CABLES WORK AGAIN

Reports Direct From Russia Say Witte Resigned.

ALL REBEL LEADERS MADE PRISONERS

Severe Repressive Measures Taken. Moscow Grenadiers Mutiny and Cossacks Refuse to Move Against Them.

LONDON, Dec. 18.—The Northern Telegraph company has re-established direct communication with St. Petersburg, and over their wires it is reported that Count Witte has resigned and that he is to be replaced by General Count Alexis Ignatieff.

It is said that Count Witte had no faith in the policy of Minister of the Interior Durnovo and only consented to it on the condition that it would be confined to legal means. It is the expressed opinion of many Liberals as well as revolutionaries that "with the first discharge of cannon Count Witte will go."

News from the interior of Russia is very serious. The revolt in the Baltic has spread southward to the province of Kovno, on the border of Poland, which belonged to the old kingdom of Lithuania. The rebellion in Kursk is beyond control, and the government has information that a big uprising is in course of preparation in the Ural regions.

An officer who has just returned from Manchuria says that a spirit of mutiny prevails among a large portion of the army and that the prisoners from Japan have been saturated with revolutionary ideas by agitators during their captivity and are ripe for open rebellion.

An imperial ukase just issued empowers all governor generals and municipal authorities in the event of railway, postal or telegraph communication being interfered with to proclaim a modified martial law. Under the ukase military commanders will automatically become governor generals.

A shudder of horror has convulsed Russia. The government claims it has won a battle only to the "red" revolutionists, but the populace generally believes that the "white terror" has returned. All the leaders of the proletarian organization were arrested Saturday night and are close prisoners.

A Moscow dispatch sent through Germany says that the ferment in the Moscow garrison over bad rations and numerous arrests has resulted in an open mutiny of the Rostov grenadier regiment. The grenadiers freed their arrested comrades by force, seized the arsenal with the stores of arms and munitions and disposed machine guns before the barracks.

The grenadiers defend the usual order of the day issued in series of economic and political demands, and the command of the regiment was taken over by a committee of twenty elected by the mutineers.

The men of the Astrakhan regiment and the Cossacks refused to move against the mutineers. The colonel of the grenadiers then sent a message to the mutineers offering to consider their proper grievances if they would submit them. He has received no reply.

Only eight men are working in the telegraph office. The telegraphers' congress has again resolved to continue the strike.

The telegraph office at Kiev called up St. Petersburg and asked whether the minister of the interior, M. Durnovo, had been dismissed. Receiving a negative reply, the sounder ceased, and all efforts to call up that city were vain. The same thing happened on the Irkutsk wire.

Reports of mutinies in regiments in various parts of Russia continue to pour in. At Irkutsk practically the entire garrison of 4,000 men and even the officers voted for the immediate convocation of a constituent assembly, and a battery stationed at Serpukhov presented a series of political and military demands.

BANK ROBBERS GOT \$50,000.

Suffield (Conn.) Savings Bank Safe Dynamited by Masked Men.

SUFFIELD, Conn., Dec. 18.—After blinding the railroad watchman, William Jones, and his twelve-year-old son to chairs in the railroad station here before daylight five bank robbers pried their way into the Suffield Savings bank, blew open the safe after the fourth attempt and made away with about \$50,000 worth of registered bonds and stocks. They overlooked \$3,000 in cash and negotiable bonds in a drawer near by.

Although the safe was wrecked and the explosion was heard for a quarter of a mile away, the robbers made their escape, leaving no clew whatever. While the bank was being robbed a sixth member of the gang stood guard over Jones and his son at the depot, covering them both with revolvers and threatening them with death if they made an outcry. The explosion necessary to break open the big safe were heard by the men in the depot, and after the fourth one the sixth member of the band led Jones and the boy and joined his pals, making his escape with the others.

Jones' son was not tied as securely as his father, and after working for fifteen minutes over the knots in the ropes which strapped him to the chair he freed himself and later his father. The belated alarm roused scores of citizens, and a rush was made for the bank, as Jones told everybody that the robbers had taken the safe.

When the party reached the bank there were outward evidences of the work of the cracksmen. Windows were broken, and the front door was wrenched off its hinges, crowbars being used. The men worked at the safe for over an hour, leaving the place at 3:40. All wore masks and probably were professionals. Nitroglycerin was used.

Miss Sophia Bissell, who lives next door to the bank, said she had heard all four explosions and knew that robbers were breaking into the bank, but she was too frightened to give the alarm.

FOR PURE ELECTIONS.

Association to Prevent Corruption Suggest Reforms to Higgins.

ALBANY, N. Y., Dec. 18.—The executive committee of the Association to Prevent Corrupt Practices at Elections, of which former Mayor Seth Low of New York is chairman and William Church Osborn secretary, gave out here last night a letter which they have sent to Governor Higgins, suggesting legislation for the purification of elections, which they regard as desirable. They call attention to the fact that bribery in many parts of the state and declare that the explicit anti-bribery provisions of the penal code are disregarded "because no person has a motive for their enforcement sufficient to make him invoke the criminal laws against one who may be a neighbor and a friend."

"We believe," they say, "that the legislature should give other weapons than the criminal law to protesting citizens. Campaign contributions by corporations should be prohibited. Itemized statements of expenses should be required of political committees and others as well as of candidates. Candidates should be punished for bribery by forfeiture of office, and political parties should be punished by loss of votes."

Proprietor Tarr'd and Feather'd.
WELLINGTON, Kan., Dec. 18.—"Brother" George Huffman, representing himself to be the "true prophet of Christ," was tarr'd and feather'd at Perth, a small town near here, by a mob. After the terrible punishment was applied the man walked all night to Renfrew, Grant county, Okla., twenty miles south of here. He suffered greatly from the cold, as he was without clothing. Huffman is charged with inducing a farmer to give up his property to him so that he could regenerate the world.

PASS PANAMA BILL

Senate Appropriates \$11,000,000 For Isthmian Work.

PRESS BUREAU HAS BEEN ABOLISHED

Salaries and General Expenditures on Great Waterway Subject to Criticism—Millions Spent, Nothing Done," Said Calhoun.

WASHINGTON, Dec. 18.—The senate passed the Panama canal emergency appropriation bill, but the result was not attained until after the debate on the bill had been continued the greater part of the day to the exclusion of practically all other business. Set speeches were made by Mr. Bacon in advocacy of his amendment requiring estimates for canal commission salaries; by Mr. Allison, who devoted himself largely to the details of the bill; by Mr. Calhoun, who criticized the employment of American ships to carry Panama supplies in the face of the announced determination to go abroad for vessels under the conditions then existing; and by Mr. Spooner, who expressed the opinion that the construction of the canal should have been entrusted to the geological survey.

A substitute for Mr. Bacon's amendment offered by Mr. Hale was accepted. It specifically requires that congress shall be supplied with regular estimates of all salaries except those paid to laborers, skilled and unskilled. Otherwise the bill was passed as reported from committee.

Mr. Hale made the authorized announcement that Mr. Bishop's duties as a "press agent" would be discontinued. The president will issue instructions that the duties of Joseph B. Bishop shall be merely administrative.

Senator Hale gave this assurance to the senate, and Mr. Calhoun withdrew his amendment prohibiting the payment of any money to maintain a literary bureau.

It is guaranteed the abandonment of the press bureau Senator Hale said that every senator recognized the evil of that system. It is not the duty of any bureau of the government, he said, to exploit whatever is being done in that branch of the service.

Mr. Hale said he could not give an assurance that the salary of Mr. Bishop would be reduced. That matter must be adjusted by the proper committee.

Senator Gallinger said that \$30,000 for the chairman of the canal commission and \$17,500 for the governor of the canal zone are very large salaries and that the \$10,000 salary of Secretary Bishop should be cut to \$5,000, the sum paid Mr. Murphy, the former secretary.

Mr. Calhoun said the means employed by the administration to obtain control of the canal zone were "intolerable in law and infamous in morals." The original estimate for the canal was \$184,000,000, yet, he said, already \$78,500,000 has been spent and nothing accomplished. Still, he said, he would vote for the then pending canal appropriation bill.

DERBY FOR BEN HODDER.

Cypress Stakes at City Park Won by Luralighter.

NEW ORLEANS, Dec. 18.—Ben Hodder won the Preliminary Derby at the Fair grounds, and Luralighter took the Cypress stakes at City park. These fixtures served to attract big crowds at the tracks, and the racing, under more favorable conditions than have prevailed in the last few days, was spirited and interesting.

