THE OLD RELIABLE PIANO AND MUSIC HOUSE---D. S. ANDRUS & CO., SAYRE, PA.

100 HIGH GRADE PIANOS

TO BE SOLD AT BARGAIN PRICES.

D. S. Andrus & Co. are determined to make the Piano and Music Store at Sayre the very best of its kind in northern Pennsylvania and vicinity. We are in Sayre to stay and will endeavor to prove to the people of the city and surrounding territory what honesty, reliability and low prices will do in the musical lines. Just a starter D. S. Andrus & Co. have ordered one hundred (100) pianos for the Sayre store, to be disposed of at specially low prices before January 1, 1906. We want one hundred new patrons in this locality who will use their influence with their neighbors in placing pianos in their homes. As an inducement we have marked prices on these pianos that will sell them before that date they are so low. The house of D. S. Andrus & Co. has enjoyed the confidence of its patrons for over forty-five years. Reliability has been their watchword. Every promise made is conscientiously fulfilled. They tolerate no misrepresentations on the part of their employes. D. S. Andrus & Co. guarantee every piano they sell. This they are able to do, for all pianos are thoroughly tested by a corps of competent experts. These long years have taught them what is best in the piano market, and out of the four hundred different makes of pianos they have selected

twenty-five of the best. They give this experience gratis to their patrons. Every piano will be sold on one year's trial. If at the end of that time the instrument is not as represented your money will be refunded, and the piano taken back to the factory without a cent of expense to the purchaser. Just at this time of year the thoughts of parents turn to gift-giving to their children. What would be more desirable than a beautiful new Upright Piano? Very few people can afford to pay cash for a piano. With that thought in view D. S. Andrus & Co. inaugurated an EASY PAYMENT SYSTEM—by which every family of moderate means can own a piano. A few dollars down and a small sum each month soon makes you the owner of a piano, without hardly missing the payments or without paying interest. Said a lady to us the other day: "I have paid for my piano without missing the few dollars each month, and the enjoyment of the instrument has more than paid me." This experience may be yours. Ask about plans and the pianos will be shown you cheerfully. Read over this list of bargains. They cannot be excelled:
