## NEW HAVEN TRAGEDY

### O. A. Edwards Mysteriously Shot at Relative's Home.

#### NEW YORK BROKER FOUND DYING.

Police Theory is That Man Was Murdered—Hear Door Found Unlocked. Was a Descendant of Jonathan Edwards.

NEW HAVEN, Conn., Jan. 4.—With a bullet hole behind the left ear, which extended through the head, Charles A. Edwards, 550 Park avenue, New York, was found in his bed at the home of his brother-in-law, Charles H. Hiller, here between 8 and 9 o'clock in the morning by Mr. Hiller.

Mr. Edwards was alive when found, but unconscious, and died shortly after a physician arrived.

The case looks like a murder, and a very mysterious one. Mr. Edwards had come from New York to attend the birthday celebration of Mrs. Harris, a sister of ex-President Dwight D. Eisenhower, and had been the guest of his brother-in-law overnight. He retired about 11 o'clock, and when Mr. Hiller went to his room he found him unconscious. Thinking it apoplexy, he called Dr. Metcalf and on returning to the house discovered the bullet wound in the head.

No weapon could be found nor any other piece of evidence that would lead to a solution of the case.

The theory of suicide was at once dispelled and a search for outside evidence started. Detectives Ward and Daley were unable to find the slightest clue.

Mr. Hiller in response to inquiries stated that when Mr. Edwards had arrived at his residence he was in the most cheerful spirits. He had been to dinner with one of the prominent families of the city and had thoroughly enjoyed himself. After reading the evening papers he had retired.

Owing to the social strain Mr. Edwards had been under Mr. Hiller had refrained from arousing him until late.

The neighbors knew nothing of the affair, and the police appear absolutely at the end of their wits in the case.

Mr. Edwards was a graduate of the class of '06, Yale, and was formerly a high official in the General Chemical company, New York. He is also prominently connected with many of the leading families of New Haven.

His business affairs as well as his home life were of the best and therefore further discredit any supposition of suicide.

The police say that there has been a murder. They found that the house had not been broken into forcibly, but an unlocked kitchen door, which the house servants claimed was securely fastened during the night, gave a possible clue that some one had passed out of the house by that means.

The coroner's inquest in the case was finished shortly before 11 o'clock, but no arrests were made. Charles A. Hiller and A. Maxey Hiller were the only witnesses.

Mr. Edwards was about sixty years old and a descendant of Jonathan Edwards, one of the early presidents of Yale, and was related to many families of distinguished ancestry. He was graduated from Yale in the academic class of 1866 and was an extremely popular member of the class. Charles Edwards, as he was known throughout Yale in those days, was one of the fathers of baseball at that college.

Attorneys Get Tucker Stickpin.

BOSTON, Jan. 4.—The attorneys for Charles L. Tucker, the Abundant youth who was convicted nearly a year ago for the murder of Mabel Page at Weston on March 31, 1904, have scored a point in their attempt to secure a new trial on the ground of newly discovered evidence. In response to a request made by Tucker's counsel Judge Edgar L. Sherman, who presided at the trial, ordered that a stickpin of Canadian design which figured prominently in the evidence be given into the custody of the defendant's lawyers.

Case of Shanghai Rioting.

SHANGHAI, China, Jan. 4.—The recent serious rioting here arose out of Chinese dissatisfaction with the action of the British assessor in imprisoning some Chinese women and children pending a hearing for kidnaping before a mixed court. Two women and three men were arrested charged with kidnaping fifteen young girls from Shechuen, and when the case was remanded to the British assessor ordered the young girls to be taken to a society, the Door of Hope, pending the trial. The riot followed.

McCall's Resignation Accepted.

NEW YORK, Jan. 4.—The board of trustees of the New York Life insurance company accepted the resignation of John A. McCall, who had been president of the company for fourteen years. Alexander E. Orr was elected as president at a salary of \$50,000 a year. He is expected to serve until April 1, when McCall's term of office would have expired. A permanent president is likely to be elected at that time.

Tornado in Georgia.

ALBANY, Ga., Jan. 4.—A severe tornado passed over the western portion of the city, destroying the acid chamber of the Virginia-Carolina Chemical company and many other buildings. One man was killed and scores have been more or less seriously injured.

King Alfonso Fell.

MADRID, Jan. 4.—King Alfonso fell with his horse as he was leaving the palace to attend a review. His majesty was not seriously injured.

## FIGHTING AT PUERTO PLATA.

### Troops Under Rival Presidents of Santo Domingo in Hot Combat.

CAPE HAITIEN, Haiti, Jan. 4.—Advices received from Puerto Plata, on the northern coast of Santo Domingo, say that the troops of the fugitive President Morales, under the command of General Demetrio Rodriguez, attacked Puerto Plata at 10 o'clock in the morning. The fighting, which was severe, lasted until 5 o'clock at night, when the besieging force retired.

General Rodriguez fought his way into town and then retired. Not less than twenty-five were killed and many wounded. General Capriles is holding the fort. He is still fighting.

The forces of General Rodriguez, which are massed outside of Puerto Plata, were, when these advices were forwarded, preparing for another attack on the place.

A portion of the population of Puerto Plata, which numbers 4,500, has declared in favor of Morales, and street fighting has occurred, the supporters of Morales shooting from the windows of their houses at the troops of General Capriles, the temporary president of Santo Domingo. The troops were experiencing difficulty in defending themselves, as they were unable to locate the persons firing on them.

A messenger who arrived from Monte Cristi brought the news that General Demetrio Rodriguez has announced that if his attack on Puerto Plata is successful he will proclaim himself a candidate for the presidency of Santo Domingo.

DUMB FROM FRIGHT.

Eyewitness to Northport Tragedy Near Death.

NEW YORK, Jan. 4.—According to local physicians, Frank Wisniewski, the Polish stable boy who saw Dr. James W. Simpson shoot his father-in-law, Bartley T. Horner, and who has been in a trance for nearly twelve hours, is "scared almost to death." This is one of the rare instances in medical history where a victim of fright comes literally so near death that such a phrase can truthfully be applied to him. It is doubted if Wisniewski will be able to testify at the Northport hearing.

The most important testimony yet given was obtained by District Attorney Furman from Henry C. King, a neighbor of the Horners. King testified on the stand that when Horner was dying Simpson leaped over him, whereupon the old man pushed him away with all his remaining strength and tried hard to speak, but could not utter a word.

Mr. King also testified that after he ran out of his house into the Horner yard, when Dr. Simpson called him, the doctor exclaimed:

"I've shot Mr. Horner! Come right over!"

"I ran into the house," the witness continued, "and saw Mr. Horner lying on the sofa in the dining room. His wife and Mr. Horner were very much excited. Mrs. Horner was sitting on the sofa, holding her husband's hand. Dr. Simpson came into the room, and Mrs. Horner looked up at him and said: 'May God forgive you, Jim!'"

"FAUST" WITHOUT A CHORUS.

Metropolitan Opera House Singers Are on Strike.

NEW YORK, Jan. 4.—Goodnight "Faust" was sung at the Metropolitan Opera House last night without a chorus, the result of a strike of the recently organized chorus union.

The union demanded that salaries be raised nearly 50 per cent. Director Heinrich Conried met the representatives of the union and told them that if the members of the chorus would come to him as individuals he would use his best efforts to better their condition, but would refuse to treat with them as members of a labor union.

Last night when the usual hour for reporting came none of the chorus put in an appearance. The opening of the opera was delayed, and the members of the ballet were grouped on the stage to make the scenes as effective as possible under the circumstances.

Mr. Conried appeared and addressed the audience, telling briefly of his dealing with the chorus union's representatives and stating that a new chorus would be organized as speedily as possible, no performance being omitted in the meantime. Mr. Conried told the members of the chorus that no one who went on strike in violation of an individual contract would be re-engaged for a Metropolitan chorus. The chorus numbered about 150 persons.

"What is the Monroe Doctrine?"

WASHINGTON, Jan. 4.—The vicissitudes of the president's foreign policy have so aroused his critics on both sides of the senate that the academic proposition, "What is the Monroe doctrine?" is to be set forth distinctly and discussed. Senator Rayner has framed a resolution expressing the sense that the doctrine remains now what its author seventy-five years ago intended it should be. There is no serious expectation that such a resolution will be adopted.

Asks Higgins to Respite Patrick.

ALBANY, N. Y., Jan. 4.—Governor Higgins has been requested to grant a respite to Albert T. Patrick, who is under sentence to be executed during the week of Jan. 22 for the murder of the aged millionaire, William M. Rice of New York city. Governor Higgins has not yet decided what he will do.

Springfield Church Burned.

SPRINGFIELD, Mass., Jan. 4.—The Highland Baptist church, in State street, was burned here last night, and a stable adjoining was destroyed. Three firemen were pinned in the blazing church, but were rescued by their comrades.

## WANTS DEPEW OUT

### Senator Brackett Offers Unique Resolution at Albany.

#### WADSWORTH WAS ELECTED SPEAKER

Palmer and Long Beaten by Republican Caucus Nominee—The Vote Was on Strict Party Lines.

ALBANY, N. Y., Jan. 4.—Senator Brackett (Conservative) soon after the legislative session convened introduced a resolution demanding of Chauncey M. Depew his resignation as United States senator from this state. The resolution in full is as follows:

"Since the adjournment of this senate the people of the state and nation have been staggered by the relations shown to have existed for years between the Equitable Life Assurance society and Chauncey M. Depew, one of the senators of the state in the United States congress.

"Recognizing that these disclosures have caused a total lack of confidence in the ability of the senator named to properly represent the people in the body to which he was elected.

"Resolved by the senate, That Chauncey M. Depew be and he hereby is requested to forthwith resign his seat in the United States senate."

Senator Brackett's resolution requesting the resignation of United States Senator Chauncey M. Depew on the ground of the disclosures of his connection with the Equitable Life Assurance society ended in Senator Brackett's withdrawal of the resolution for the time being.

With galleries of both the senate and the assembly packed by friends of members and the officials of Albany the legislature of the state of New York for the year 1906 was called to order.

In the senate there was little to be done. John M. Quinn, the sole new member of that body, was sworn in, and the routine of business was begun by the reception of the governor's message and Senator Brackett's bill calling for the resignation of Senator Depew.

Archie Baxter, clerk of the assembly, called the lower house to order, and the election of speaker was proceeded to at once. There was no evidence of the strife which stirred up the Republican caucus when ex-Governor Odell was beaten and Governor Higgins' candidate was nominated.

On the surface all was calm. A few words of eulogy were spoken as Mr. Wadsworth, the caucus nominee, was named by the Republicans. Mr. Palmer (Scholar) was placed in nomination by the Democrats, and the Municipal Ownership league nominated Mr. Long (New York) as its candidate.

The vote was strictly on party lines. Mr. Wadsworth was declared the speaker.

Speaker Wadsworth in taking the chair spoke as follows:

"I accept the office of speaker of this house with a full appreciation of the grave responsibilities which it carries.

"Speaker Nixon by reason of his exceptional ability and absolute fairness commanded the respect, confidence and personal affection of all the members regardless of party affiliations during the seven years of his lucid and marvelous ability as a presiding officer, but I do not hope to equal his fairness of spirit, and without begging charity at your hands I want you to know that if I do err it will be an error of judgment rather than intent."

A report having gained currency that Senator Brackett's action in some way represented the wishes of President Roosevelt, Senator Brackett requests members of the press to contradict the rumor.

Senator Grady has introduced a proposed amendment to the state constitution forbidding the legislature "to pass any special or local bill affecting the local or municipal government of a city or incorporated village, nor shall the legislature provide for the filling of any municipal office now existing or hereafter to be created other than by popular election or by appointment by the mayor or other elected municipal officer."

Depew Will Not Resign.

NEW YORK, Jan. 4.—"I have no intention whatever of resigning from the United States senate," said Senator Chauncey M. Depew when interviewed in regard to Senator Brackett's resolution. "Why should I resign? I intend now to do my real work in the senate. Have you ever had any one to give any reason why I should resign? I leave today for Washington to be present at the opening of the senate and will remain there permanently during the session, only perhaps to run into New York once a week or so."

SPEAKER WADSWORTH

## BOYCOTTED KOVACS.

### New Prefect of Debreczen Forced at Once to Resign.

VIENNA, Jan. 4.—The disturbances at Debreczen, Hungary, 116 miles east of Budapest, on the arrival of the new prefect, M. Kovacs, were fully prearranged. The prefect only succeeded in ending the disorders and the continued assault on himself by signing his resignation, which was read to the crowd by a committee of citizens.

The streets of Debreczen were placarded with a lengthy notice, part of which reads as follows:

"We count upon you, citizens of Debreczen, to show today, as in the past, that Debreczen is the cradle of Hungarian liberty. No citizen of Debreczen shall serve this mercenary of a constitution breaking administration. No coachman shall drive him, no hotel keeper serve him, no merchant sell to him. His money is the wage of a Judas. None shall give him a bite to eat or a drop to drink, and he shall hunger and thirst like the beast of the desert. No house shall open its door to him. He shall find no place whereon to lay his head. He shall be banished from the society of men. Nobody shall return his greeting or answer his questionings. If he lose his way, no one shall set him straight. He must be driven out from these holy walls of patriotic liberty and with him all those who help him. This for your information, citizens of Debreczen. Act accordingly."

The animosity of the people of Debreczen against the prefect is entirely impersonal and arises solely from the fact that he is an appointee of the crown.

In the revolution of 1848 Debreczen was the center of Hungarian liberty. There Kossuth proclaimed Hungarian independence in 1849, and the town of deposed Francis Joseph as king.

SOON TO FLY.

Inventor of Telephone Says Aerial Navigation is Assured.

WASHINGTON, Jan. 4.—That man will soon be able to fly like an eagle is the wonderful assertion made by Professor Alexander Graham Bell, who has just returned from successful aerial navigation experiments in Nova Scotia, where he succeeded in lifting a 185 pound man thirty-five feet above the ground with a kiteship apparatus. Successful aerial navigation by man, he declared, may come in a few months or a few years, but is assured.

"Man will be able in due time," he said, "to soar much after the manner of the eagle, which utilizes the energy of the wind against which it flies for its own propulsion without using its muscles other than directly."

Professor Bell expects that airships propelled by engines will come first, but later men will soar after the manner of the eagle. He points out that his own kites in some cases sailed against the wind, then circled around and a second time rose against the current.

ROUND DANCE AT NEW ORLEANS

Benington Filly Easily Defeated Helen Lucas.

NEW ORLEANS, Jan. 4.—Newton Benington uncovered another good two-year-old, the filly Round Dance, at the fair grounds. She was easily the best of the youngsters which went to the post in the third race. She broke readily, disposed easily of her only rival, Helen Lucas, and won as she pleased. Paul Clifford and Lieber were the other winning favorites. Summaries:

First Race—Sea Voyage, first; Baywood, second; Mary Prim, third.

Second Race—Paul Clifford, first; Investor, second; Whorler, third.

Third Race—Round Dance, first; Helen Lucas, second; Mamie K, third.

Fourth Race—Lieber, first; Captain Bob, second; Torchello, third.

Fifth Race—Deuxcents first; Chauncey Olcott, second; Biller Hand, third.

Sixth Race—Sincerity Belle, first; Dolinda, second; Henry O, third.

Hard on Football.

MARIENNETTE, Wis., Jan. 4.—The Mariennette school board abolished football from Mariennette schools. A resolution was passed declaring that inter-scholastic football is dangerous to life and limb and not conducive to moral uplifting of members of the team; but on the contrary its tendency is to promote lying, cheating, betting, treating and consequent drunkenness.

Signal Light at City Park Track.

NEW ORLEANS, Jan. 4.—The heavy rainfall made the going at City park deep and sloppy. Five out of the six favorites won, while Signal Light the only nonfavorite winner, was hocked from 20 down to 8.

Stole Dead Woman's Property.

ALBANY, N. Y., Jan. 4.—The sum of \$357 and two gold rings, the property of Mrs. Wilber Cramp Hammond, whose decomposing body was found in a trunk in her home in this city and whose husband, John C. Hammond, is missing, were stolen in a burglary of the office of Newton W. Thompson, Mrs. Hammond's attorney.

Murderer's Will Probated.

ALBANY, N. Y., Jan. 4.—Surrigite Van Devere was admitted to probate the will of Frederick S. Harlow, who murdered his wife and their pet dog and then killed himself at their boarding house in this city about two weeks ago. His estate, valued at about \$300, goes to his two brothers.

Alexander and Hyde Out of It.

NEWARK, N. J., Jan. 4.—The resignations of James W. Alexander and James Hayes Hyde from the directorate of the Fidelity Trust company and the Union National bank of Newark have been accepted.

