PERSONAL MENTION

Mrs. William Waugh went to Rochester this morning for a short visit with friends.

M. E. Reeder of the Chippewa stock farm at Hughesville, Pa., was the guest of A. P. Wieland for a few hours today.

Miss Jennie Bennett of Sayre and Miss Luella Fisher of Waverly, employees of the Valley Telephone company, are visiting friends in Elmira today.

BURGLARS AT TOWANDA

The house of Mrs. Katherine B. Hawes, York avenue, Towanda, was entered by burglars recently and several articles of value taken, including a shot gun and a watch. There is no clue to the guilty parties. Last night a man was discovered in the McFarlane residence on Poplar street. The family is away from home and two officers had been left to sleep in the house. Last night one of them went to the house about 8 o'clock and failed to get in as the keyhole in the front door had been obstructed. While he was trying to get the key in the door a man jumped out of the window and ran. The officer pursued and a running fight ensued. The burglar got away in the darkness without leaving any clue to his identity.

WORKING OVERTIME

The boiler makers employed by the Lehigh Valley in the Drifton shops are working overtime, and from the present outlook they will be compelled to do so for the coming three months. There is at present so large an amount of work on hand the men are working fourteen hours per day. It is said that if the rush of work continues the shops will be enlarged.

The ladies of the Methodist church will conduct a bazaar in Mrs. Flory's store on Lockhart street, beginning tomorrow and continuing until December 24. A fine line of useful and fancy articles will be on sale. The proceeds are for the benefit of the church.

GRIP IS FLOURISHING

The delightful weather of the present month is of a most enjoyable character, in a way, but danger lurks in the atmosphere and the grip germ is flourishing. Within the past few days many have been attacked with the disagreeable influenza and the doctors are busy. Despite the balminess of the atmosphere it is an excellent idea to not discard any of your winter clothing. A cold is easily taken and pneumonia or grip are liable to follow.

DOINGS ALONG THE LEHIGH VALLEY

Successful Outcome of Tests Now Being Made Will Disperse With the Services of Several Engine Crews

If efforts recently put forth by the Lehigh Valley are successful there will be a material reduction on the number of engine crews at Hazelton. The officials of the company are watching with interest the work of several new heavy engines that are hauling trains up the mountain at that place. The engines are supposed to be capable of hauling nearly twice the load that the ones formerly in use did and recently several heavily loaded trains have been pulled up the mountain by one engine, whereas, it formerly required two locomotives. The consumption of coal is not much greater and when the fact that the labor of a number of men will be dispensed with, the saving to the company can readily be estimated.

Thanks to the Lehigh company there are no idle men at Beaver Meadows. Under the Coxie regime there were several black-listed men at that place, but with the transfer of the Coxie interests to the Lehigh Valley company, the narrow, Czar like, unchristian policy of the former company disappeared and a more liberal and broad minded spirit has taken its place. That which applies to the colliers at Beaver Meadows applies in a like manner to other colliers which formerly belonged to the Coxie property. The change in the attitude toward the men is much appreciated by the latter, and in common with the rest of mankind they will have something to rejoice over at the approaching Christmas time.

WAS A MIRTH PROVOKER

The Loomis opera house was filled from dome to pit last night, and it was one of the most enthusiastic and well pleased audiences of the season. Simple Simon Simple, a musical comedy creation, built to furnish laughter for the multitude, filled the bill to a point beyond adverse criticism. The company is by far the best of its kind that has been seen in this valley in many moons. Three excellent comedians furnished merriment and the musical numbers were way above the average. The work of the soloists was of a high character and the chorus completely filled the house. The creation is absolutely without rhyme or reason, but as a mirth provoker it is the real thing. The company was a large one and carried a fine lot of scenery and the wardrobes were magnificent. Among the lovers of musical comedy the show is gaining an excellent reputation all along the line, and it deserves it.

