## A ST. BARTHOLOMEW

**Turik Volhymia Priest Incites Mob to Massacre.**  
**REBELS OVERRUN BALTIC STATES.**  
 Thousands of Lettish Peasants Use the Torch on Country Estates and Even Threaten City of Riga.

**ST. PETERSBURG, via Eydhkuban, Dec. 15.**—The report of a fresh massacre of Jews, in which more than 500 persons lost their lives, has been received from Turik Volhymia.

The massacre was incited by a local priest, who called on the Christian population to rise and exterminate the Jews.

A mob then formed and attacked all the Jewish shops, killing and abusing all Jews who fell into their hands. The few who escaped are destitute.

A mutiny has broken out among the soldiers in St. Petersburg, but it is impossible yet to tell how serious it is.

Four regiments have joined in a notice sent to the workingmen, in which they say:

"You do not need to fear the bureaucracy any longer. We are with you, and we are resolved to annihilate all reactionaries.

"If we are ordered to fire on you we will not obey. We will not spare our cartridges, but they will not be directed against you."

The government advises from the Baltic provinces are of the most alarming character. Thousands of Lettish peasants are putting the torch to the houses on all the estates and even threatening Riga itself. The districts of Riga and Venden are entirely in the hands of the insurgents.

The peasants around Riga are burning estates and murdering landowners. The Germans of Riga expect a St. Bartholomew night, and it is evident that the Letts are preparing for a wholesale slaughter. The central part of Riga can be protected at the bridges if the army is true.

In each block one house has been prepared as a fortress in which to shelter the Germans when the massacre starts. Besides this, the householders have established various refuges.

Murders are committed in broad daylight, mostly for revenge, and the police are afraid to interfere. The governor general does not dare command the troops, not knowing whether they will obey orders to fire or not.

The deep hatred felt by the Letts for the German nobility and German capitalists may lead to an awful calamity. The revolt is spreading to all parts of Courland, and all railway communication with Riga is cut. The insurgents have seized a number of stations on the three railroads leading from that city.

## MUTINY AT CEYLON PORT.

**Russian Crew of Czarovitch Revolted, but Were Overpowered.**  
**COLOMBO, Ceylon, Dec. 15.**—A hundred Russians on board the Russian battleship Czarovitch, now in the harbor here, have revolted. Military assistance was asked for, and, being sent from the British garrison, fifty of the mutineers were taken ashore.

The Czarovitch was interned at Kiochau, the German concession on the Shanghai promontory, China, after the naval battle of Aug. 10, 1904. According to the last report received about her, contained in a dispatch from St. Petersburg, the Czarovitch was to meet the three Russian cruisers which were at Manila (the Orel, Aurora and Jentochi) and the Russian cruiser Almaz at Saigon, French Indo-China, and proceed to the Baltic under the command of Rear Admiral Enquist, the Russian admiralty having determined to withdraw practically all the naval force in the Pacific, leaving at Vladivostok only the cruiser Askold, the gunboat Mandjur and the torpedo boat.

The cruisers Rossa, Gronotol and Peteytz, which were at Vladivostok during the war with Japan, are also to return to Russia.

The Russian cruiser Diana, which was interned at Saigon, sailed from Saigon for Russia Nov. 15.

**Water Fall Her Bank.**  
**FRANKFORT, Ind., Dec. 15.**—Relative of Mrs. H. Isgrigg made application for the appointment of a guardian, alleging that Mrs. Isgrigg was not mentally able to care for her estate and that she had a large sum of money concealed in her home. City Marshal Bird investigated. He uncovered nearly \$2,000. The money was in baking powder cans and in cloth bags, and a common water bucket was filled with silver dollars.

**Yale Making Money.**  
**NEW HAVEN, Conn., Dec. 15.**—An increase of \$1,847,135 in the total funds of Yale university during the fiscal year which ended June 31 last is shown in the annual report of Lee McClung, university treasurer. This increase includes the gift of \$1,000,000 by John D. Rockefeller. The university's income now exceeds its expenses.

**People Found Dead in Their Home.**  
**NEW HAVEN, Conn., Dec. 15.**—John E. Roban and his wife were found dead in their home here last night by a policeman. The police, on a hurried investigation refused to state whether the case was one of murder, suicide or accident. Medical Examiner Bartlett is making an investigation and will report on the case later.