## OH, ROJESTVENSKY!

### Russian Admiral's Remarkable Report to Czar.

#### BRITISH FLEET WAS TO AID TOGO

Minister of Marine Permits Publication of Report of Battle of Sea of Japan That Causes a Sensation.

ST. PETERSBURG, Jan. 4.—The remarkable report that the British fleet was held in readiness to destroy the Russian fleet if the battle of the Sea of Japan had gone in the Russian favor is made by Admiral Rojestvensky in a report published here with the permission of the minister of marine.

Referring to the absolute secrecy of Admiral Togo in regard to the disposition of his forces, Rojestvensky declares that "this was not known even to the admiral of the British fleet allied with the Japanese, who concentrated his forces at Weihaiwei in expectation of receiving an order to annihilate the Russian fleet if this, the final object of Great Britain, was beyond the power of the Japanese."

He declares he knew Admiral Togo's exact whereabouts two days before the battle, made his dispositions accordingly and entered the fight with his eyes open. The admiral only casually states in the course of his report that the minister of marine is investigating the causes of the catastrophe in order to determine whether the commander shall be court-martialed for the loss of the fleet.

The charge that the British admiral concentrated his ships at Weihaiwei, expecting to receive an order to destroy the Russians under Rojestvensky in the event of Admiral Togo proving unequal to the task, has aroused a considerable sensation in diplomatic circles here, and no doubt is entertained that it will be made the subject of diplomatic representations to Great Britain.

The government is putting on the screws tighter and tighter. War Minister Rudiger has issued an order absolutely prohibiting officers, privates and employees of the ministry of war from participating in any fashion in political societies or attending their meetings and prescribing heavy punishments, which will be inflicted without trial.

The use of the telephone between St. Petersburg, Moscow and other points, which has been employed in communications between the revolutionists, has been prohibited to private individuals except by permission of the authorities.

The numbers of arrests are increasing daily, and the prisons are crowded with rebel prisoners.

A private dispatch from Ufa says that the governor has been shot and severely wounded. His assailant was arrested.

Germany Prepares For War.

BERLIN, Jan. 4.—The railway administration placed orders last week for 20,000 freight cars, at a cost of \$2,000,000, stipulating delivery by the middle of February, besides utilizing the car works of Germany. These contracts were distributed among makers in Belgium, Holland, Switzerland and Italy, which would not have been done unless some reasons for haste existed. Inquiries made regarding the reasons for urgency resulted in obtaining the statement that the ordering of the cars was a precautionary measure, the general staff desiring to be ready to move troops, if necessary, by the 1st of March. This is only a proper measure of prudence, it is affirmed, in view of the extensive military rearrangements going on in France, which, among other dispositions, include the movement toward the German frontier of six regiments of artillery, or 180 guns.

Bonaparte Will Attend.

WASHINGTON, Jan. 4.—Secretary Bonaparte has decided to attend the ceremonies at Charleston, S. C., next week incident to the presentation by the residents of that city of a silver service to the new armored cruiser Charleston, now at Norfolk. The celebration will cover three days, beginning next Tuesday and ending Thursday evening. Secretary Bonaparte will make the trip from Norfolk on the cruiser Charleston.

The Liquor War at Boston.

BOSTON, Jan. 4.—Two Boston hotels acceded to the view of District Attorney John B. Moran, who had held their liquor licenses void on account of violations of the "screen law" and were granted new licenses by the board of police, but a third, the Hotel Essex, resumed the sale of liquor after having closed its bar for a week. Action will be taken against it.

Murderer Saved by Police.

JERSEY CITY, N. J., Jan. 4.—Mrs. Marie Arcangelo Dolta, twenty-three years old, was shot and killed by her brother-in-law, Joseph Vanea, at her home here. Vanea was captured by a crowd of pursuers after a long run and was saved from violence at their hands by the police. He said that he shot his sister-in-law because she refused to let him make his home in her house.

His Body Under the Ice.

LITCHFIELD, Conn., Jan. 4.—Robert Lyman of Torrington was drowned in Bantam lake while walking across the ice, and his body was swept under the ice by the strong current. The body has not been recovered, and it is feared that it may not be found until the ice breaks up in the spring. Lyman was one of the best known baseball players in the state.