STILL COMING TO SAYRE

During the month of November Sayre's population was materially increased by the arrival of several families, the heads of which have secured employment in the new shops. The present month has also witnessed the coming of new faces and the faces of the real estate men who rent dwellings wear an anxious look. At the present time there is a decided scarcity of houses and the indications are that the condition will grow worse instead of better. Many of the newcomers are said to come from the farming country, having been attracted by the inducements offered by the Lehigh for work in this place.

INTERNALLY BURNED BY LIVE STEAM

Power House Employee Met With a Painful Experience Late Yesterday Afternoon

Late yesterday afternoon Charles Drew, a resident of Atheas, who is employed in the new Lehigh Valley power house, was taken to the hospital suffering from internal burns received by inhaling a quantity of steam while working in a pit underneath an engine. Drew was engaged in repairing the fire box of the engine when a fellow workman who did not know that Drew was in the pit, turned on a cock which permitted a dense volume of steam to escape. Drew managed to get out of the pit but before he could do so his lungs filled with the hot vapor, and when discovered he was suffering from internal burns. A call was sent for the hospital ambulance and he was removed to that institution. Although he had evidently breathed a considerable quantity of the steam his condition is not regarded as serious by the hospital surgeons and he was able to be removed to his home after receiving treatment.

When Drew was taken to the hospital a report gained currency that three men had been scalded in the power house and that two of them were in a critical condition. The report was absolutely without foundation.

SAN JOSE SCALE

On tomorrow afternoon on the farm of Mrs. J. L. Tracy, situated one and one-half miles from this place, a public demonstration of the methods employed to eradicate the San Jose scale will be given by William B. Packard, special agent for the division of zoology of the Pennsylvania department of agriculture.

MACHINIST'S HAND BADLY CRUSHED

Richard E. Connelly Met With a Decidedly Painful Injury in the Big Shops This Afternoon

Richard E. Connelly, a machinist, who resides at No. 408 North Wilbur avenue, met with a serious and painful accident in the big shops this afternoon a few minutes before 2 o'clock. With others Connelly was engaged in stripping one of the Lehigh Valley engines. A chain had been fastened about the heavy iron frame to prevent its falling. The chain, however, had a few inches slack in it and allowed the frame to fall just enough to catch Connelly's left hand, badly crushing the bones in the knuckle joints and tearing a great hole between the thumb and forefinger. He was taken to the hospital where the injuries were dressed by Dr. Ott and his assistants. The doctors at the hospital say that while the forefinger of the hand may be somewhat shortened on account of having to remove a portion of the bone, that the hand will otherwise be in fair shape.

MEDICAL SOCIETY MEETING

The Bradford County Medical society held its regular monthly meeting in the grand jury room of the court house at Towanda yesterday. A large number of physicians were in attendance and it was one of the most interesting meetings that has been held in a long time. Drs. C. J. Cummings, M. A. Hunter, C. H. Ott and H. S. Fish of this place were in attendance. Dr. Ott read a paper on Ethopic Gestation and Dr. Fish one on drugs used in emergency cases and the reasons therefor.

CHANGING WATER SUPPLY

Workmen for the Lehigh Valley are engaged today connecting the station with the water mains which lead to the company's new reservoir. Heretofore the Sayre Water company's water has been used at the local station, but when the work which is at present under way is finished the company will be using water from their own plant.

COURT OF APPEALS AGAINST HEARST

Decision Rendered Today Prevents Candidate for Mayor of New York Obtaining a Re-count of Ballots.

A message from Albany was received at the stock exchange in Waverly this afternoon to the effect that the New York State Court of Appeals had decided the election cases against W. R. Hearst, the independent candidate for Mayor of New York at the recent election, who on the ground that there had been fraudulent votes cast, demanded a recount of the ballots.

VOGEL'S MINSTRELS

The stage of the Loomis opera house is rapidly being overhauled preparatory to receiving the two tons or more of picturesque and intricate scenery used in the transpiring, spectacular first part with John W. Vogel's big city minstrels which will be seen here tomorrow evening.