**Jeany Traction Treasurer Dead.**  
**PRINCETON, N. J., Dec. 15.**—Z. H. Anderson, treasurer of the United Railways of New Jersey, died at his home here. He was sixty-eight years old and leaves a widow. He was twice mayor of Princeton.

## ACCUSES EQUITABLE.

**President Scott Asserts They Planned to Rob His Company.**  
**NEW YORK, Dec. 15.**—Edward Scott, president of the President Life Assurance society, sprung a sensation at the insurance investigation by claiming that emissaries of the Equitable had stolen his books and falsified his records in an effort to ruin the company of which he is president.

Correspondence between the vice president of the Equitable and the witness regarding the account of Scott when he was in the employ of the Equitable was introduced. Mr. Scott said:

"Mr. Hughes, this is a purely personal matter introduced here at this time for the purpose of revenge. I have been pursued for the last five or six years, and nothing has been left undone to ruin me and my company."

"The records of my company were taken by a man in the employ of the Equitable. The plunder was found in his room, and he was arrested and indicted. It was only when a personal plea was made to me by that man's mother that I consented not to prosecute that man."

"Following that a treacherous book-keeper in our company falsified our records and stole our books. All of this is susceptible of proof. That man went to the Equitable and made an arrangement to prey upon my company."

"Everything possible has been done to ruin my company, and I seek not that the introduction of this correspondence at this time will injure me and injure my family and work untold injury to thousands of policy holders. I am responsible for this matter personally. I am willing at any time to meet the Equitable in court."

The committee and Mr. Hughes talked the matter over, and then Mr. Scott said that the account referred to was "always open." He had referred to the Australian account in saying that there was no debt balance.

The letters referred to were put in evidence, but were not read, and the question was suddenly dropped after Mr. Scott had said that no demand had been made on him for the amount involved for six or seven years.

## MRS. MORSE TO TESTIFY.

**Trial of Abe Hummel in Mixed Up Divorce Case.**  
**NEW YORK, Dec. 15.**—There was new interest in the trial of Abraham H. Hummel, the lawyer who is charged with conspiracy in connection with the Dodge-Morse divorce trial, because it is considered likely that Mrs. Morse will appear in court to tell all she knows about the queer case. District Attorney Jerome refused to discuss the new turn which has been given to the affair.

It is known, however, Mrs. Morse has told Mr. Jerome that she was willing to go on the stand and lay bare the secret history of her marriage to Charles Dodge, her subsequent divorce, her marriage to Charles W. Morse, the annulment of that marriage and the fearful snarl which developed and cast shadows on more than one prominent lawyer.

The last court action left Mrs. Morse Dodge in the most peculiar straits. According to the records, her divorce from Dodge still holds good and also the annulment of her marriage to Morse. This situation would seem to force her to resume the use of the name Miss Clemence Covies.

Mr. Morse has been in the city for three weeks and assisted in the arrangements for the appearance of Mrs. Morse in court. The two are on cordial terms and are anxious to have all the details of the strange case told.

Mrs. Morse has been in the city for three weeks and assisted in the arrangements for the appearance of Mrs. Morse in court. The two are on cordial terms and are anxious to have all the details of the strange case told.

After a tedious session eight more jurors were chosen, making it complete. The jurors spent the night at the Broadway Central hotel under guard. The district attorney has rented a suit of seventeen rooms at the hotel for the jury during the entire trial.

**Papal Consistory.**  
**ROME, Dec. 15.**—The pope held a public consistory in the royal hall of the Vatican, in which apartment and in the ducal hall, through which the pontiff passed, were grouped thousands of ticket holders, including many foreigners, especially Americans. Pius X. entered in procession, preceded, accompanied and followed by the cardinals and the noble, Swiss and Palatine guards, the dignitaries of the court, the patriarchs, the archbishops, bishops and heads of the religious orders, forming a picturesque scene. The pontiff smiled benevolently and imparted his blessing as he entered.

**Gifts For Princeton \$125,000.**  
**PRINCETON, N. J., Dec. 15.**—At the meeting of the Princeton university trustees here gifts aggregating over \$125,000 were announced. General donations amounting to \$80,076 have been secured since October, while C. C. Cuyler of New York has presented \$5,000 to establish the Andrew White Green scholarship. By the will of Dr. J. S. Sayre, which the Missouri supreme court has declared valid, \$40,000 has been made available for the endowment of fellowships in applied chemistry and electricity.

