LOCAL MENTION

King of Tramps at the Loomis tomorrow night. Prices 10, 20, and 30 cents.

Dr. W. J. Higgins, who has been spending several days with his parents at Carbondale, has returned home.

The members of the Whist club were pleasantly entertained last night at the home of Mr. and Mrs. George Bonefoy, 306 South Elmer avenue.

WRECK AVERTED

A disastrous wreck was narrowly averted on the Lehigh Valley at Glen Osoko yesterday. A car on an eastbound freight train became derailed and leaned toward the other track. Train No. 73, known as the newspaper train, came rushing along on the west bound track and the engineer failed to notice the derailed car. The train scraped the car but fortunately got by without serious accident. Had the car leaned two inches farther toward the westbound track a serious wreck would have followed.

**SAYRE BOROUGH
SCHOOL DIRECTORS**

**Held Regular Monthly Meeting
in High School Building Last
Night**

The regular monthly meeting of the Sayre borough board of school directors was held in the high school building last night. Thompson, Whittle, Brainerd, Cook, Baltz, Talada and Maddock answered to the roll call. The business transacted was of a routine nature, including the paying of the teachers' and janitor's salaries, and also the salaries of the secretary and treasurer of the board.

In the matter of Miss May Watkins, who is entered on the rolls as a non-resident, was brought to the attention of the board by her brother, who was present at the meeting. It appears that a bill for tuition had been rendered to Miss Watkins, but it developed that she was living in Sayre with a relative, and although her parents resided without the state, the board decided that she was entitled to attend school the same as a resident.

The truant officer presented a bill amounting to \$5.80, but as the superintendent stated that there had been an error in the number of hours charged by the officer, the amount was cut to \$4.40, which was ordered paid.

The insurance amounting to \$50 on the high school building fixtures and text books, was also ordered paid, and the tax collector's report was received and placed on file.

A new desk was purchased for the superintendent's room. The piece of furniture was much needed and makes an excellent addition to the room.

Superintendent Stetler reported that seats were badly needed in the new Fourth Ward school building. The matter was referred to the committee on the building and action will be taken later.

A sum not exceeding \$10 was appropriated to purchase a treatise on birds. The teachers have succeeded in interesting the pupils in the Audubon Bird society and requested that a work be purchased which would stimulate this interest.

A resolution was presented and adopted authorizing the committee on the central building to provide cases for the collection of minerals and specimens received from the museum at Philadelphia.

The monthly salary of Miss Fulford, one of the teachers, was fixed at \$40.

The Christmas vacation was fixed from December 23rd to January 2nd, inclusive, whereupon the board adjourned.

THE KING OF TRAMPS

A powerful melo-drama, abounding with startling sensations, beautiful scenery and a strong acting company, constitute the main characters of 'The King of Tramps.'

The author has made the central figure that of a tramp, an escaped convict, innocent but unjustly sentenced for another man's crime, that of murder. He finally escapes from prison and to hide his identity becomes a tramp.

It is a powerful, sensational play, full of mirth and pathos, but pure in thought, action and language. Every lover of good melo-drama should avail himself of the opportunity to see this great play and production at the Loomis, Dec. 7. Prices 10, 20 and 30 cents.

SLIPPED ON ICY WALK

Mrs. George Kirkland, an aged resident of Lehigh avenue, while walking along the sidewalk on Hospital place, slipped on the ice and fell, striking on the back of her head. A driver on Murray's coal wagon saw the accident and carried the woman into A. D. Stevens' home at the corner of Packer and Wilbur avenues. Dr. A. H. LaPlant was called and found that the injuries were not of a serious nature.

**DOINGS OF THE
COUNTY COURT**

**Leon Wolcott and Floyd Vance
Held in Bail While Sentence Is
Suspended in the Cases of John
Vancise and Howard Draper**

Yesterday afternoon Judge Fanning ordered Leon Wolcott and Floyd Vance to give bail in the sum of \$200 for further appearance at court and suspended sentence upon John Vancise and Howard Draper. The charge against the four boys was entering Hart's planing mill east of the Lehigh tracks and committing various depredations. In suspending sentence on the two younger boys the court placed them in the custody of Constable Spencer Brougham and Chief Walsh of this place to whom they are to report each month. The court gave the lads some excellent advice, which, if they heed will likely keep them out of trouble. He told them to attend Sunday school and stay home at night. He urged upon them the necessity of being good boys, upright and honest, else they may see the dogs of prison open and bring disgrace upon themselves and their parents.

