a Republican caucus will be held tomorrow or Wednesday for the purpose of authorizing the appointment of a committee to fill committee vacancies in the senate and for the selection of a steering committee for the session.

If the house of representatives should pass an emergency appropriation bill for the Panama canal the senate will at once take it up and pass it, but this measure is not expected in the senate until the second week of the session.

Very little besides the organization of the house of representatives will be accomplished the first week of the session, although it is possible that the emergency appropriation for the Panama canal may be passed the last of this week. Until the committees are appointed such a bill would have to be considered by unanimous consent or under a special order. It will depend upon the needs of the canal finance whether the emergency appropriation will be rushed through this week or go over until the week following. The leaders of the house have been informed that the emergency appropriation will not be needed until Dec. 15, and consequently the bill may not be passed until next week.

Today was taken up with the election of a speaker and other house officers. They were nominated by the Republican caucus Saturday night. The biennial lottery for seats was an interesting sight today.

"The American people by their votes have expressed their confidence in Joseph G. Cannon of Illinois and declared he should be speaker of the Fifty-ninth congress. There remains for me but the perfunctory duty of mentioning as chairman of the House of Representatives in the hall of the house of representatives by a mighty shout from 150 members of the majority there gathered."

Four Large Battleships Annually.

LONDON, Dec. 4.—An official memorandum issued by the admiralty states that as the result of recent reforms the next estimates for the navy will show a reduction of \$7,500,000 beyond the reduction of \$17,500,000 made last spring. The admiralty considers that the present strategic requirements will necessitate the building of four large armored ships annually.

Murder of Missionaries at Llanchoo.

WASHINGTON, Dec. 4.—A cablegram received at the state department from Minister Rockhill at Peking, says that Consul General Julius G. Lay, at Canton, China, has completed his investigation into the recent murder of five Presbyterian missionaries at Llanchoo, in the province of Canton. A protest has been sent to the Chinese government.

City of Mexico to Have Big Terminal.

CITY OF MEXICO, Dec. 4.—It is projected to build a magnificent union station in this city for the joint use of all railroads here. An increased wharfage is also contemplated in order to care for the increasing shipping. Plans will be submitted for the carrying out of these improvements, which, it is estimated, will cost \$4,000,000.

Paul Chalfont Won Scholarship.

NEW YORK, Dec. 4.—It is announced that Paul Chalfont of Boston is the winner of the fourth competition for the Jacob H. Lazarus scholarship for the study of mural painting. Young artists from all sections of the United States took part in the competition, which was held in the National Academy of Design here.

Sad Fatality at Syracuse.

SYRACUSE, N. Y., Dec. 4.—James E. Oram, a deaf mute employed as a clerk in the Syracuse postoffice, was struck by a Chesapeake Valley train at a street crossing here and instantly killed. Mr. Oram, who was fifty-two years of age, had been a postoffice employee thirty years. He is survived by a wife and five children.

Morgan's Partner Dead.

LONDON, Dec. 4.—Sir Clinton Edward Dawkins, a distinguished financier and partner in the banking house of J. P. Morgan & Co., is dead here.

New Cases of Plague at Havana.

HAVANA, Dec. 4.—Two new cases of yellow fever were reported. The victims are Spaniards.