**Kaiser in For Peace.**  
**BERLIN, Dec. 15.**—In the Reichstag Prince von Bulow, the imperial chancellor, replying to the criticism of the Socialists that Germany's foreign policy was calculated to disturb the peace of the world, repelled emphatically the assertion that the German emperor, who for eighteen years had given so many proofs of his honest love of peace, was in any way a disturber of that peace.

**Venezuelan Case Again.**  
**WASHINGTON, Dec. 15.**—Secretary Root and Mr. Jusserand, the French ambassador, had a long conference with President Roosevelt, and it is believed the Venezuelan case was under consideration, although it was stated that no advice had been received at the French embassy.

## CONGRESS AT WORK

**Senate Recommends a Ship Subsidy Bill.**  
**HAZING AT ACADEMY CONSIDERED.**

**Michigan Member Would Investigate Annapolis Institution—A Substitute Panama Canal Bond Bill Up.**  
**WASHINGTON, Dec. 15.**—The senate committee on commerce reported favorably the bill recommended by the merchant marine commission for the promotion of American commerce, familiarly known as the "ship subsidy bill."

Mr. Aldrich reported from the committee on finance a substitute for the Teller Panama canal bond bill. The substitute has the effect of giving the 2 per cent canal bonds the same privileges and rights accorded to other 2 per cent bonds and asked for its immediate consideration. Mr. Pettus objected, but later withdrew his objection, and the bill passed without debate.

Mr. Elkins made a verbal report from the committee on interstate commerce concerning the progress of the railroad rate question. "We cannot report now," he said, "but I am justified in saying that it is the belief of the members that the committee will be able to present a measure." He added that the committee had been in session from April to June and again since Nov. 21 last and was giving all the time possible to the question.

The president sent to the senate the nomination of Stephen P. Stone to be United States marshal for the western district of Pennsylvania.

The contest between the ways and means committee and the interstate and foreign commerce committee for control of insurance legislation was continued in the house. Mr. Payne took the floor to show that the power to tax was the only way in which congress could get control over insurance and the ways and means committee had jurisdiction over the taxing powers.

A resolution providing for a thorough investigation of the situation and conditions at the Naval academy was introduced by Representative Loud of Michigan. The investigation is to be made by the house naval committee, which is especially instructed to ascertain and report whether violations of the law and the regulations governing the academy continue and whether hazing, flogging, running and class fight continue in practice there and the knowledge of and responsibility of the officers of the academy for any conditions are found to exist.

The resolution empowers the committee to act through a subcommittee if deemed advisable, which may sit at the capitol or at the Naval academy.

The senate spent four hours in discussing the Panama canal emergency appropriation bill, and when it adjourned the bill was still under consideration. There were set speeches by Messrs. Teller, Scott and Morgan, and they were followed by a general debate, in which all phases of the controversy were exploited, including the question of salaries, the control of the Panama railway and the necessity for general legislation on the canal subject.

Mr. Allison, chairman of the committee on appropriations, expressed the opinion that congress should take up the question of salaries in connection with other canal legislation. He also said that the status of the Panama railroad should be made the subject of legislation.

Mr. Teller made a plea for a wider and deeper canal than that decided upon by the canal commission. He also indicated a preference for a sea level canal, although the cost would not be less than \$500,000,000, but contending that such a canal would better meet the demands of the world.

Mr. Scott expressed the opinion that a mistake had been made in selecting the Panama route and made a speech advocating the San Blas route. "We are now confronted with just such a situation as I have always held would be encountered in connection with the Panama route. We have expended millions of dollars and are no nearer to the completion of the enterprise than when the United States took control of it."

**McNamara's Owners Ruled Off.**  
**NEW YORK, Dec. 15.**—The case of the horse McNamara, which under the name of the Fiddler won the sixth race Oct. 3, 1903, at the Morris park race track, was finally disposed of when the stewards of the Jockey club ruled off the turf T. T. Cromwell and Ben A. Chilton, the two men declared to be interested in the horse and in the "ringing" of the race. The horse entered as the Fiddler was the medium of a big plunge in the betting ring the day he started at the Morris park fall meeting.

**North Carolina Giant Won.**  
**KNOXVILLE, Tenn., Dec. 15.**—In a wrestling match, catch-as-catch-can style, at Market hotel last night Tom Frisbee, the North Carolina giant, defeated Billy Edwards of Portland, Ore., claiming to be the champion of Canada, in two out of three falls. Frisbee won the first fall in ten minutes, Edwards won the second in four seconds and Frisbee the third in five minutes. Frisbee weighed more than 300 pounds and Edwards but 185.