The Preliminary Derby was run as the fourth race at the Fair grounds. Eleven horses faced the starter, and the field was a fairly good one, as the stake was worth \$2,150 to the winner. The distance was six furlongs. New-Orleans' Ben Hodder, quite as well backed, at 4 to 1. The start was fair, and Delmore went out to make the running. He showed the way to the stretch, where Dickson brought Ben Hodder up with a rush and won going away by two lengths. James Reddick, at 7 to 1, suffered from some interference in the early part, but closed strong in the last furlong and took the place from Delmore. Guiding Star ran a disappointing race.

J. P. Mayberry, a slight favorite over Lash, Bilson in the fifth race, got caught in a jam at the start and fell. Neither horse nor jockey was injured. Six favorites were beaten.

A half holiday crowd filled the grand stand at City park. Only two favorites finished first, and both were at odds on—Toscan in the third and Echoline in the fifth race. The Cypress stake was won easily by Luralighter, which went to the post at 4 to 1.

DE OBARRIO'S DENIAL

Former Minister Tells Where \$10,000,000 Went.

NO CONSPIRACY TO SEPARATE PANAMA

Rejection of Hay-Herran Treaty the Main Cause of Colombia's Losing Isthmian State—Money Used For Schools and Roads.

WASHINGTON, Dec. 18.—Nicanor A. De Obarrio, formerly minister of war and marine of the republic of Panama, in a statement issued here, has replied to remarks made in the senate by Mr. Calhoun of Texas, who declared that the \$10,000,000 paid by the United States to Panama "was no more nor less than a payment to the intrigants and conspirators there who organized in this city under the very shadow of the capitol."

Mr. Obarrio, after explaining that he was one of the eight persons who planned the separation of Panama from Colombia, says:

"According to the United States senate and the rejection of which by Colombia was the main cause of the separation of Panama, the United States agreed to pay to the republic of Colombia \$10,000,000 for certain privileges and according to the Hay-Bunau-Varilla treaty approved by the republic of Panama and by the United States senate the same sum was paid for securing even greater privileges.

"At the time this sum was paid the republic of Panama was a perfectly constituted nation recognized by all but two of the countries of the globe. The ten millions have been disposed of in this manner: Six million dollars invested in mortgages in New York real estate at an average of 4 per cent. per annum, \$1,000,000 for the establishment of a national bank, \$500,000 loaned to Panama bankers on call and \$500,000 employed in converting our silver coin to the new coinage of the republic of Panama and for depositing a sum sufficient to guarantee the parity of our silver with United States gold at the rate of two silver dollars for one gold dollar. The rest has been employed in building schoolhouses, roads, bridges and the thousand and one things that for years have been needed in our country.

"As to the statement that the separation of Panama was accomplished under the shadow of the capitol, most emphatically deny in my name and in that of my colleagues that any public man of this or any other country had anything to do with the revolution so successfully accomplished by us with the valuable aid of 90 to 95 per cent of the inhabitants of Panama."

AN ARMED REVOLT.

Sale of Pines Has Mutilated, Money and Men Prepared to Fight.

HAVANA, Dec. 18.—President Raynard of the Isle of Pines association in a letter says:

"The last mail from the United States brought additional guarantees of \$40,000 in cash and men and all the ammunition needed to defend our rights and uphold the American flag in this Isle. This makes over \$200,000 in cash, 6,000 men and all the munitions needed should we elect to use force in maintaining the rights of Americans on American territory."

Secretary of the Interior Freyre Andrade when shown the above letter apparently was undisturbed. He said the United States doubtless could be depended upon to prevent the embarkation of men and munitions of war for the Isle of Pines. Asked whether he regarded Mr. Raynard's letter as grounds for prosecution, the secretary said that it was a matter for the courts to decide, adding that the government would pay no attention to such statements.

Tots Left Alone With Shotgun.

BALLSTON, N. Y., Dec. 18.—While Annie, the eighteen-month-old child of Stephen Sabu of West Milton, and her three-year-old sister were playing alone in their house a shotgun standing in the corner toppled over and was discharged, the load of heavy shot completely tearing the head of the younger child. The mother had left the children alone in the house for a little while. When she returned Annie was dead, while the other child lay stunned by the explosion.