The older Vancise boy and young Wolcott were held and their cases will come up later.

In the case of John B. Ackley of Athens, who was charged with stealing a load of stone, the jury brought in a verdict of not guilty, the defendant to pay one-third of the costs and the prosecutor the remainder.

Judge Fanning commented upon the fact that there were only a few cases up for trial and that only a small number of prisoners were confined in the county jail.

PRINTED HIS LIKENESS

An excellent likeness of Mial E. Lilley, member of congress from this congressional district, was printed in yesterday's Philadelphia Inquirer. It is worthy of note that the Inquirer was the main support of Philadelphia's political bosses, who have been hoing an exceedingly hard row since the reform movement struck the Quaker City.

**SAYRE MAN SECURES
IMPORTANT OFFICE**

**Perry F. Estell Has Been Named
as Deputy Prothonotary by
W. G. Gordon, Prothonotary-
Elect**

W. G. Gordon of Towanda, prothonotary-elect, has named Perry F. Estell of this place, as deputy prothonotary. The appointment was made by Mr. Gordon at his office in Towanda yesterday afternoon and the news will be learned with pleasure by the many friends of Mr. Estell, not only in Sayre but throughout his wide acquaintance in the county.

Since the election there has been little said concerning who would secure the place. Mr. Estell was the only candidate in the field and he had the unqualified endorsement of the party. His appointment to the place meets with the approval of both Democrats and Republicans. He will enter upon the discharge of his duties on January 1.

The new appointee to the office of deputy prothonotary came to Sayre about six years ago, and has since been engaged in the insurance business, which he has made a success. Previous to coming to Sayre he was in the passenger service of the Lehigh, having been a valued employe of the company for some years. During his residence in Sayre he gained friends rapidly, and by a straightforward course has established an unimpeachable reputation for integrity and honesty. He has for several years been identified with the interests of the Republican party and has done good work for the cause. Mr. Estell will make a capable and efficient county officer and Mr. Gordon is to be congratulated upon securing his services.

The new appointee will leave Sayre with the best wishes of a host of friends.

ENTERTAINED FRIENDS

A merry party of Binghamtonians consisting of Mrs. Jane Avery, Mr. and Mrs. S. O. Lacey, Mr. and Mrs. S. R. Risley, Mr. and Mrs. A. H. Unsworth, Mr. and Mrs. Will Stewart, and Mr. and Mrs. H. J. Lacey spent a most delightful evening at the home of H. D. Sweetland of 339 Chemung street last night. The Binghamton people arrived on an early train and shortly after their arrival at the Sweetland home they were served an excellent repast. Following the supper pedro and other games were indulged in and previous to their departure on the midnight train a light lunch was served. The party left Sayre declaring that they had been most royally entertained during their brief stay.

WINTER WEATHER

The weather of the past two days has been of the genuine winter variety. The temperature is down to the freezing point, the ground is liberally covered with snow and real winter in all its glory has arrived. It is just the kind of weather, however, that causes one to move quickly and to bring to the cheeks a glow of health.

**ENGINEER CHARGED
WITH EMBEZZLEMENT**

**Former Member of the Fire Department Alleged to Have Appropriated Funds Belonging to
Howard Elmer Hose Company**

James Martin, a well known Lehigh engineer who handles the throttle on trains Nos. 3 and 8, was this morning placed under arrest, charged with embezzlement. J. C. Wood, a trustee of the Howard Elmer hose company, is the complainant in the case, who alleges that Martin failed to turn over money in his hands which belonged to the company. It is claimed that in June last when the company held a fair in West Sayre that Martin was given a number of tickets to sell. He is said to have sold a number and returned the remainder. In his complaint Mr. Wood charges that Martin failed to turn over \$6.80, the amount received from the sale of tickets. At the time of the fair Martin was a member of the company but at the present time is not connected with the organization. The warrant for Martin's arrest was issued by Justice C. S. Gay on Monday last, and was served this morning by Officer Spencer Brougham, who found the defendant named therein at the round house getting ready for his run on the road. A hearing has been fixed for Friday next and in the meantime Martin was allowed to go on his own recognizance. The arrest of Martin has caused considerable discussion among the local firemen and the outcome of the case against him will be watched with interest.