**Will Reform Football in Chicago.**  
**CHICAGO, Dec. 15.**—The South park commissioners in regular meeting voted unanimously to instruct their athletic instructor to draw up rules for the game of football so that the young and untrained, little boys as well as older boys, can play it without peril to life or limb.

**A World Auto Record.**  
**DOURDAN, France, Dec. 15.**—M. Barriaux made the world's automobile tying kilometer record here, covering the distance in 33 2/3 seconds.

**Weather Probabilities.**  
 Snow, northeast winds.

## TO PRESERVE FOOTBALL

**Walter Camp Outlines Reforms Necessary to Stop Rough and Foul Play.**  
**NEW HAVEN, Conn., Dec. 15.**—Walter Camp, the Yale athletic adviser, last night gave out a statement relative to reform in football and laid special stress on the adoption by the rules committee of a ten yard rule and one forbidding tackling below the knees.

He considered the purposes of these rules—namely, opening the play and lessening accidents and unnecessary roughness—as absolutely essential. Mr. Camp regrets the delay caused by Harvard's postponement and expresses the belief that the committee must answer the public demand and that Yale, owing to her position, has an especial responsibility to stand for these reforms.

Mr. Camp states that the committee is practically agreed on measures leading to eliminate brutality and provide competent officials. He also suggests shortening the playing halves, a distance penalty for time taken out at request of the captain, that the ball be called dead when any part of the person of the runner save his feet touches the ground, more rigid definition of the use of hands and arms and better protection for a man catching the ball.

He states that upon minor changes both Yale and he would be willing to make concessions, but that upon the two points of opening the play and lessening the liability to accident and roughness the committee must act, be says, or its work is foredoomed to failure. He states that the public demands direct legislation and legislation that they can understand; that the time is too late after a year of criticism for experimental propositions.

Although the play at Yale was free from any serious injuries this year and has been for several seasons, no fatal accident having occurred since the game was taken up in 1876, that Mr. Camp says, is no reason for failure to answer the public demand. He says that players may believe the game as it is satisfactory and that open play may be no more interesting, but nevertheless that action is essential to preserve the game.

**GANBLER WON.**  
**Racing on City Track, New Orleans.**  
**NEW ORLEANS, Dec. 15.**—Steady rain left the City park track deep in mud, and the weather was cold, with frequent showers. Though all the favorites were beaten, the winners were all fairly supported with the exception of Gold Proof, at 20 to 1, in the first race.

Gambler, after having been all but left at the post in the mile and three sixteenth race, ran through his field and won by a neck.

Mr. Corrigan claimed Yorkshire Lad, the beaten favorite in the fifth race. Summaries:

First Race.—Gold Proof, first; Ann Hill, second; Welsh, third.  
 Second Race.—Freebooter, first; Belle Strome, second; John Garner, third.  
 Third Race.—Czaraphine, first; Merry George, second; Josette, third.  
 Fourth Race.—Father Talbot, first; Lidvina, second; Dazzle, third.  
 Fifth Race.—Harry Stephens, first; Kleinwood, second; Jim, third.  
 Sixth Race.—Gambler, first; Little Boy, second; Little Elkin, third.

**Accidents at Ingleside.**  
**SAN FRANCISCO, Dec. 15.**—There was a chapter of accidents in the first race at Ingleside. As the horses were passing the half mile post Suavita, Miss Curry and Tony Girl fell, throwing their riders. The jockeys were not severely hurt. Suavita stumbled, and the other horses fell over her. As they passed the wire at the finish Alameda came near killing Jockey McBride. About fifty feet from the clubhouse there is a carriage opening, and the filly attempted to jump the fence, heavily throwing the lad to the ground. It was found that his leg was crushed and that he was otherwise bruised.

The race was captured by Sugar Maid, which, clear of interference, won in a canter.

McNamara's Owners Ruled Off.

**McNamara's Owners Ruled Off.**  
**NEW YORK, Dec. 15.**—The case of the horse McNamara, which under the name of the Fiddler won the sixth race Oct. 3, 1903, at the Morris park race track, was finally disposed of when the stewards of the Jockey club ruled off the turf T.
