ALL POLAND TO RISE

Leaven of Revolt Spreads Over Russian Empire.

TERROR NEAR NIJNI NOVGOROD.

Moscow Rebellion Crashed—Fighting and Bloodshed in Many Parts of Unhappy Country—Red Flag at Zlatoust.

LONDON, Dec. 30.—A dispatch from St. Petersburg says that at Zlatoust, a town of about 17,000 inhabitants, government of Oufa, in the Ural mountains, where a large government arms factory is situated, the workmen seem to be in complete possession of the town. They have seized the works, hoisted the red flag, have declared a republic, and all the authorities have been made captives and are threatened with instant death if troops are sent to Zlatoust.

At Samara, near Nijni Novgorod, also a large manufacturing town of 20,000 workmen rose and attempted to march on Nijni Novgorod, but were met by troops with artillery and were routed with the loss of several scores of men. Eventually the workmen were driven back to Samara, where they erected barricades which the artillery have been firing at for two days.

The workmen used bombs freely at Samara, which is now separated from Nijni Novgorod, but a rising is expected at the latter place, which has about 95,000 inhabitants.

At Piga the proclamation of a general strike was accompanied by an open effort on the part of the fighting organization to seize the city. Barricades sprang up in all the streets as if by magic, and fighting between the revolutionists and the gendarmes, troops and police has begun.

At Tamboff, central Russia, all the railroads have stopped running, and Vice Governor Bogdanovich, it is now confirmed, has been shot and seriously wounded.

The revolutionists are said to have also completed preparations for a general strike at Simferopol, south Russia, and throughout the Crimea.

The suppression of the insurrection at Moscow and the certainty that similar uprisings elsewhere will be crushed mark the collapse of the first attempt of the "reds" to overthrow the government arms and administer a defeat from which it is not believed in government circles the revolutionaries can quickly recover.

A dispatch from St. Petersburg says that the council of workmen's delegates at Krasnoyarsk, Siberia, are planning to seize the government installations. The governor, owing to lack of troops, is unable to check the revolutionaries, who are practically masters of the situation.

At Grodno a large number of military recruits have mutinied. It is proposed to proclaim a general armed revolt throughout Poland tomorrow.

The prisons at St. Petersburg are full of rebels. Martial law has been proclaimed at Breditchef, southwest Russia.

CACERES IN CONTROL.

Ex-President Morales Said to Be Near Jail.

WASHINGTON, Dec. 30.—Mr. Dawson, minister at Santo Domingo, cables that ex-President Morales is still fighting near Jaina with a small force and that the Jiministas are advancing from Monte Cristi against Santiago. Santo Domingo city is quiet, but apprehensive.

Senor Joubert, the Dominican minister, has received a dispatch from Senor Tejera, the minister of foreign affairs, in which the statement was made that the entire cabinet is in favor of the pending treaty, with the exception of the seventh article, which it is desired shall be amended so as to provide in case of assistance from this government in aiding in caring for the internal affairs of the republic it shall be asked for by the congress of Santo Domingo.

As the article now stands, unamended, the United States has the right to take such action as it deems proper at the request of the Dominican government. The Dominican congress, according to Senor Joubert's dispatch, stands ready to ratify the treaty in such amended form. These assurances were conveyed to the state department by the minister.

Peres, the deposed governor of Puerto Plata, has gone to Monte Cristi. This may mean that the storm center is at Monte Cristi, which has always been a revolutionary province. For more than a year after Morales became president Monte Cristi remained severed from the rest of the country. It was only last summer that the difficulties were adjusted. Many of the revolutionary leaders live at Monte Cristi, and a large number of the revolutions of the past few years have originated there.

Senor Joubert, the minister to the United States from Santo Domingo, called at the state department. He said that Caceres should be in Santo Domingo city by this time and that he had probably assumed control of the government.

Senor Joubert says he does not credit the report from Cape Haitien that Morales has won a battle in the northern part of Santo Domingo.

The gumbot Dubuque has sailed from Monte Cristi for Santo Domingo city.

HEIRESS ELOPED.
Miss Busch of St. Louis Ran Off With German Officer.

ST. LOUIS, Dec. 30.—"If you intend to be married come back to St. Louis. I have no objection to Mr. Scharrer as a son-in-law."

When the above telegram, sent by Adolphus Busch, the millionaire brewer of this city, to his daughter, was made public in connection with the announcement that Lieutenant Edward Scharrer of Stuttgart, Germany, will marry Miss Wilhelmina Busch on New Year's day society folk here learned for the first time that the young couple eloped on Wednesday night.

The lieutenant and his bride to be fled to Belleville, Ill., with the intention of being married there. To their dismay they found that it was impossible to secure a marriage license because of the lateness of the hour. Miss Busch then telegraphed her father and waited with fear and trembling for an answer. Parental forgiveness was flashed back in a hurry, and the happy young people made haste to return here.

FIVE FOUND GUILTY

Trade Union Officers and Hired Sluggers Convicted.

MAINTAINED A "WRECKING CREW"

Conspired to Terrorize Nonunion Men and Strike Breakers—Carlistrom's Death Threat—Prosecution Has Cost \$35,000.

CHICAGO, Dec. 30.—Five officers of the Carriage and Wagon Workers' union and two hired sluggers have been found guilty here of conspiracy, and all of them will be sent to the penitentiary unless they are granted new trials. The severest punishment was inflicted against Charles Gilbooley, leader of a gang of sluggers. He was sentenced to the penitentiary and fined \$2,000.

The other union men who were found guilty by the jury are Henry Newman, financial secretary of the Carriage and Wagon Workers' union; Charles Casey, secretary of the union; Edward Shields, recording secretary; Charles H. Deutsch, member of the executive board; John Heideu, member of the executive board, and Marcus Looney, a hired slugger. Frank Novak, another member of the executive board, was found not guilty.

The specific case in which the men were tried is one of many similar cases that have occurred in Chicago in the last few years. While Chris J. Carlistrom, a nonunion carriage worker, was returning home from a factory where a strike was in progress he was attacked by two men and severely injured. He died two weeks later of pneumonia, contracted, it is said, from exposure while lying on the frozen ground for several hours after he had been left unconscious by his assailants.

When the department store teamsters strike was under investigation as to picketing methods George Meller, a former president of the Carriage and Wagon Workers' union, turned state's evidence and told the state attorney of the inner workings of the union of which he had at one time been the leading spirit. During the disclosure Meller declared that the union maintained what he termed a "wrecking crew" of men to intimidate nonunion men who might desire to take the places of union strikers. He then cited the Carlistrom affair as an instance of the work of the "wrecking crew."

Indictments were secured against the officers of the union and the sluggers and efforts to secure a jury were begun. During the eleven weeks that it took to secure a jury 1,931 veniremen were examined, and the total expense of the case up to date has been \$35,000. Sentence will be imposed today by Judge Chetlain, who will determine the period of confinement.

ASK CLEMENCY FOR PATRICK.
Dr. Hamilton Requests Governor Migration to Save Convicted Lawyer.

ALBANY, N. Y., Dec. 30.—Governor Higgins announces that he has received a letter from Dr. Allen McLane Hamilton of New York city in which the well known alienist asked for executive clemency for Albert T. Patrick, the New York lawyer, who is now in Sing Sing awaiting execution for the alleged murder of William Marsh Rice, the aged millionaire.

"The grounds on which Dr. Hamilton has asked me to intercede," said Governor Higgins, "are, first, that he believes there is no proper evidence that Mr. Rice's death came from unnatural causes, and second, that no confidence should be placed in the testimony of Jones, the valet, on account of his conflicting stories."

Governor Higgins said he had received other letters from other people throughout the state who were interceding themselves in Patrick's behalf. One of these letters was from former Judge John F. Dillon of New York, who took the same grounds as Dr. Hamilton. No executive action has as yet been taken regarding the letters.

Charles T. Yerkes Dead.
NEW YORK, Dec. 30.—Charles T. Yerkes, the street railway magnate, died in his apartments at the Waldorf-Astoria here. At the death of Mr. Yerkes were Mrs. Charles T. Yerkes, his wife; Charles Edward Yerkes, a son, and his wife; Mrs. Charles Loomis Yerkes, a daughter; and Dr. Loomis Yerkes. Mrs. Yerkes was telephoned to that her husband was dying, and she hurried and went to the hotel and was present when he died. They had been estranged two years. Yerkes built the London subways and was a financier of note.

LOVE AND HARD CIDER.

Farm Hand, Crazed by Drink, Shot Miss Sutter Near Somerville, N. J.

SOMERVILLE, N. J., Dec. 30.—William Tanzer, a farm hand, who carried a jug of hard cider and a shotgun into the home of Mrs. Henrietta Sutter on the Watchung mountain and shot Mrs. Sutter's pretty eleven-year-old daughter, Lillian, was captured in the mountains by County Detective Totten and placed in the county jail here.

Mrs. Sutter, who is a widow, lives on her farm with her daughter and her eight-year-old son, Frank. The farm is situated in an isolated spot in the Watchung mountains. Tanzer was employed to do the work on the farm. Tanzer soon fell in love with Mrs. Sutter's daughter, Lillian, but as he was forty-five years old and Lillian was little more than a third that age his suit was discouraged.

Tanzer frequently attempted to drown his sorrow in a concoction of hard cider and wine, which he obtained at a roadside near the Sutter farm. He left the farm with a team to take a load of produce to a nearby town. When he returned later in the day he was crazed with drink. He entered the dining room with a gun which he placed on the table and cut open his face.

Both Mrs. Sutter and her daughter sprang to the defense of the boy, when Tanzer leveled his gun at them and ordered them from the house. Lillian fled through the front door, and as she was running away from the house Tanzer ordered her to stop. The girl kept on running and Tanzer fired at her in her legs and body, but she continued her flight until she reached the house of a neighbor, where she fell fainting to the floor.

Tanzer has been committed without bail to await the result of Miss Sutter's injuries.

Happy Jack, Odds On Favorite, a Failure at New Orleans Track.

NEW ORLEANS, Dec. 30.—The track at City park, though greatly dried out, was still somewhat lumpy and slow. Four out of seven favorites were beaten, but probably the defeat of Chanley, who blundered and lost his ride early in the steeplechase, and the failure of Happy Jack, the odds on favorite in the last race, hit the heavy investors harder than any of the other races. Summaries:

First Race.—Kulkerbocker, first; Steve Lane, second; Welsh, third.
Second Race.—Gus Heldorn, first; Belle Stroume, second; Kleinwood, third.
Third Race.—New Amsterdam, first; Golden Link, second; Lord Radnor, third.
Fourth Race.—Mint Boy, first; Mored, second; Grenade, third.
Fifth Race.—Ivanhoe, first; Beiden, second; Harry Stephens, third.
Sixth Race.—Bisque, first; The Don, second; Ben Heywood, third.
Seventh Race.—Chanley, first; Delcarina, second; Juba, third.

Flies Refused the Jump.
LOS ANGELES, Cal., Dec. 30.—Candler, at 11 to 5, won the handicap steeplechase at Ascot. Flies, the favorite, refused to take the fourth jump and ran out of the course. Dottie Weirhoff furnished the upset by winning the mile and a sixteenth affair. Two favorites and three second choices won.

Dorado Was a Surprise.
SAN FRANCISCO, Dec. 30.—E. J. Baldwin's Dorado, which opened at 200 to 1 and went to the post at 100 to 1, surprised the bettors at Ingleside by beating Nigrette and Dargin and winning the Joe Hooker handicap, at six and a half furlongs. Nigrette, the favorite, pulled up lame.

Holloway and Formaster.
NEW ORLEANS, Dec. 30.—Holloway and Formaster were the successful favorites at the fair grounds. Viperine showed great improvement and escaped interference in her race. Stoner Hill enjoyed the same good fortune.

SHOT FATHER-IN-LAW

Dr. J. W. Simpson, New York Dentist, Held For Murder.

ACCIDENT, SAYS THE PRISONER.

Widow Testified That Accused "Wished the Old Man Was Dead."

NORTHPORT, N. Y., Dec. 30.—Dr. J. W. Simpson, the New York dentist, with offices opposite the Waldorf-Astoria, has been arrested on the charge of murdering his father-in-law, Bartley T. Horner. He was taken to the prison at Riverhead to await the action of the grand jury.

At the inquest, which was held by Coroner William D. Gibson, the coroner said:

"There are two bullet holes in the man's body. They are about six inches apart. They could not have been inflicted by the discharge of two barrels simultaneously."

According to the story told by Simpson, he was in the parlor with his father-in-law and was sitting in a chair with the gun in his lap. Mr. Horner sat opposite reading. Suddenly the gun was discharged, the contents striking Horner, and he died in a few hours.

Mrs. Horner, the widow, told the coroner the circumstances leading up to the tragedy. She told her story in a remarkably calm manner.

"Dr. Simpson," she declared, "said in my hearing at the supper table Wednesday evening, the night of the shooting, that he wished the 'old man' meaning my husband, was dead."

"He said this after the subject of my husband making a new will had been broached."

Mrs. Horner then told exactly what happened after supper.

"Mr. Horner said he was going to sleep downstairs so as not to disturb the family. He went into the kitchen to get a drink about 9:30 o'clock and was talking with a servant."

"A few minutes afterward Dr. Simpson entered the kitchen. He had a gun with him. The servant meantime had come into an adjoining room with me. 'He said to my husband, 'I will clean this gun.' Shortly afterward we heard the report. Indeed, it was only a few moments after he made the remark about cleaning the gun that the tragedy occurred."
